#### SCOPE OF WORK:

INSTALL CHECK - IT BRIDGE FOR CMS MONITORING OF CAMERA .

#### **INCLUDED MATERIALS:**

1- CHECK-IT BRIDGE / CONNECTION AND PROGRAMMING FOR MONITORING .

#### **INCLUSIONS:**

• Quoted price will include materials specified, normal freight for all materials, filed notice to owner, equipment submittals, wire and device installation, final check-out and certification, one staff training session on the systems' operation.

#### **CONSIDERATIONS & EXCLUSIONS:**

• All work described in this proposal is to be performed during normal business hours unless otherwise noted.

· Customer agrees to provide uninterrupted and unhindered access to all necessary work areas during normal business hours. Any hindrance of ECS Integrations (ECSI) technicians will result in additional labor charges of \$85/man hour.

• ECSI is not responsible for any changes the Authority Having Jurisdiction (AHJ) or customer may deem necessary. Any alteration or deviation from the original scope involving additional costs will be executed only upon written orders. Work, including closing of the permit, will be halted until the authorization for the change order is received in writing. ECSI will accept payments with a credit card. These are subject to a 4% processing fee.

· Permit documents and fees are not included as specified above. Tax is excluded.

• This proposal does NOT include repairing any pre-existing troubles that may be present, including those troubles that may not be detected until proposed work is complete. (Such trouble issues may arise from any field device, field wiring, module, panel or system connected to the panel)

• This proposal does NOT cover ancillary device connections, overtime, lifts, patching, fire caulking existing penetrations, painting, phone lines, damage by others, or additional inspections required by AHJ.

• The customer is responsible for providing all connections to high voltage system components, and all conduit of the correct size to accommodate ECSI wire fills (with pull string installed).

• Unless instructed by writing prior to commencement of work, all parts removed from jobsite will be discarded without notice.

ECS INTEGRATIONS- rev 2021-10-11

#### **TERMS & CONDITIONS:**

 Required Approval: This Contract shall not be binding upon ECSI until signed by an officer of ECSI. In the event this Contract is not approved by said officer of ECSI, ECSI's liability shall be limited to refunding Subscriber the amount paid, if any, upon signing this Contract.

2. Warranty:

A. Standard Warranty. ECSI guarantees all material to be as specified. All work shall be completed in a workmanlike manner according to standard industry practices. Materials & labor are warranted for 90 days from date of installation or for the term of the selected Extended Service Plan if Subscriber elects to participate in such plan. There is no labor and material warranty on any customer provided equipment.

B. Extended Warranty. Applicable only if specified on face of this contract and is contingent upon ECSI being contracted to provide Central Station Monitoring Services and perform all of the NFPA mandated tests and inspections of the installed fire protection systems'.

C. All Warranty obligations exclude pre-existing to remain components, batteries, acts of God, fire, theft, vandalism, or tampering by unauthorized personnel. All warranty's are void if any party not authorized by ECSI performs work on any item installed by ECSI.

3. Hours of Service. All work required by this Contract shall be performed between 8:00 a.m. and 4:30 p.m. on normal business days, except in the case of emergency. Service calls received after 3:30 p.m. are subject to after-hour rates.

4. Subscriber Responsibilities:

A. Subscriber agrees not to tamper with, remove, or otherwise interfere with the communication software and agrees to furnish, at Subscriber's expense, all 110 volt AC power, electrical outlets, receptacles, and telephone hook-ups as deemed necessary by ECSI for connection of the equipment.

B. Subscriber must visually inspect system components periodically and, if a problem is discovered, notify ECSI immediately. When ECSI alerts Subscriber of any issue with the system that requires correction, Subscriber assumes full responsibility for taking action to resolve the reported issue.

C. Subscriber must inform ECSI, in writing, of any change in fire rating bureau or agency. Subscriber must also inform ECSI, in writing, of any change in the list of people that ECSI is to call in the event of alarm activation. ECSI is not responsible for any errors, omissions, or failure to update such list by Subscriber.

#### 5. Default:

Event of Default. Subscriber shall be in default of this Contract if Subscriber: (a) fails to pay any installation charge, (b) fails to pay any monitoring or service charge, (c) willfully or negligently causes repeated false alarms, (d) cancels this Contract without cause before the end of its term, or (e) fails to perform any other obligations under this Contract.

B. ECSI's Remedy Upon Default.

i. Terminate Contract. If Subscriber defaults, ECSI may terminate this Contract ten (10) days after written notice of default if Subscriber has not cleared the default by that date.

ii. Damages. If Subscriber defaults, Subscriber shall pay ECSI any money due for any product or services provided prior to default. Additionally, Subscriber shall pay an amount equal to 60% of the remaining monitoring and or Extended Service Plan fees, plus any other damages to which ECSI may be entitled under applicable law.

iii. Costs. In the event either Party resorts to legal action to enforce the terms and provisions of this Agreement, or as a result of any breach under this Agreement, the prevailing Party shall be entitled to recover the costs of such action so incurred, including, without limitation, reasonable attorneys' fees, arbitration fees, prejudgment interest, and any other reasonable and related expenses of collection.

6. Changes: Any alteration or deviation from the specified work involving extra costs, will be executed only upon written orders, and will become an extra charge. The cost of any changes to the scope of work described herein made at the request of or made necessary or required by Subscriber's action, or which may be required by any governmental agency or insurance interest or inspection and rating bureaus are to be borne solely by Subscriber. SUBSCRIBER ACKNOWLEDGES THAT SUBSCRIBER HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM ECSI AT AN ADDITIONAL COST TO SUBSCRIBER. All risk of loss or damage to the system shall be borne exclusively by Subscriber. 7. External Services: Any fines levied by a municipality or government agency regarding false alarms shall be the sole responsibility of the Subscriber. Additional fees levied by monitoring agency for any reason, including but not limited to those caused by runaway dialers, runner services, etc. shall be the sole responsibility of Subscriber. Such fees shall be added to the service charges or billed to Subscriber.

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the ECSI assume responsibility for any loss or damage sustained through burglary,

8. ECSI'S LIMITS OF LIABILITY:

A. Limitation of Damages. IT IS UNDERSTOOD AND AGREED THAT ECSI IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER.

#### ECS INTEGRATIONS - rev 2021-10-11

#### 8. A. Limitation of Damages (cont.)

А

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that ECSI assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of ECSI by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of ECSI, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penalty. In the event that Subscriber wishes ECSI to assume greater liability, Subscriber may obtain from ECSI a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of ECSI and the additional charges. However, any such additional obligation does not make ECSI an insurer.

B. Interruption of Service. ECSI shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including ECSI's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. ECSI does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss by burglary, hold-up, fire or otherwise; or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that ECSI has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose; nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of this Contract; that

ECSI is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof; and that Subscriber has read and understands all of this Contract, particularly paragraph eight (8) which sets forth ECSI's maximum liability in the event of any loss or damage to Subscriber or anyone else.

9. Third Party Indemnification: In the event any person, not a party to this contract, shall make any claim or file any lawsuit against ECSI for any reason relating to ECSI's duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly, Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages evoneses notes and attorney's face to the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims.

the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and attorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's insurance carriers may have against ECSI or any of its subcontractors, subject to the advice of Subscriber's counsel.

10. Assignment: ECSI shall have the right to assign this Contract without notice to Subscriber and shall have the further right to subcontract any services which it may perform. ECSI shall inform Subscriber when services are subcontracted and shall maintain current proof of subcontractor's state license, general insurance, and workers compensation coverage. Subscriber acknowledges that this Contract, and particularly those paragraphs relating to disclaimer of warranties, liquidated damages and third party indemnification, inure to the benefit of, and are applicable to any subcontractors employed by ECSI to provide monitoring, maintenance, installation or service of the system(s) and they bind Subscriber to said subcontractors with the same force and effect as they bind Subscriber to ECSI.

 Severability: In the event any of the terms or provisions of this Contract shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.
 Notices: All notices to be given hereunder shall be in writing and may be served either personally or

12. Notices: All notices to be given hereunder shall be in writing and may be served either personally or by mail, postage prepaid to the addresses set forth in the Contract or to any other from time to time in writing.

13. Binding Arbitration: This Contract is binding for ECSI, Subscriber, successors in interest, agents, employees, shareholders, officers, former employees, former officers, directors, subsidiaries, parent corporations, attorneys, and all other entities acting on the their behalf. Parties agree to submit to binding arbitration, conducted by the American Arbitration Association under the Construction Industry Arbitration Rules, any matters which cannot otherwise be resolved, and expressly waive any and all rights in law and equity to bringing any civil disagreement before a court of law, except that judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.

14. Entire Agreement: This Contract is intended by the parties as a final expression of their agreement and as a complete and exclusive statement of the terms. This Contract supersedes all prior representations, understandings or agreements of the parties. This Contract can only be modified in a writing signed by the parties. No waiver of a breach of any term or condition of this Contract shall be construed to be a waiver of any succeeding breach.

#### TERMS & CONDITIONS:

 Required Approval: This Contract shall not be binding upon Company until signed by an officer of Company. In the event this Contract is not approved by said officer of Company, Company's liability shall be limited to refunding Subscriber the amount paid, if any, upon signing this Contract.
 Warranty:

A. Company guarantees all material to be as specified. All work shall be completed in a workmanlike manner according to standard industry practices. Equipment installed in association with this agreement shall remain Company property and is therefore Company's responsibility to maintain and service.

B. Company reserves the right to charge Customer for any damage or loss associated with Subscriber negligence, vandalism, and/or tampering by any party not authorized by Company.

#### 3. Company Services:

A. Hours of Service. All work required by this Contract shall be performed between 8:00 a.m. and 4:30 p.m. on normal business days, except in the case of emergency. Service calls received after 3:30 p.m. are subject to after-hour rates.

B. Equipment Serviceability. When, in Company's judgment equipment cannot be maintained under this Contract, Company will, at its sole option, either withdraw from this Contract, or submit a cost estimate for new equipment. Charges for new equipment will be in addition to maintenance charges. The Subscriber may terminate this Contract if Subscriber does not wish to authorize such work, in which charges for a partial month's service shall be pro-rated on the basis of a thirty day month. Subscriber acknowledges that Company's obligation is solely to perform the services specified herein and Company is in no way obligated to ensure the operation of the system or to maintain or service Subscriber's property of others to which the system is connected.

