The meeting minutes for February 17, 2026, BCTLC Meeting were approved as issued.

6. Old Business

A. Boulevard/Community Center/Parking Lot/Back Gate

(1) Matrix Report (Attachment 2)

- Artis Tree agreed that we would miss one or two cuttings for the month of March but assured us it would be made up during the year and we would have 42 cuts for the year per the contract.
- To date only the palms have been fertilized. The remainder of the trees will be done with the shrubs. Artis Tree does not do anything special for the oak trees.
- Insecticide for the shrubs, turf, weed control and fire ant control are all done together in one application and is up to date with the matrix.
- Lengthy discussion on how to recover from the significant frost damage that has occurred, it was noted that the copper leaf are coming back but will take a long time, crotons can be cut back, the challenging issues is the ixora, many of these plants were severely damaged, they will not fill out and replace the dead spots, a possible option is to cut them all the way back or replace

them. A strategy needs to be developed; there are most likely hundreds of plants involved.

Artis Tree noted that removing dead plants on this scale goes beyond the intent of the contract.

- It is time to put in 250 4in annuals. Artis Tree felt they would be available during the next reporting period. BCTLC ordered an additional 100 annuals to be placed at the back gate.
- Artis Tree will increase surveillance for fire ants.

(2) Bobcat Trail Aquatics and Landscape Report

Rizzetta & Company Spencer Gonzales -Landscape Specialist Dated February 19, 2026. (Attachment 3)

- Items one and two of the report deal with the poor condition of the turf especially on the hospital end of Bobcat Village Center Drive. Artis Tree believes that the bad spots, do not have St Augustine grass, the turf is mostly weeds and other varieties of plants which die or do poorly during dry conditions. To fix the turf problem will require the installation of sod. Sod

is very costly. A strategic plan with funding will have to be developed to address this issue.

- Item 3, the Pigmy Palm in question has been treated and fed, it still seems to be stressed, will likely be removed in the future.
- Item 4, the Indian Hawthorne has an untreatable fungus.
- Item 5, the Jatropha had just been trimmed and were not dead or dying, poor timing for photograph and the comment.
- Item 6, see response to item' s 1 and 2.
- Item 7 is complete.
- Item 8 progress is being made.
- Item 9 will monitor.
- Item 10,11 and 12, work in progress will be monitored.
- Item 13 same solution as item 1.
- Item 14, Artis Tree will take care of it.
- Item 15, crotons damaged during frost, will monitor but doubtful they will come back.
- Item 16, stakes removed from Shady Lady.
- Item 17 turf seems to be improving and will keep monitoring it.

- Item 18, should improve with time, and will continue to monitor.
- As a general comment Artis Tree explained that it is their policy not to pick up oak leaves but to mulch them up with the mowers and work them into the turf and soil.
- The Agave Plant at the main entrance on the commercial side appears to have been damaged by the frost. Per Artis Tree our only course of action is to take care of it and hope it recovers; we should not cut it pack or take off the brown leaves.

(3) Street Monuments

- No new status reported on the street monuments.

(4) Commercial/Woodhaven/Toledo Blade/Under the Trees (See Attachment 4)

(5) Holiday Decorations

- Still waiting on quote from fourth vender.
- BCTLIC is focusing on Beachy as the most viable supplier of holiday decorations.

- It was collectively agreed that visual displays and descriptions of the decorations would help in the decision, making process.
- It was agreed that a Representative of the Beachy Holiday Decoration Company should attend the next BCTLC meeting.

B. Miscellaneous

- New well positioned significantly deeper than previous.
- Pump motor increased in size.

- (2) Money will be for the Landscape Reserves.

8. Shoval Ready Projects

A. Street Monuments

- Question raised as to the right of access to the areas behind the Street Monuments.
- Concern that some residents may object to the BCTLIC project to improve and standardize the landscaping behind the monuments.
- Research to try to define ownership, and right of access to areas in question (See Attachment 5) was inconclusive.
