NEW ENTRY SYSTEM INSTRUCTIONS

Enclosed please find the instructions for the new access control system at the Guardhouse. The instructions provide for the use of both the access control system on the web as well as on the phone app.

Please do not call TEM Systems. If you have questions regarding the instructions please contact the District Office.

Dear Resident:

Our new Resident and Visitor Management Software, GateHouse® Solutions, offers residents a user-friendly platform in order to manage their visitor lists. This document provides a quick overview of some basic functions in the new software, such as logging into your account and pre-approving a visitor via the web portal or phone / tablet app.

- Resident Web Portal **pg. 2-5**
- Resident Phone App **pg. 6-9**

RESIDENT WEB PORTAL

- A new web based portal has been created in order to provide all residents with the ability to manage their visitor lists and view their account profiles. The URL for the portal is <https://paseocdd.gatehouseportal.com/>

• INITIAL LOG-IN

- To log-in to the website for the 1st time, your default username & password will be:
 - o Default Username: **first initial + last name**
 - (example: if your name is Ronald Jones your username will be “rjones”).
 - In order to avoid duplications, there may be some exceptions to this, so if you have trouble, please contact the staff and they will assist you.
 - o Default Password: **paseo2021**
- The system will prompt you to change your password and enter your email address for future password resets.

- o **IMPORTANT:** Please make sure you enter an email address, otherwise the system will not have a place to send you a password should you forget the one you created.

ENTRY SYSTEM AUTOMATED VOICE ATTENDANT CALL IN INSTRUCTIONS

The Automated Attendant Module (AAM) is a voice authorization process that allows you to call the guardhouse in order to pre-authorize a new visitor without having to speak directly to a Community Safety Officer (CSO). Please note that the Automated Attendant system is set up to recognize ONLY the phone numbers that are registered to your profile in the GateHouse® software. You can add additional phone numbers via the resident portal and there is no limit to the amount of phone numbers the system will recognize.

Below are instructions for using the Automated Attendant:

1. The telephone number for the GateHouse® Automated Attendant is (239) 217-4864.
2. You will hear the following greeting: **“Welcome to the visitor scheduling system.”**
3. When the system recognizes your phone number, you will get prompted to choose how long to authorize your visitor for:
 - Press 1 for a 1-day pass
 - Press 2 for a 2-day pass
 - Press 3 for a 7-day pass
4. You will then be prompted to say the name of your visitor or vendor, **“After the tone please say the name of your visitor or vendor”**.
5. After you say the name of your visitor or vendor, wait 1-2 seconds for confirmation **“Your message has been recorded. To enter another visitor or vendor press 1, to end this call, press 2.”** or you can just hang-up to end the call.
6. If the system does not recognize your phone number, you will be prompted to enter in your PIN number, **“Please enter your personal identification number now.”** Your personal PIN is a unique 5-digit personal ID Number that can be found through the resident web portal.
7. If the PIN you enter is valid, you will be prompted to choose the length of the visitor pass (Item 3 above). If the PIN you enter is invalid, the system will prompt you to re-enter it.

Although this is a great feature we encourage all residents to continue to use the app and log on to your accounts to issue the visitors passes. The app and the web portal both speed up the entry process at the guardhouse.