#### 4. Subscriber Responsibilities:

A. Subscriber agrees not to tamper with, remove, or otherwise interfere with the communication software and agrees to furnish, at Subscriber's expense, all 110 volt AC power, electrical outlets, receptacles, internet, and telephone hook-ups as deemed necessary by Company for connection of the equipment.

B. Subscriber must visually inspect system components periodically and, if a problem is discovered, notify Company immediately. When Company alerts Subscriber of any issue with the system that requires correction, Subscriber assumes full responsibility for taking action to resolve the reported issue.
C. Subscriber must inform Company, in writing, of any change in fire rating bureau or agency.
Subscriber must also inform Company, in writing, of any change in the list of people that Company is to call in the event of alarm activation. Company is not responsible for any errors, omissions, or failure to update such list by Subscriber.

#### 5. Default:

A. Event of Default. Subscriber shall be in default of this Contract if Subscriber: (a) fails to pay any installation charge, (b) fails to pay any monitoring or service charge, (c) willfully or negligently causes repeated false alarms, (d) cancels this Contract without cause before the end of its term, or (e) fails to perform any other obligations under this Contract.

B. Company's Remedy Upon Default.

i. Terminate Contract. If Subscriber defaults, Company may terminate this Contract ten (10) days after written notice of default if Subscriber has not cleared the default by that date.

ii. Damages. If Subscriber defaults, Subscriber shall pay Company any money due for any product or services provided prior to default. Additionally, Subscriber shall pay an amount equal to 60% of the remaining monitoring and or Extended Service Plan fees, plus any other damages to which Company may be entitled under applicable law.

iii. Costs. In the event either Party resorts to legal action to enforce the terms and provisions of this Agreement, or as a result of any breach under this Agreement, the prevailing Party shall be entitled to recover the costs of such action so incurred, including, without limitation, reasonable attorneys' fees, arbitration fees, prejudgment interest, and any other reasonable and related expenses of collection.

6. Changes: Any alteration or deviation from the specified work involving extra costs, will be executed only upon written orders, and will become an extra charge. The cost of any changes to the scope of work described herein made at the request of or made necessary or required by Subscriber's action, or which may be required by subscriber. SUBSCRIBER ACKNOWLEDGES THAT SUBSCRIBER HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM COMPANY AT AN ADDITIONAL COST TO SUBSCRIBER. All risk of loss or damage to the system shall be borne exclusively by Subscriber.

7. Renewal: Monitoring Agreements shall renew annually after the initial Contract duration with no further writing. This Contract may be cancelled without penalty with a 30 day written notice from either party after initial Contract term expires or full payment for entire Contract term is received. All interim service calls and repairs will be billed on a time and materials basis at the Company's current rate schedule, unless otherwise state herein. Customer is responsible for canceling all other similar service vendor contracts.

8. Fee Increases: The rates set forth in this Contract do not include taxes. Taxes will not be applied if a current tax exempt certificate is provided by Subscriber. Company shall have the right, at any time during the term of this Contract, to increase the service charges to reflect any additional taxes, fees or charges relating to the services we provide under this Contract which may be imposed on Company by any utility or government agency and Subscriber agrees to pay the same. After one (1) year, rates are also subject to adjustment to a rate reflecting the annual percentage increase in the official U.S. Government Cost of Living Index to the nearest even dollar amount.

9. External Services: Any fines levied by a municipality or government agency regarding false alarms shall be the sole responsibility of the Subscriber. Additional fees levied by monitoring agency for any reason, including but not limited to those caused by runaway dialers, runner services, etc. shall be the sole responsibility of Subscriber. Such fees shall be added to the service charges or billed to Subscriber directly by the appropriate agency.

#### 10. COMPANY'S LIMITS OF LIABILITY:

A. Limitation of Damages. IT IS UNDERSTOOD AND AGREED THAT THE COMPANY IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER. The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the Company assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of the company by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of Company, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penally. In the event that Subscriber wishes Company to assume greater liability. Subscriber may obtain from Company a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of Company an insurer.

B. Interruption of Service. The Company shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including the Company's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. Company does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss byburglary, hold-up, fire or otherwise; or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that Company has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose; nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of fuis Contract; that Company is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof; and that Subscriber has read and understands all of this Contract, particularly paragraph ten (10) which sets forth Company's maximum liability in the event of any loss or damage to Subscriber or anyone else.

11. Third Party Indemnification: In the event any person, not a party to this Contract, shall make any claim or file any lawsuit against Company for any reason relating to Company s duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly. Subscriber agrees to indemnify, defend and hold Company harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and altorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's insurance carriers may have against the Company or any of its subcontractors, subject to the advice of Subscribe's coursel.

12. Assignment: Company shall have the right to assign this Contract without notice to Subscriber and shall have the further right to subcontract any services which it may perform. Company shall inform Subscriber when services are subcontracted and shall maintain current proof of subcontractor's state license, general insurance, and workers compensation coverage. Subscriber acknowledges that this Contract, and particularly those paragraphs relating to disclaimer of warranties, liguidated damages and third party indemnification, inure to the benefit of, and are applicable to any subcontractors employed by Company to provide monitoring, maintenance, installation or service of the system(s) and they bind Subscriber to said subcontractors with the same force and effect as they bind Subscriber to Company.

13. Severability: In the event any of the terms or provisions of this Contract shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.

14. Notices: All notices to be given hereunder shall be in writing and may be served viaany method of communication which generates delivery confirmation.

### Private Property Towing Agreement

#### Parties

(hereinafter referred to as "Management/Owner")(collectively referred to as the "Parties").

#### <u>General</u>

- Hereby, the Management/Owner exclusively appoints the Towing Service to patrol and remove unauthorized vehicles from the property/properties that are located
- The Towing Service hereby accepts such responsibility and agrees to service the property beforementioned.

#### <u>Term</u>

 This Agreement shall be effective on the date of signing this Agreement (hereinafter referred to as the "Effective Date") and will only end with a written notice 30 days prior to requested termination date.

#### The responsibilities of the Towing Service

- To patrol the property and remove any vehicle/vessel in violation of any provided bylaws or CDD regulations in place.
- To tow any other vehicles/vessels at the specific direction of Management/Owner.

#### Towing Service Liability

- Hereby, the Management/Owner agrees to hold the Towing Service harmless for claims and/or lawsuits resulting from any non-towing related claim.

#### Succession

- This agreement is binding on the Towing Service and the Management/Owner as well as their successors.

#### Governing Law

- This Agreement shall be governed by and construed in accordance with the laws of Florida.

#### Amendments

- The Parties agree that any amendments made to this Agreement must be in writing and they must be signed by both Parties to this Agreement.
- As such, any amendments made by the Parties will be applied to this Agreement.

#### Community/Property Rule Changes, Amendments, & Exemptions

- Management/Owners agree to notify Towing Service of changes to any and all bylaws or regulations pertaining to the listed property within 24 hours of effective change.
- Management/Owners agree to notify Towing Service of any special exemptions or permissions given immediately that contradict the rules and regulations set forth by any bylaws or regulatory documents provided to the Towing Service.
- If Towing Service is NOT notified of any changes made, the Management/Owners agree to cover any and all cost associated with but not limited to; invoices, legal fees, any fees associated with litigation, customer reimbursements, etc.

#### <u>Assignment</u>

- The Parties hereby agree not to assign any of the responsibilities in this Agreement to a third party unless consented by both Parties in writing.

#### Entire Agreement

 This Agreement contains the entire agreement and understanding among the Parties hereto with respect to the subject matter hereof, and supersedes all prior agreements, understandings, inducements and conditions, expressed or implied, oral or written, of any nature whatsoever with respect to the subject matter hereof. The expressed terms hereof control and supersede any course of performance and/or usage of the trade inconsistent with any terms hereof.

#### **Severability**

- In an event where any provisions of this Agreement are found to be void and unenforceable by a court of competent jurisdiction, then the remaining provisions will remain to be enforced in accordance with the Parties' intention.

#### Signature and Date

- The Parties hereby agree to the terms and conditions set forth in this Agreement and such is demonstrated throughout by their signature below:

# EXHIBIT 15 <u>RETURN TO AGENDA</u>

#### MINUTES OF 06/26/2025 REGULAR MEETING HIGHLAND MEADOWS II COMMUNITY DEVELOPMENT DISTRICT

The Regular Meeting of the Board of Supervisors of the Highland Meadows II Community Development District was held
Thursday, June 26, 2025 at 4:30 p.m. at the Shamrock First Baptist Church, 2661 Marshalls Rd., Haines City, FL 33844. The
public was able to listen and/or participate in-person or live via Teams conference.

#### I. Call to Order / Roll Call

The meeting was called to order by Ms. Thibault. Roll was called and a quorum was confirmed with the following Supervisors present:

#### **Opening Remarks and Attendance Notes**

Ms. Thibault officially called the Meeting to order after confirming that quorum had been established. Present in person were Chairwoman Galbraith, Supervisor Anderson, and Supervisor Munoz, and Supervisor Colon of the Board of Supervisors. Also present were District Management and Field Management Team members.

#### II. Audience Comments - (limited to 3 minutes per individual on agenda items)

Ms. Thibault asked if anyone from the audience had any comments on agenda items only.

Cindy Williams, 1510 Woodlark Dr., expressed concerns regarding the ongoing fence project. She stated that she was expecting a different outcome and had not realized that some of the panels would be reused. She also mentioned difficulty in distinguishing which posts are new versus reused and asked where the decision was made regarding which posts would be replaced. She added that, upon completion, the fence will need to be power washed.

Brandon, a resident from Highland Meadows, inquired about the missing awnings at the pool area and asked if they would be replaced. Ms. Thibault responded that the District is planning to replace the cabanas. However, other high-priority projects—such as fencing, erosion control, and sidewalk repairs—have taken precedence. She noted that the cabana replacements will be addressed as a high-priority item in upcoming discussions. The Resident thanked the Board.

#### 42 III. Administrative Items

#### A. Discussion & Presentation of Proposals for District Counsel

Ms. Thibault reminded the Board that during the previous meeting, they had requested proposals for the District
 Counsel services. Chairwoman Galbraith thanked Ms. Thibault for her efforts in reviewing the proposals, and Ms.
 Thibault expressed her appreciation for the acknowledgment.

47 Ms. Thibault informed the Board that three proposals were received for the District Counsel services. Kilinski / Van
48 Wyk had a representative, Ms. Moczynski, waiting on the line by phone, Kutak Rock was present in person by Mr.

Earlywine, and Straley Robin Vericker had notified her earlier that they would not be attending due to time constraints.
 To allow for an orderly presentation, Ms. Thibault asked Mr. Earlywine to briefly step out so Ms. Moczynski could
 present their proposal to the Board via phone.

52 Due to audio issues, Ms. Moczynski had to call back. While the Board was waiting, Chairwoman Galbraith asked 53 Ms. Thibault to explain why the representative from the other firm was asked to leave the room. Chairwoman Galbraith 54 noted that some attendees might not understand the reasoning behind this step. Ms. Thibault clarified that the request 55 was made to ensure fairness and to prevent any firm from gaining an advantage by hearing another firm's presentation.

#### Kilinski / Van Wyk Proposal Presentation via phone – Exhibit 1

58 Ms. Moczynski rejoined the meeting by phone and introduced herself as an attorney with over 10 years of 59 experience, including 5 in district counsel work. While new to the firm, she noted that Kilinski / Van Wyk has prior 60 experience with the District and expressed interest in renewing that relationship. She apologized for not attending in 61 person due to a scheduling conflict but committed to doing so in the future.

If selected, Ms. Moczynski would serve as primary counsel, with oversight from senior attorney Meredith Hammack. She outlined the proposed hourly rates: \$315 for associate, \$350 for senior attorney, \$360 for partner, and \$190 for a paralegal. All work would be billed hourly, with no retainer required. She noted that only special projects, like bond validations, might involve flat fees.

66 She explained that the firm is open to direct communication with Board members, unless District policy states 67 otherwise. On the question of changing the default mediation venue, she said she would consult with firm partners. After 68 confirming that Jennifer Kilinski remains with the firm, Ms. Moczynski was asked to leave the call and will be contacted 69 after the Board's decision.

#### Kutak Rock Proposal Presentation – Exhibit 2

Ms. Thibault introduced Mr. Earlywine of Kutak Rock to present the firm's qualifications. Mr. Earlywine explained that Kutak Rock is a national firm with a strong focus on CDD law and public finance, including over 20 Florida-based attorneys experienced in this area. He emphasized the firm's extensive resources, team-based support, and cost efficiency.

He outlined his proposed team, including attorneys and paralegals, and described their roles in supporting the District. His hourly rate is \$360, with lower rates for support staff. Communication with the legal team can go through the District Manager or directly from supervisors, and all time spent is billed accordingly.

He estimated annual legal costs for the District would range from \$25,000 to \$30,000, depending on activity. He confirmed the firm represents the Board, not individual residents. The Board had no further questions.

#### Straley Robin Vericker Proposal - Not Presented –Not in attendance - Exhibit 3

Ms. Thibault invited the Board to discuss and decide on the two presented proposals, noting the third could not be considered due to the absence of a representative. Ms. Thibault also reminded the Board that the District has exceeded its attorney fee budget for the current fiscal year.

A Supervisor asked about the termination process and outstanding items. Ms. Thibault explained the Board could transition to a new counsel immediately, allowing the current counsel to complete only existing matters. She recommended transferring the Polk Water appraisal to the new attorney due to its timing. Ms. Perez confirmed she would not enforce the 60-day clause and would assist with a smooth transition. The Board and Ms. Thibault thanked her for her service; Ms. Perez expressed her appreciation in return.

89 90 91

After careful consideration, the Board approved a motion to terminate the services of the Perez-Calhoun Law Firm.

On a MOTION by Supervisor Munoz, SECONDED by Supervisor Anderson, WITH ALL IN FAVOR the Board approved the Termination of Services from Perez-Calhoun Law Firm for the Highland Meadows II Community Development District.

| After terminating the services of Perez-Calhoun, the Board proceeded with a motion to appoint Kutak Rock Law Firm as the new District Counsel.   |
|--|
| On a MOTION by Supervisor Colon, SECONDED by Supervisor Munoz, WITH ALL IN FAVOR the Board approved to hire Kutak Rock Law Firm for the District Counseling Services for the Highland Meadows II Community Development District.   |
| Mr. Earlywine was invited back into the room and informed of the Board's decision to hire Kutak Rock as the new District Counsel. Ms. Thibault also let him know that Ms. Perez would be cooperating with him to transition any outstanding items. Mr. Earlywine expressed his appreciation to the Board.  |
| B. Acceptance of Resignation of Seat 4 – Term Expires 2028 – Ms. Molina-Bonano   |
| Ms. Thibault stated that included in Exhibit 4 of the agenda package was the resignation notice from Supervisor Gabriela Molina-Bonano for Seat 4.   |
| On a MOTION by Supervisor Anderson, SECONDED by Chairwoman Galbraith, WITH ALL IN FAVOR the Board accepted the Resignation of Supervisor Molina-Bonano for the Highland Meadows II Community Development District.   |
| Ms. Thibault asked Mr. Earlywine, as the new District Counsel, to explain the process and statutory requirements for appointing a new supervisor outside of a general election. Mr. Earlywine referenced Section 190.005, stating that when a vacancy occurs during a term, it is the responsibility of the remaining Board members to appoint a replacement to serve the remainder of the term. He added that if the Board already has a candidate in mind who is ready to serve, they can request their qualifications and even proceed with swearing them in immediately.   |
| C. Consideration for Appointment – Seat 4 – Term Expires 2028 – Ms. DiBrango   |
| Following Ms. Thibault's announcement that a Statement of Interest had been received from Ms. DiBrango (included<br>in Exhibit 5 of the agenda), Ms. DiBrango joined the meeting via phone to express her interest in the vacant Supervisor<br>seat. She stated that she had previously served on the Board for approximately 11 months, had completed the necessary<br>training, and participated in the election process. As a Resident, she expressed her continued interest in serving again.<br>Mr. Earlywine confirmed her eligibility by asking if she was a resident of the District, a U.S. citizen, and over 18<br>years of age—all of which she affirmed.<br>With no additional questions from the Board, they proceeded with a motion. |
| On a MOTION by Supervisor Anderson, SECONDED by Supervisor Colon, WITH ALL IN FAVOR the Board approved the Appointment of Ms. DiBrango as Seat 4 Supervisor of the Board for the Highland Meadows II Community Development District.   |
| D. Oath of Office – Highland Meadows II CDD – Seat 4   |
| The Board appointed Ms. DiBrango to fill the vacant Supervisor seat. Ms. Thibault welcomed her back and administered the Oath of Office, officially reinstating her to the Board. Ms. DiBrango expressed her gratitude. Ms. DiBrango apologized for not being present in person, explaining she was out of state. Ms. Thibault confirmed with Mr. Earlywine that the appointment process followed Florida statutes and was in compliance. Mr. Earlywine confirmed that Ms. DiBrango would need to be sworn in again in person upon her return to officially sign the oath.   |
| E. Consideration of Resolution 2025-14, A Re-Designation of Officers   |

Ms. Thibault brought the Board's attention to Resolution 2025-14 (Exhibit 7), stating that the resolution designates
 herself as Secretary and Treasurer, and Ms. Lyalina as Assistant Secretary and Assistant Treasurer.

139 Ms. Thibault asked Mr. Earlywine to confirm for the record whether, under Kutak Rock's representation of nearly 140 400 districts, it is standard for the District Manager and Assistant District Manager to hold the positions of Secretary and 141 Assistant Treasurer. 142 Mr. Earlywine confirmed that this is indeed standard practice across the districts they represent. 143 Supervisor Muñoz commented that having qualified managers in those roles is important, as they are insured and 144 responsible for overseeing financial processes, including checks. 145 Ms. Thibault asked the Board whether they wished to retain the current slate of officers or designate any changes. The Board made a decision to proceed with a motion to retain the current Chairwoman, Ms. Galbraith, in her 146 147 position. 148 149 On a MOTION by Supervisor Anderson, SECONDED by Supervisor Munoz, WITH ALL IN FAVOR the Board approved to retain Chairwoman Deborah Galbraith in her position for the Highland Meadows II Community 150 Development District. 151 152 153 Following that, the Board proceeded with a motion regarding the position of Vice-Chairman. 154 155 On a MOTION by Supervisor Colon, SECONDED by Chairwoman Galbraith, WITH ALL IN FAVOR the Board 156 approved to Appoint Supervisor Munoz as the Vice Chairman for the Highland Meadows II Community Development 157 District. 158 159 Ms. Thibault stated that the remaining officer positions would include herself as Secretary and Treasurer, and Ms. 160 Lyalina as Assistant Treasurer and Assistant Secretary. She noted, with Mr. Earlywine's confirmation for the record, that 161 these assignments are standard for the District Management Team. The remaining Board Members-Supervisor Anderson, Supervisor Munoz, and Supervisor DiBrango-would serve as Assistant Secretaries. Ms. Thibault then called 162 163 for a motion to adopt Resolution 2025-14. 164 165 On a MOTION by Supervisor Anderson, SECONDED by Chairwoman Galbraith, WITH ALL IN FAVOR the Board adopted the Resolution 2025-14 for the Highland Meadows II Community Development District. 166 167 168 **IV. Vendor and Staff Updates** 169 A. District Engineer: Stantec – Project Manager Mr. Woodcock 170 1. Discussion & Status of Erosion Report – Exhibit 8 171 Mr. Woodcock presented the erosion report under Exhibit 8, noting that the inspection covered all ponds and 172 associated outfall structures. He explained that due to the time of year and the nature of the dry ponds, grass coverage is 173 currently sparse, making the banks more susceptible to erosion during heavy rains. However, he recommended 174 monitoring rather than immediately sodding, as the rainy season may resolve the issue naturally. 175 He further reported that several mitered end sections—concrete structures at the pipe outlets—show signs of silt

175 He further reported that several mitered end sections—concrete structures at the pipe outlets—show signs of silt 176 buildup and erosion. In many cases, the riprap (large rocks meant to prevent erosion) is either insufficient, missing, or 177 buried under debris. His recommendation was to clean out the mitered end sections and install or restore riprap where 178 needed.

179 Ms. Thibault inquired about the financial impact. Mr. Woodcock responded that pricing was not yet available, but 180 proposals had been requested from contractors and would be ready for presentation at the next meeting.

181 Ms. Thibault explained that the FY2026 budget increase is primarily due to the District being underfunded in its 182 reserve study. While the reserve study is complete, previous Boards had not fully funded it, and the current Board is now addressing that shortfall. As a result, any erosion-related expenses would need to be considered alongside this existingfunding gap.

Ms. Thibault added that there are some available funds, and noted that the original Vision Project list included higher
 estimated costs. Since Mr. Woodcock's involvement, some of those projected amounts have decreased. Once all updated
 figures are received, she will revise the Vision Project accordingly to reflect the new financial impacts.

### 2. Discussion of Sidewalk Repair - High Priority Areas - Exhibit 9

190 Mr. Woodcock reviewed the previous engineer's sidewalk report and presented a cost estimate for the Priority 1 191 repair areas, totaling approximately \$15,050, including an additional \$2,000 ramp at Hummingbird and Ruby Run. He 192 noted other areas still need attention but recommended addressing high-risk areas first.

Chairwoman asked if the Board must wait 30 days to proceed. Ms. Thibault confirmed that the Board can approve the project now, pending final legal review, allowing work to begin promptly.

On a MOTION by Supervisor Colon, SECONDED by Supervisor Munoz, WITH ALL IN FAVOR the Board approved the Sidewalk repair Not to Exceed \$18,000 for the Highland Meadows II Community Development District.

Discussion of ADA mats

Mr. Woodcock reported that during the review of all ADA mats in the community, 15 locations were identified where ADA mats were missing and one location where a mat was damaged, for a total of 16 mats. He explained that the cost of ADA mats generally ranges between \$800 and \$1,200 per mat. On the high side, 16 mats at \$1,200 each would total \$19,200; on the lower end, \$800 each would amount to \$12,800.

Mr. Woodcock further explained that there are two types of ADA mats: one type involves a company coming out with a template to pour a plastic-like material on-site that adheres directly to the concrete and includes the required detectable warning bumps. The other type is a pre-formed mat that is installed onto the sidewalk surface and tends to be more expensive. He mentioned that there are only one or two companies that do the pour-on kind.

He stated that both types have been used in communities across Florida and that the mats—especially the rubber or plastic pre-formed ones—tend to last longer, with a useful life of up to 20 years, unless damaged or removed. He noted that some wear over time, but generally the pre-formed mats are thicker and more durable. One example he mentioned was a cracked corner on a sidewalk where a mat used to be.

Ms. Thibault then asked the Board if they wanted to consider a not-to-exceed amount of \$19,200 for the ADA mat replacements and repairs, pending Kutak Rock's legal review and the District's final review, in order to streamline completion once proposals are received.

On a MOTION by Supervisor Anderson, SECONDED by Supervisor Colon, WITH ALL IN FAVOR the Board approved the ADA mats for the Highland Meadows II Community Development District.

#### B. Field Operations Manager: Anchor Stone – Mr. Comings

#### 1. Discussion & Status of Amenity Pool – Cooper Pools to Present

The Cooper Pools reported significant issues caused by improper maintenance from the previous service provider:

- Filter Pit Cleanup: Both filter pits were clogged with debris and filter material, requiring 8 hours over two visits to fully clean. The prior company failed to clean them properly.
  - Chemical System Malfunction:
    - The ORP system (which controls chlorine dosing) was malfunctioning—one side was shutting off automatically, the other not signaling the chemical pump.

| 227        | • The chemical pumps were incorrectly set up, delivering chemicals too slowly to sanitize a 160,000-gallon                                    |
|------------|---|
| 228        | pool effectively.   |
| 229        | • Likely due to this, the pool was often manually dosed—requiring a one-hour closure for safety, which may                                    |
| 230        | not have been consistently followed.  |
| 231        | • Equipment & Electrical Updates:   |
| 232        | • Some electrical outlets were improperly installed; one has since been fixed.  |
| 233        | • The damaged outdoor ORP board will be replaced and mounted inside to protect it from weather.   |
| 234        | Water Chemistry & Black Algae:  |
| 235        | • The pool's stabilizers were at zero, and chemistry was unbalanced, now corrected.   |
| 236        | • Black algae was treated, but full eradication is difficult due to its ability to hide in pipes. Ongoing sanitation                          |
| 237        | is needed.  |
| 238        | • Algae blooms typically occur between May and August, and can be introduced by debris, wildlife, or  |
| 239        | swimmers coming from lakes.   |
| 240        | • Other Issues Addressed:   |
| 241        | • An open valve on the ADA chair caused overfilling—now turned off.   |
| 242        | • The light ring proposal was approved and executed.  |
| 243        | Ms. Thibault acknowledged the progress and paused further discussion to review additional Cooper Pools proposals.                             |
| 244        |   |
| 245        | 2. Presentation of Proposals for Consideration from Cooper Pools  |
| 246        | Valve Repair Kit - \$578.92   |
| 247        | The Cooper Pools explained that the valve repair kit is needed for the plunger valves inside the filter case, which                           |
| 248        | control water flow from the pool to the pits. These valves are complex to repair due to their reverse-thread design and                       |
| 249        | the need to either go underwater or equalize pressure to access them. The repair is costly mainly because of the durable                      |
| 250        | plastic components involved, but the company aims to perform the work as efficiently and cost-effectively as possible.                        |
| 251        |   |
| 252        | On a MOTION by Chairwoman Galbraith, SECONDED by Supervisor Munoz, WITH ALL IN FAVOR the Board  |
| 252        | approved the valve repair kit purchase for \$578.92 for the Highland Meadows II Community Development District.                               |
|            | approved the varve repair kit parenase for \$570.92 for the ringmane fileadows if community Development District.                             |
| 254        |   |
| 255        | Controller - \$2,400  |
| 256        | One of the Supervisors questioned whether the controller truly needed to be replaced, noting that it had been done                            |
| 257        | recently, within the past year. After a brief discussion regarding the necessity of the replacement, the Board proceeded                      |
| 258        | with the motion.  |
| 259        |   |
| 260        | On a MOTION by Supervisor Anderson, SECONDED by Supervisor Colon, WITH ALL IN FAVOR the Board approved  |
| 261        | the replacing the pool controller for \$2,400 pending research into the existing pool controller's warranty status, for the                   |
| 262        | Highland Meadows II Community Development District.   |
|            |   |
| 263        |   |
| 264        | 3. Consideration of Monthly Pool Maintenance Service  |
| 265        | Budget: \$30,000 for monthly pool service & \$33,600 for repairs  |
| 266        | Ms. Thibault noted the pool maintenance budget is \$63,600, split between \$30,000 for service and \$33,600 for                               |
| 267        | repairs. She asked about upcoming expenses.   |
| 268        | The Cooper Pools said potential major costs include:  |
| 269        | <ul> <li>Pump motor replacements (around \$3,000 each),</li> </ul>  |
| 20)        | <ul> <li>Filter grid replacements (about \$3,600-\$3,700 per filter head),</li> </ul>   |
| 270<br>271 | <ul> <li>File grid replacements (about \$5,000-\$5,700 per inter nead),</li> <li>Five-year Health Department recertifications, and</li> </ul> |
| ∠/1        |   |
|            |   |

272 Possible ADA chair or main drain replacements. 273 They also discussed verifying resurfacing-related certifications with the Department of Health. 274 Ms. Thibault praised Cooper Pools for maintaining the pool well and noted that their proposal would bring maintenance costs close to \$50,000, leaving only about \$13,000 for repairs out of the \$63,600 FY26 pool budget. She 275 276 stressed the importance of staying within budget, especially without factoring in extra costs like hoarding. 277 Ms. Thibault presented two pool maintenance proposals for Board consideration: 278 Exhibit 12: Cooper Pools proposes maintenance three times a week (Tuesdays, Thursdays, and Saturdays). They • 279 also handle repairs and installations in addition to cleaning. 280 Exhibit 13: Complete Pool Care also offers three times a week service for a lower price of \$3,500, but they only • 281 provide maintenance. Any repairs or installations would need to be outsourced. 282 She noted that Complete Pool Care is not registered with the DDPR since they don't perform repair work. The key 283 difference lies in Cooper's full-service offering versus Completer's limited scope. 284 After careful consideration, the Board chose to approve the proposal for \$4,600 from Exhibit 12, selecting Cooper 285 Pools to provide three times weekly maintenance service. 286 On a MOTION by Chairwoman Galbraith, SECONDED by Supervisor Munoz, WITH ALL IN FAVOR the Board 287 288 approved the 3x-Weekly Maintenance Service for \$4,600 from Cooper Pools for the Highland Meadows II Community Development District. 289 290 4. Consideration of Proposal for Curb Painting for Tow Away 291 Site Masters - \$29,400 (Exhibit 14) 292 293 Zeus - \$8,000 (Exhibit 15) 294 Ms. Thibault introduced the next agenda item regarding curb painting for Tow-Away Zones. She noted that two 295 proposals were obtained: 296 Site Masters submitted a proposal in the amount of \$29,400. • 297 Zeus submitted two separate line items; one was optional. The standard curb painting proposal was submitted in the 298 amount of \$8,000. 299 Ms. Thibault explained that the \$29,400 proposal from Site Masters included stenciling and painting of curbs with 300 "No Parking" markings, clearly identifying areas for enforcement and towing. A map of the designated Tow-Away Zones 301 was provided to both vendors and had also been previously distributed to the Board. 302 After careful consideration and discussion, and after reviewing both proposals, exhibits, and reference images, the 303 Board moved forward with a motion to approve the Zeus proposal in the amount of \$8,000, with the following conditions: 304 ٠ Lettering to be 8 inches in height 305 Paint color to be determined by the County 306 Additionally, Mr. Earlywine was directed to prepare the contract for this service. 307 On a MOTION by Chairwoman Galbraith, SECONDED by Supervisor Colon, WITH ALL IN FAVOR the Board 308 309 approved the Proposal for Curb Painting for Tow Away from Zeus with the amount of \$8,000, letters 8 inches in size, the 310 code compliant color to be determined by the County, for the Highland Meadows II Community Development District. 311 312 **Consideration of Amenity Cleaning Maintenance Proposals** 5. 313 Ms. Thibault introduced both proposals for cleaning maintenance services for the Amenity Center. She noted that 314 the budgeted amount for cleaning services is \$21,600. Exhibit 16: Proposal from Southern Green, \$2,300 monthly / \$27,600 annually, 5 days per week. 315 • Exhibit 17: Proposal from CFBS Group, \$1,645 monthly / \$19,740 annually, 5 days per week. 316 ٠

After review and discussion, the Board made a motion to approve the proposal from Southern Green in the amount of \$2,300 monthly as presented in Exhibit 16. The motion was approved.

On a MOTION by Supervisor Anderson, SECONDED by Supervisor Colon, WITH ALL IN FAVOR the Board approved the Proposal for Amenity Cleaning Maintenance from Southern Green with a lower amount of \$2,000, additional quote for hurricane for the Highland Meadows II Community Development District.

In the event that Southern Green does not agree to the Board's approved proposal, the Board will reopen the discussion and reconsider the proposals.

#### 6. Discussion of Electrical Service Needs at the Amenity Pool

Ms. Thibault: Included under Exhibit 18 was a discussion of electrical services needed at the amenity pool. The Team reached out to Costena Services, and based on information provided by Mr. Comings, those services were performed the day of the meeting for \$628. Therefore, the item was brought in for a ratification.

On a MOTION by Supervisor Anderson, SECONDED by Chairwoman Galbraith, WITH ALL IN FAVOR the Board approved the Ratification of the Electrical Service Needs at the Amenity Pool to Costena Services for \$628 for the Highland Meadows II Community Development District.

#### C. District Counsel: Perez-Calhoun Law – Gina Perez-Calhoun

#### 1. Consideration for Approval of Monthly Invoice (Exhibit 19)

The Board proceeded to review District Counsel's monthly invoice (Exhibit 19). Ms. Thibault initiated a discussion with former District Counsel Ms. Perez-Calhoun to clarify several charges. With assistance from Mr. Earlywine, the Board located the relevant documentation and began examining the itemized billing, particularly questioning the frequency and purpose of email-related charges.

A notable charge was approximately \$700 for PRWC-related email correspondence. A Supervisor asked for clarification, and Ms. Perez-Calhoun explained that the emails followed communications with Ms. Thibault and Mr. Norris, who had recently presented to the Board. Miscommunications and address issues required re-sending documents and confirming delivery. She noted that initial PRWC materials went to Breeze, and the Board was only later informed, which delayed budgetary planning. New documentation was expected within 30–45 days.

347The Board then questioned \$480 in charges for T&N contract emails. Ms. Perez-Calhoun explained that contract348ambiguities and vendor involvement required coordination and that using staff helped minimize legal fees.

Concerns were raised about the overall legal costs—almost \$9,000 this month and \$11,000 the prior month—for routine matters. One Supervisor noted that due diligence steps, like verifying vendors, should precede contract preparation. Perez-Calhoun attributed some of the billing to transition issues in early May but emphasized that not all time was billed and some was reduced.

The Board then addressed a \$362.50 charge related to a public records request. A Supervisor from the City of Auburndale noted that, in municipal practice, an estimate is provided and approved by the requester before any work begins. Others agreed that exploratory work and clarifying the scope should have been billed to the requester, not the District. Ms. Perez-Calhoun said she paused the request pending clarification and noted no documents had yet been provided.

Ms. Thibault suggested that such administrative tasks should be handled by staff, not legal counsel, to reduce costs.
 The Board discussed possibly splitting the time billed for phone calls (totaling 2.3 hours) to reflect more reasonable
 charges.

Discussion returned to the TNN contract. Ms. Thibault pointed out that she had sent emails on May 15 and 19 instructing that the contract not be pursued. Ms. Perez-Calhoun cited a May 13 email that may have preceded the cancellation and asked to review her records.

The Board decided to draft a formal response letter outlining disputed charges and requesting clarification before authorizing payment. Supervisor Colon was authorized to manage the response. The Board considered approving part of the invoice (e.g., \$6,000) and holding the rest until proper justification was provided. They emphasized cooperation while ensuring accountability.

A Supervisor also requested that a particular action be noted for the record. On May 5, Ms. Perez-Calhoun had emailed the Supervisor a request for their signature on a Designated Officers Form. The Supervisor complied and signed the form via Adobe, noting that the request came directly from legal counsel and appeared to be for community business. Although this task was not itemized on the invoice, the Supervisor wanted the action documented in the meeting record.

#### 2. Discussion of Counsel Representation to Residents

#### Clarification on District Counsel Representation and Anonymous Allegations

Following the invoice discussion, the Board reviewed Exhibit 20, which included an anonymous email submitted to the District. The message raised several questions, including a claim that Ms. Thibault had a personal relationship with Ms. Perez-Calhoun, the newly engaged District Counsel. Ms. Thibault addressed the allegation directly and unequivocally. They stated for the record that they had never met Ms. Perez-Calhoun prior to her appearance before the Board. They had not shared a coffee, attended a meal, or had any interactions outside of public meetings. Further, when the Chair directed that proposals be sought for District Counsel services, the Supervisor had reached out to several top legal firms in the state and had no prior personal relationship with Ms. Perez-Calhoun or her firm.

Ms. Thibault went on to describe District Counsel's role within the CDD; they are to represent the Board as a whole—not individual residents. This clarification was provided in response to a question about whether Counsel represents community members or the elected body.

#### D. JCS – Security Updates

#### **Pool and Community Enforcement Update**

Ms. Marshall reported ongoing challenges with non-compliant residents at the pool, though online reviews have improved following revised pool hours. She confirmed that three vehicles were recently towed—two for expired tags and one for lacking a license plate. All stickered vehicles were corrected within 24 hours. Corner parking remains an issue pending curb painting. Food-related violations at the pool are increasing.

#### Pool Signage

Ms. Thibault confirmed that she and Mr. Comings inspected the pool area and identified a lack of adequate signage.
A proposal is underway for 7–8 new signs, including "Swim at Your Own Risk" and "No Lifeguard on Duty."
Chairwoman Galbraith requested an additional large sign stating: "No Diving, No Running, No Food, No Alcohol, No
Bottled Water," which Ms. Thibault agreed to include. Water fountains near the pool are now functional.

#### 397 Security Concerns

The Board discussed resident complaints about the absence of security at the pool in the morning. Previously, security arrived around 1:00 PM, but now does not arrive until later, leaving the pool unsupervised during early usage. Residents have reported pool access as early as 8:00 AM.

#### 401 Lighting Proposal

402 Ms. Marshall presented a \$1,350 proposal to install 20 solar-powered, motion-sensor lights to address dark areas 403 near the pool and improve camera visibility. She explained the lights would deter unauthorized activity and enhance 404 security. Her agency can assist with license plate tracking and detainment in cases of criminal activity. 409

Ms. Thibault confirmed that funds are available, with \$267,000 set aside for projects. Several major items, like curb
painting, came in under budget (\$8,000 instead of \$60,000), allowing flexibility. Once all proposals are in, a revised
project list will be prepared.
Ms. Marshall advised installation could be completed within 7 days of payment. The Board approved the lighting

Ms. Marshall advised installation could be completed within 7 days of payment. The Board approved the lighting proposal for \$1,350.

On a MOTION by Supervisor Colon, SECONDED by Supervisor Anderson, WITH ALL IN FAVOR the Board approved the Lighting Proposal for \$1,350, for the Highland Meadows II Community Development District.

#### E. District Manager – Discussion of Three Projects for Phase 7

Under the District Manager's report, Ms. Thibault reminded the Board that at the prior meeting, supervisors were asked to bring forward three project ideas each for possible implementation using available Phase 7 bond construction funds, which currently total over \$500,000. It was noted that these funds must be used within Phase 7 unless a new methodology or supplemental engineer's report is developed to expand their applicability. If unused, the funds would be used to redeem the bond, which the Board agreed was undesirable.

#### Playground Relocation and Expansion

Discussion began with a proposal to relocate and expand the existing playground in Phase 7. One supervisor pointed
 out that the current playground is oddly located in the middle of a track and is small and poorly placed, making future
 expansion impractical unless moved. The general consensus was that it should be moved to a better location and enhanced
 with additional equipment to better serve the community.

#### Conceptual Vision: Multi-Use Community Space

- 426 Supervisor Colon presented a comprehensive concept for a multi-use community recreation area. This concept 427 included:
  - Two pickleball courts
  - Three splash pads
    - A semi-enclosed community pavilion for events, tutoring, and meetings
    - Fifteen parking spaces
    - A possible storage unit integrated into the structure

While the group agreed this concept was compelling and aspirational, some members acknowledged that this might exceed the available \$500,000. Despite this, several supervisors supported the big-picture thinking, with the understanding that a scaled version or phased approach might be pursued.

It was emphasized that this type of project should benefit the entire community, not just residents of Phase 7. One supervisor added that, although the bond funds are technically restricted to Phase 7 improvements, the amenities created would be used district-wide, which might justify broader interpretations of permissible expenditures. This raised the question of whether these funds could legally be used for master-level improvements rather than just neighborhood-level ones, prompting a commitment from District Counsel to consult with Bond Counsel Bob Gang for clarification.

| 441 | Further Details Discussed   |
|-----|---|
| 442 | A detailed vision for the proposed improvements was outlined, including:  |
| 443 | • A screened-in pavilion, similar to one located in Viola, that is partially enclosed and suitable for meetings |
| 444 | or recreational use.  |
| 445 | • A relocated and enlarged playground with swings, monkey bars, and a picnic area with a gazebo.                |
| 446 | Additional splash pads and green space.   |
| 447 | • A storage area integrated into the pavilion.  |
| 448 | • Improvements to parking accessibility, especially since the facility would serve residents from all           |
| 449 | communities, not just Phase 7.  |

450 It was emphasized that community surveys did not indicate a specific interest in pickleball or tennis, but rather in 451 larger and more accessible playground areas. Others noted that parking and visibility are critical—residents must know 452 the park is there and be able to access it safely.

There was a shared understanding that the playground and pavilion could likely be covered within the \$500,000, whereas the full vision might require additional financing or long-term planning. The pavilion was viewed as the most cost-efficient and community-beneficial item, providing space for meetings, storage, and shelter.

#### 456 Bond Fund Restrictions

457 Ms. Thibault reiterated that Phase 7 bond funds must be used solely within Phase 7, and while the improvements 458 would serve the broader community, physical placement must adhere to this restriction. Some supervisors expressed a 459 willingness to share the benefit if funds remained after addressing Phase 7's immediate needs.

460 There was a brief sidebar where a supervisor raised questions about how past projects—such as the acquisition of 461 folding chairs—were funded under the same bond, suggesting that precedent may support flexible interpretation. Ms. 462 Thibault agreed to seek guidance from bond counsel to confirm what types of projects qualify.

- 464 In response to the Residents' concerns, Ms. Thibault responded with a summary of accomplishments since the new 465 management firm assumed duties on May 1st:
  - Pool operations have resumed and are running well, with only one brief closure.
  - Landscape issues, including tree trimming and erosion, have been addressed.
  - ADA mats and sidewalk issues have been tackled.
  - Improved legal representation has been secured.
    - A new fence is being installed in phases, with hurricane-rated posts included.
  - A Permacast wall project is underway, with initial work such as soil excavation and post-setting observed.

472 Supervisors confirmed that fencing work was actively progressing in various subdivisions, including Merlin and 473 Brandon. Equipment such as a bush hog was also mentioned as necessary for clearing overgrown areas.

474 Ms. Thibault acknowledged the supervisor's concerns and stated that progress was visible and momentum was 475 building. They emphasized that while frustrations are valid, the new management team has made measurable progress 476 in just 45 days, tackling long-standing issues, including necessity to revise or obtain certain contracts and surveys.

477 Ms. Thibault concluded by affirming that high-priority projects—fencing, erosion control, ADA compliance, 478 sidewalk improvements, and the Permacast wall—had all been addressed or were in progress.

#### Summary of Capital Project Considerations for Mr. Woodcock (Project Manager)

480 Ms. Thibault confirmed that a list of capital project ideas would be compiled and sent to Mr. Woodcock for feasibility 481 analysis and cost estimation. These projects include:

- Relocating and expanding the playground
  - Installing one or more splash pads
  - Constructing a semi-enclosed pavilion for meetings and recreation
  - Installing picnic tables and a gazebo
  - Providing parking accommodations
- Incorporating a storage area within the new building
- Adding pickleball/multi-use courts
- Enhancing the dog park area

The goal is to determine which of these improvements could be realistically completed within the \$500,000 Phase 7
 construction budget, while ensuring the projects comply with legal restrictions and serve the broader community.

As the discussion concluded, Ms. Thibault committed to forwarding the detailed list of proposed capital projects to
 Mr. Woodcock for review and cost assessment. In parallel, Mr. Earlywine agreed to consult with Mr. Gang (Bond
 Counsel) to clarify the permissible scope of expenditures under the Phase 7 bond restrictions.

496 Board supervisors also planned to gather and submit example images and additional design concepts for the proposed 497 pavilion structure to help guide the planning and engineering process. Meanwhile, Ms. Thibault assured the Board that 498 progress updates on fencing, the Permacast wall, and other ongoing infrastructure improvements would continue to be 499 provided.

#### 501 V. Business Items

500

#### 502 A. Consideration for Acceptance of the May 2025 Unaudited Financial Statements

503 The meeting proceeded with discussion under Exhibit 21, where Ms. Thibault addressed the Board regarding the 504 current financial position. She began by revisiting a topic raised during the prior meeting, emphasizing that although the 505 financial statements appeared strong, a significant portion of the District's positive variance stemmed from unexpended capital project funds earmarked for the Vision Project. Specifically, she clarified that the \$288,000 positive variance 506 507 noted in the financials was not entirely surplus but rather included \$269,814 in capital project funds that had yet to be 508 spent. When accounting for that, the actual surplus was closer to \$20,000 --still a positive result, and the Board was 509 commended for their fiscal responsibility.

510

#### **Clarification Regarding Misconceptions About Missing Funds**

511 At this point, a Board member requested that the record reflect clearly that no funds were ever lost-specifically referencing rumors that \$500,000 had disappeared and later \$200,000 had mysteriously reappeared in the budget. Ms. 512 513 Thibault unequivocally confirmed that these assertions were unfounded.

514 She further explained that in prior years, former Boards had opted not to contribute to Reserves, a discretionary 515 decision allowed under Florida Statutes. As a result, the reserves became underfunded, a concern she had previously 516 raised, even under the prior management team. Upon conducting a thorough review of several years' worth of budgets 517 and Audited Financial Statements, the District Management team identified that \$269,814 was sitting unallocated in fund 518 balance and could be applied toward capital projects.

Moreover, the Fiscal Year 2025 budget reflected the Board's proactive financial stewardship by including:

- \$229,283 in increased contributions to reserves
- An additional \$50,000 allocated to emergency reserves

Ms. Thibault stressed that these funds were never "lost." Rather, they had not been properly identified or disclosed to the Board in a way that could be easily understood. As a trained accountant, she used her expertise to interpret the GASB 54 fund balance classifications, which categorize public funds into:

- Assigned: such as the emergency reserve and the two-month operating reserve
- Restricted: such as funds dedicated to debt service ٠
- Unassigned: which had contained the unallocated \$269,814

528 Ms. Thibault emphasized that she had walked the Board through these classifications with supporting documentation 529 and had explained how the fund balance had accumulated over time. Each year, the District had undergone an 530 independent audit, all of which had returned clean opinions-further supporting that no money had ever gone missing. 531 The misunderstanding arose simply from lack of clear explanation by previous managers.

532 Board members expressed appreciation for the clarity, with one thanking Ms. Thibault for setting the record straight 533 and ensuring the truth was on the official record.

#### **Acceptance of Financial Statements**

535 Following this clarification, the Board reviewed the financial statements included under Exhibit 21. A motion was 536 made and seconded to approve the financials.

#### Inquiry About a Utility Charge – Golden Eagle Way

A question was raised regarding a suspicious utility charge associated with the address 3001 Golden Eagle Way. A supervisor pointed out that this was not a known or platted property, yet charges were appearing on the District's utility bill. Ms. Thibault acknowledged the concern and explained that although the property does not appear in the property appraiser's database, it does show up in Google searches. She surmised that the address may correspond to a water meter or electrical meter, possibly servicing a streetlight or similar utility. The team committed to physically inspecting the site and contacting the utility company to determine exactly what the charge was for.

#### B. Consideration for Approval of the Minutes of the Highland Meadows II CDD May 22, 2025, Regular Meeting

Exhibit 22 was presented as the Minutes from the May 22nd meeting were presented for consideration. A motion was made and seconded to approve the minutes, with all in favor.

On a MOTION by Supervisor Anderson, SECONDED by Supervisor Colon, WITH ALL IN FAVOR, the Board approved the Minutes of the Highland Meadows II CDD May 22, 2025 Regular Meeting, for the Highland Meadows II Community Development District.

#### C. Consideration for Approval of the Minutes of the Highland Meadows II CDD April 15, Regular Meeting

Exhibit 23 was presented as the revised minutes from the April 15th meeting, as previously requested by the Chairperson, were included in the agenda packet. After confirming that all comments had been incorporated, a motion was made to approve the revised minutes. Ms. Thibault expressed appreciation to Supervisor Anderson for submitting feedback in advance, noting that such input is always welcomed to facilitate accurate and timely approval of records.

On a MOTION by Supervisor Anderson, SECONDED by Supervisor Colon, WITH ALL IN FAVOR, the Board approved the Minutes of the Highland Meadows II CDD April 15, 2025 Regular Meeting, for the Highland Meadows II Community Development District.

#### Consent Agenda: Exhibits 24 through 31

| 011 |   |
|-----|---|
| 572 | Ms. Thibault reviewed several operational items presented under the Consent Agenda, which included the following:   |
| 573 | • Toilet and flange repairs totaling \$1,122.19   |
| 574 | • Drinking fountain repairs in the amount of \$116.99   |
| 575 | • Temporary one-month contract with Cooper Pools for emergency pool operation services at \$4,600                   |
| 576 | Termination of Bright and Clean Pool Services   |
| 577 | • Final executed contract with Daniel Fentz for ongoing pool maintenance  |
| 578 | • Two service calls from Cooper Pools totaling \$1,192, largely due to the removal of large amounts of debris       |
| 579 | • An additional pool service call amounting to \$540  |
| 580 | • Surveying services related to the Permacast wall project, with costs totaling \$2,380 (under the approved         |
| 581 | "not-to-exceed" threshold of \$5,000)   |
| 582 |   |
| 583 | The Board Members were given the option to approve the Consent Agenda in full or pull items for further discussion. |

| 589  |  |
| 590  | Ms. Thibault opened the floor to public comments.  |
| 591  | A Resident raised concerns about a deteriorating wall along Olson and asked if the CDD was responsible for pressure  |
| 592  | washing. Ms. Thibault explained that a prior proposal from American Pressure Washing for ~\$8,000 was tabled in favor  |
| 593  | of higher-priority projects, including a potential \$50,000 erosion remediation plan. Supervisor Colon supported the   |
| 594  | pressure washing effort. The Resident inquired about an HOA waiver to assume responsibility, and Ms. Thibault noted a  |
| 595  | standard agreement had been sent but received no response.   |
| 596  | The same Resident also requested a replacement for a damaged key card. The Board approved the request, and Mr.   |
| 597  | Comings was directed to collect the Resident's information.  |
| 598  | Ms. Williams raised concerns about construction-related nuisances on Olson, including unauthorized signage and   |
| 599  | vehicle damage to sidewalks. The Staff had already warned workers, and the Board directed Ms. Thibault and legal   |
| 600  | Counsel to investigate and issue formal communication to the responsible party.  |
| 601  | A Resident asked about an \$8,000 Zeus invoice appearing publicly as \$27,700. Ms. Thibault confirmed the larger   |
| 602  | amount was not approved. He recommended standardized, itemized contracts. Mr. Earlywine agreed and emphasized  |
| 603  | future use of cost-effective billing through staff such as paralegals.   |
| 604  | A separate Resident reported maintenance issues at the dog park, including weeds near benches, a loose gate, and   |
| 605  | oversized trash bags in the waste station. He also asked about overflow parking. Staff clarified that no overflow lot exists,  |
| 606  | and Residents should park on odd-numbered sides of nearby streets like Golden Eagle Way or Kingfisher.   |
| 507  | Another Resident thanked the Board for its vision for Phase 7 and requested HOA involvement in beautifying the   |
| 08   | Phase 7 entrance island. Ms. Thibault said an MOU could be drafted to allow HOA maintenance, pending documentation.  |
| 09   | The Resident confirmed the HOA had irrigation in place and was ready to begin if authorized. The Board discussed   |

Food Truck Liability A Resident inquired about allowing food trucks on the CDD land. The Board firmly opposed the idea due to |

631 Tree Trimming Jurisdiction

A dispute was raised about who is responsible for trimming trees blocking signs or sidewalks. Property manager Mr.
 Lopez reportedly declined to enforce violations, citing CDD jurisdiction. Mr. Earlywine clarified that while the CDD is
 responsible for trees along its roads, HOAs may have enforcement authority if outlined in their governing documents.
 He suggested issuing a "no objection" letter from the CDD, along with legal backing from the HOA's attorney. A Resident
 offered to provide relevant HOA documentation.

#### 637 **Pool Closure Communication**

638 A Resident voiced concern over poor communication about a June 10th pool closure. Ms. Thibault explained that 639 notices had been sent to the Property Managers but not distributed to Residents. The Board acknowledged the 640 communication breakdown and agreed that improved systems are needed.

#### **Electrical Outlet Issues**

A Resident reported that non-functioning outlets at community monuments prevented use of seasonal decorations.
Her husband, an electrician, had inspected the issue. Ms. Thibault welcomed follow-up via email for further review and
potential repairs.

645 Request to Move Public Comment Earlier

A Resident requested that public comment be moved to the beginning of meetings, citing long wait times. Other
 attendees agreed. The Board responded appreciatively and noted that Resident feedback does influence decisions. They
 clarified that while Residents may be limited to three minutes, respectful and constructive comments often receive
 extensions. The Board agreed to consider adjusting the comment placement on future agendas.

#### **Closing Note**

The Residents were reminded that agendas are posted online at least seven days in advance, and early review is encouraged.

#### 654 VI. Supervisor Requests

#### Website Improvement Request – Pool Status Communication

A supervisor requested that the District's website be updated to include a single, clearly labeled "Pool Status" section.
 This section would provide real-time updates indicating whether the pool is open or closed, along with the reason for
 any closure and the applicable dates.

#### Supervisor Clarification – Attendance at Other Board Meetings

660 All Residents, including Board Members, are entitled to attend public meetings held by other community Boards in 661 their capacity as private citizens. No formal permission or approval is required for such attendance.

662This discussion included a general reminder that personal or non-District-related communications should be663conducted through personal email accounts rather than official CDD email addresses. Ms. Thibault noted that the664Supervisor involved has since established a secondary email address for non-District matters.

Entrance Monument Maintenance – HOA Involvement Inquiry

666Supervisor Anderson inquired whether HOAs could take ownership or responsibility for maintaining and beautifying667entrance monuments to their respective neighborhoods. The intent was not to gate the roads, but rather to allow the HOAs668to enhance landscaping and aesthetics at the entrances.

Mr. Earlywine explained that while ownership transfer was more complex and depended on factors such as how the
 property was platted, whether the District's bond funds had been used, and what the HOA governing documents stated,
 the Board could consider a simpler alternative. Specifically, the Board could authorize an HOA to beautify a monument
 or entrance area via a Memorandum of Understanding (MOU) or letter of agreement.

Such an agreement would serve as a license granting the HOA permission to enter and enhance the property without
 transferring ownership. It would also include appropriate indemnification language to limit District liability.
 Mr. Earlywine clarified that sovereign immunity and the District's existing insurance coverage would mitigate liability

| 676<br>677<br>678<br>679<br>680<br>681                      | risks. However, it was noted that if an HOA improperly repaired elements such as lighting, the District could potentially<br>be exposed to risk, reinforcing the need for clear waiver language in the agreement.<br>Mr. Earlywine offered to draft a standardized agreement that could be tailored as needed for each HOA interested ir<br>undertaking such improvements. The Board welcomed the idea and expressed interest in pursuing this option for<br>enhancing community entrances without engaging in a full property transfer. |  |  |  |  |

#### **RETENTION AND FEE AGREEMENT**

#### I. PARTIES

THIS RETENTION AND FEE AGREEMENT ("**Agreement**") is made and entered into by and between the following parties:

 A. Highland Meadows II CDD ("Client") c/o Anchor Stone Management, LLC 255 Primera Boulevard Suite 160 Lake Mary, FL 32746

and

B. Kutak Rock LLP ("**Kutak Rock**") 107 West College Avenue Tallahassee, Florida 32301

#### II. SCOPE OF SERVICES

In consideration of the mutual undertakings and agreements contained herein, the parties agree as follows:

- A. The Client agrees to employ and retain Kutak Rock as its attorney and legal representative for general advice, counseling and representation of Client and its Board of Supervisors.
- B. Kutak Rock accepts such employment and agrees to serve as attorney for and provide legal representation to the Client in connection with those matters referenced above. No other legal representation is contemplated by this Agreement. Any additional legal services to be provided under the terms of this Agreement shall be agreed to by Client and Kutak Rock in writing. Unless set forth in a separate agreement to which Client consents in writing, Kutak Rock does not represent individual members of the Client's Board of Supervisors

#### **III. CLIENT FILES**

The files and work product materials ("**Client File**") of the Client generated or received by Kutak Rock will be maintained confidentially to the extent permitted by law and in accordance with the Florida Bar rules. At the conclusion of the representation, the Client File will be stored by Kutak Rock for a minimum of five (5) years. After the five (5) year storage period, the Client hereby acknowledges and consents that Kutak Rock may confidentially destroy or shred the Client File. Notwithstanding the prior sentence, if the Client provides Kutak Rock with a written request for the return of the Client File before the end of the five (5) year storage period, then Kutak Rock will return the Client File at Client's expense.

## IV. FEES

- A. The Client agrees to compensate Kutak Rock for services rendered in connection with any matters covered by this Agreement on an hourly rate basis plus actual expenses incurred by Kutak Rock in accordance with the attached Expense Reimbursement Policy (Attachment A, incorporated herein by reference). Time will be billed in increments of one-tenth (1/10) of an hour. Certain work related to issuance of bonds and bond anticipation notes may be performed under a flat fee to be separately established prior to or at the time of bond or note issuance.
- B. Attorneys and staff, if applicable, who perform work for Client will be billed at their regular hourly rates, as may be adjusted from time to time. The hourly rates of those initially expected to handle the bulk of Client's work are as follows:

| Jere L. Earlywine | \$360       |
|-------------------|-------------|
| Associates        | \$265-\$305 |
| Contract Attorney | \$260-285   |
| Paralegals        | \$185-220   |

When traveling to attend Board of Supervisor Meetings, and with respect to attorney travel time, we will charge for no more than one hour of round-trip attorney travel time per meeting. If two Kutak Rock attorneys attend a Board of Supervisors meeting, we will bill for only one attorney's time.

Kutak Rock's regular hourly billing rates are reevaluated annually and are subject to change not more than once in a calendar year. Client agrees to Kutak Rock's annual rate increases to the extent hourly rates are not increased beyond \$15/hour per year.

- C. To the extent practicable and consistent with the requirements of sound legal representation, Kutak Rock will attempt to reduce Client's bills by assigning each task to the person best able to perform it at the lowest rate, so long as he or she has the requisite knowledge and experience.
- D. Upon consent of Client, Kutak Rock may subcontract for legal services in the event that Client requires legal services for which Kutak Rock does not have adequate capabilities.
- E. Kutak Rock will include costs and expenses (including interest charges on past due statements) on its billing statements for Client reimbursement in accordance with the attached Expense Reimbursement Policy.

### V. BILLING AND PAYMENT

The Client agrees to pay Kutak Rock's monthly billings for fees and expenses incurred within thirty (30) days following receipt of an invoice, or the time permitted by Florida law, whichever is greater. Kutak Rock shall not be obligated to perform further legal services under

this Agreement if any such billing statement remains unpaid longer than thirty (30) days after submittal to and receipt by Client. Non-payment of billing statements shall be a basis for Kutak Rock to immediately withdraw from the representation without regard to remaining actions necessitating attention by Kutak Rock as part of the representation.

#### VI. DEFAULT; VENUE

In any legal proceeding to collect outstanding balances due under this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees in addition to costs and outstanding balances due under this Agreement. Venue of any such action shall be exclusive in the state courts of the Second Judicial Circuit in and for Leon County, Florida.

### VII. CONFLICTS

It is important to disclose that Kutak Rock represents a number of special districts, trustees ("Trustees"), bondholders, developers, builders, and other entities throughout Florida and the United States of America relating to community development districts, special districts, local governments and land development. Kutak Rock or its attorneys may also have represented the entity which petitioned for the formation of the Client. Kutak Rock understands that Client may enter into an agreement with a Trustee in connection with the issuance of bonds, and that Client may request that Kutak Rock simultaneously represent Client in connection with the issuance of bonds, while Kutak Rock is also representing such Trustee on unrelated matters. By accepting this Agreement Client agrees that (1) Client was provided with an explanation of the implications of the common representation(s) and the advantages and risks involved; (2) Kutak Rock will be able to provide competent and diligent representation of Client, regardless of Kutak Rock's other representations, and (3) there is not a substantial risk that Kutak Rock's representation of Client would be materially limited by Kutak Rock's responsibilities to another client, a former client or a third person or by a personal interest. Acceptance of this Agreement will constitute Client's waiver of any "conflict" with Kutak Rock's representation of various special districts, Trustees, bondholders, developers, builders, and other entities relating to community development districts, special districts, local governments and land development.

### VIII. ACKNOWLEDGMENT

Client acknowledges that the Kutak Rock cannot make any promises to Client as to the outcome of any legal dispute or guarantee that Client will prevail in any legal dispute.

### IX. TERMINATION

Either party may terminate this Agreement upon providing prior written notice to the other party at its regular place of business. All fees due and payable in accordance with this Agreement shall accrue and become payable pursuant to the terms of this Agreement through the date of termination.

## X. EXECUTION OF AGREEMENT

This Agreement shall be deemed fully executed upon its signing by Kutak Rock and the Client. The contract formed between Kutak Rock and the Client shall be the operational contract between the parties.

#### XI. **ENTIRE CONTRACT**

This Agreement constitutes the entire agreement between the parties.

#### ATTACHMENT A

#### KUTAK ROCK LLP EXPENSE REIMBURSEMENT POLICY

The following is Kutak Rock's standard expense reimbursement policy. This policy applies unless a different arrangement has been negotiated based on the unique circumstances of a particular client or matter.

All expenses are billed monthly. Billings ordinarily reflect expenses for the most recent month, except where there are delays in receiving bills from third party vendors.

<u>Photocopying and Printing</u>. In-house photocopying and printing are charged at \$0.25 per page (black & white) and \$0.50 per page (color). Outside copying is billed as a pass-through of the outside vendor's charges.

Postage. Postage is billed at actual cost.

Overnight Delivery. Overnight delivery is billed at actual cost.

Local Messenger Service. Local messenger service is billed at the IRS approved reimbursement rate.

<u>Computerized Legal Research</u>. Charges for computerized legal research are billed at an amount approximating actual cost.

<u>Travel</u>. Travel (including air fare, rental cars, taxicabs, hotel, meals, tips, etc.) is billed at actual cost. Where air travel is required, coach class is used wherever feasible. Out-of-town mileage is billed at the IRS approved reimbursement rate. Reasonable travel-related expenses for meals, lodging, gratuities, taxi fares, tolls, and parking fees shall also be reimbursed.

<u>Consultants</u>. Unless prior arrangements are made, consultants are ordinarily employed directly by the client. Where consulting or testifying experts are employed by the firm, their charges are passed through with no mark-up. The client is responsible for notifying the firm of any particular billing arrangements or procedures which the client requires of the consulting or testifying experts.

<u>Other Expenses</u>. Other outside expenses, such as court reporters, agency copies, conference calls, etc. are billed at actual cost.

#### **INDEPENDENT AUDITORS' REPORT**

To the Board of Supervisors Highland Meadows II Community Development District Davenport, Florida

#### Opinions

DMHB

We have audited the accompanying financial statements of the governmental activities and each major fund of Highland Meadows II Community Development District, Davenport, Florida ("District") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 27, 2025, on our consideration of the Highland Meadows II Community Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

## **Report on Other Legal and Regulatory Requirements**

We have also issued our report dated June 27, 2025 on our consideration of the District's compliance with requirements of Section 218.415, Florida Statutes, as required by Rule 10.556(10) of the Auditor General of the State of Florida. The purpose of that report is to provide an opinion based on our examination conducted in accordance with attestation Standards established by the American Institute of Certified Public Accountants.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

Our discussion and analysis of Highland Meadows II Community Development District, Davenport, Florida ("District") financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

## FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of \$2,864,790.
- The change in the District's total net position in comparison with the prior fiscal year was (\$165,638) a decrease. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2024, the District's governmental funds reported combined ending fund balances of \$3,581,048. A portion of fund balance is restricted for debt service and future capital repairs and replacement, nonspendable prepaid items and deposits, and the remainder is unassigned fund balance which is available for spending at the District's discretion.

## **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

The government-wide financial statements include all governmental activities that are principally supported by special assessment revenues. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance and operations.

## **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

## **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds for external reporting. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund. All funds are major funds. The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

### **GOVERNMENT WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year. A portion of the District's net position reflects its investment in capital assets (e.g. land, land improvements and infrastructure). These assets are used to provide services to residents; consequently, these assets are not available for future spending. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

Key components of net position were as follows:

| Statement of Net Position       |              |              |  |  |
|---------------------------------|--------------|--------------|--|--|
|                                 | 2024         | 2023         |  |  |
| Current assets                  | \$ 3,622,681 | \$ 3,334,006 |  |  |
| Capital assets                  | 15,607,002   | 16,399,128   |  |  |
| Total assets                    | 19,229,683   | 19,733,134   |  |  |
| Current liabilities             | 783,404      | 733,144      |  |  |
| Long-term liabilities           | 15,581,489   | 15,969,562   |  |  |
| Total liabilities               | 16,364,893   | 16,702,706   |  |  |
| Net position                    |              |              |  |  |
| Net invested in capital assets  | (369,487)    | 1,366,772    |  |  |
| Restricted for debt service     | 1,574,390    | 711,117      |  |  |
| Restricted for capital projects | 596,985      | -            |  |  |
| Unrestricted                    | 1,062,902    | 952,539      |  |  |
| Total net position              | \$ 2,864,790 | \$ 3,030,428 |  |  |

The District's net position decreased during the most recent fiscal year. The majority of the change represents the degree to which ongoing cost of operations exceeded program revenues.

Key elements of the District's change in net position are reflected in the following table:

#### Change in Net Position

|                                    | 2024         | 2023         |
|------------------------------------|--------------|--------------|
| Program revenues                   | \$ 2,088,801 | \$ 2,082,203 |

| Net position - beginning of period | 3,030,428    | 3,238,650    |
| Net position - end of year         | \$ 2,864,790 | \$ 3,030,428 |

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2024 was \$2,441,769, which consisted of interest on long-term debt and costs associated with constructed and maintaining certain capital improvements. The costs of the District's activities were funded by special assessments.

## **GENERAL BUDGETING HIGHLIGHTS**

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2024.

The variance between budgeted and actual general fund revenues is not considered significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At September 30, 2024, the District had \$15,607,002 invested in capital assets and construction in process. Construction in process has not completed as of September 30, 2024 and therefore is not depreciated to date. Once projects are complete, items will transfer to depreciable assets. More detailed information about the District's capital assets is presented in the notes of the financial statements.

## Capital Debt

At September 30, 2024, the District had \$15,976,489 in Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the accompanying notes to the financial statements.

## ECONOMIC FACTORS, NEXT YEAR'S BUDGET AND OTHER INFORMATION

For the fiscal year 2025, the District anticipates that the cost of general operations will remain fairly constant. In connection with the District's future infrastructure maintenance and replacement plan, the District Board has included in the budget, an estimate of those anticipated future costs and has assigned a portion of current available resources for that purpose.

### HIGHLAND MEADOWS II COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS September 30, 2024

#### NOTE A- NATURE OF ORGANIZATION AND REPORTING ENTITY

Highland Meadows II Community Development District ("District") was established on May 28, 2014, by Ordinance 761 and amended on July 27, 2015, by Ordinance 773 and on December 12, 2016, by Ordinance 803, which was approved by Resolution No. 16-135 and adopted by the Board of County Commissioners of Polk County, Florida on November 1, 2016, and on June 3, 2019 by Ordinance 889 of the City of Davenport, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members who are elected for four year terms. The Supervisors are elected on an at large basis by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:

- 1. Assessing and levying assessments.
- 2. Approving budgets.
- 3. Exercising control over facilities and properties.
- 4. Controlling the use of funds generated by the District.
- 5. Approving the hiring and firing of key personnel.
- 6. Financing Improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Government-Wide and Fund Financial Statements (continued)**

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other Items not included among program revenues are reported instead as general revenues.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the economic financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures are recorded when a liability is incurred, as under accrual accounting.

#### Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations are billed and collected by the County Tax Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The District reports the following major governmental funds:

#### General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

#### Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest of long-term debt.

#### Capital Projects Fund

The capital projects fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure with the District.

#### Assets, Liabilities and Net Position or Equity

#### Restricted Assets

These assets represent cash and investments set aside pursuant to contractual restrictions.

#### Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (continued)

#### Deposits and Investments (continued)

- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

#### Inventories and Prepaid Items

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (continued)

#### Capital Assets (continued)

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

| Assets                              | <u>Years</u> |
|-------------------------------------|--------------|
| Infrastructure                      | 20           |
| Improvements other than buildings   | 20           |
| Recreation facilities and amenities | 20           |
| Equipment                           | 7            |

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### Unearned Revenue/Deferred Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

#### Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The statement of net position reports contains, as applicable, a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. For example, the District would record deferred outflows of resources related to debit amounts resulting from current and advance refundings resulting in the defeasance of debt (i.e. when there are differences between the reacquisition price and the net carrying amount of the old debt).

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (continued)

#### Deferred Outflows/Inflows of Resources

The statement of net position reports contains, as applicable, a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For example, when an asset is recorded in the governmental fund financial statements, but the revenue is not available, the District reports a deferred inflow of resources until such times as the revenue becomes available.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has only one item, deferred revenue, which qualifies for reporting in this category.

#### Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

Committed fund balance - Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance - Includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board can assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Assets, Liabilities and Net Position or Equity (continued)

#### Deferred Outflows/Inflows of Resources

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

#### **Other Disclosures**

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### **NOTE C - BUDGETARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

#### HIGHLAND MEADOWS II COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS September 30, 2024

#### **NOTE D – DEPOSITS AND INVESTMENTS**

#### **Deposits**

The District's cash balances, including certificates of deposit, were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

#### **Investments**

The District's investments were held as follows at September 30, 2024:

| Investment                         | Fair Value   | Credit Risk | Maturities              |
|------------------------------------|--------------|-------------|-------------------------|

Custodial credit risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The investments listed in the schedule above are not evidenced by securities that exist in physical or book entry form.

Credit risk - For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk - The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk - The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

#### NOTE D – DEPOSITS AND INVESTMENTS (CONTINUED)

#### **Investments (continued)**

Fair Value Measurement - When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs other than quoted market prices are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. For external investment pools that qualify to be measured at amortized cost, the pool's participants should also measure their investments in that external investment pool at amortized cost for financial reporting purposes. Accordingly, the District's investments have been reported at amortized cost above.

#### NOTE E – INTERFUND RECEIVABLES AND PAYABLES

Interfund receivables and payables for the fiscal year ended September 30, 2024 were as follows:

| Fund             | Receivable |        | Receivable |        | Receivable |  | F | ayable |

September 30, 2024

#### NOTE E – INTERFUND RECEIVABLES AND PAYABLES (CONTINUED)

The outstanding balances between the funds result primarily from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made. In the case of the District, the balances between the general fund and the capital projects fund relate to invoices paid from the general fund that have not been reimbursed by the capital projects fund.

#### NOTE H - MANAGEMENT COMPANY

The District has contracted with a management company to perform services which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

#### **NOTE I - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and environmental remediation. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

#### HIGHLAND MEADOWS II COMMUNITY DEVELOPMENT DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors, Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2024.

The variance between budgeted and actual general fund revenues is not considered significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors Highland Meadows II Community Development District Davenport, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Highland Meadows II Community Development District, as of September 30, 2024 and for the year ended September 30, 2024, which collectively comprise Highland Meadows II Community Development District's basic financial statements and have issued our report thereon dated June 27, 2025.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors Highland Meadows II Community Development District Davenport, Florida

We have examined Highland Meadows II Community Development District, Davenport, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2024. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2024.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Highland Meadows II Community Development District, Davenport, Florida and is not intended to be and should not be used by anyone other than these specified parties.

#### Management Letter

To the Board of Supervisors Highland Meadows II Community Development District Davenport, Florida

#### **Report on the Financial Statements**

We have audited the financial statements of the Highland Meadows II Community Development District ("District") as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated June 27, 2025.

#### Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

#### **Other Reporting Requirements**

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 27, 2025, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual audit report.

#### **Official Title and Legal Authority**

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information required is disclosed in the notes to the financial statements.

#### **Financial Condition and Management**

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the District did not authorize a PACE program pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the District's geographical boundaries during the fiscal year under audit.

#### **Specific Information**
