15 Item Incomplete

A handwritten signature in black ink, appearing to read "Jason Liggett".

Jason Liggett

Lead District Field Coordinator

### Item 1

Assigned To: Board

During the inspection, turf maintenance crews were actively applying fertilizer and performing weed control treatments. A 20-0-10 fertilizer mix was being applied, which supports turfgrass health by promoting leaf growth and improving stress tolerance. Weed treatment was also underway to manage broadleaf and grassy weeds, contributing to overall turf quality and appearance.

### Item 2

Assigned To: Pine Lake

Spoke with Jessi Milich regarding the palm trimming. She confirmed that the approved palms from the last meeting are scheduled to be completed within the next two weeks.

### Item 3

Assigned To: Onsite Manager

What can be done about the cracking in the concrete at the entrance gate to the office area?

## **Escalation Clause**

In the event of significant delay or price increase of material, equipment, or energy occurring during the performance of the contract through no fault of the Construction Manager, the Contract Sum, time of completion or contract requirements shall be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item of material, equipment, or energy will be considered significant when the price of an item increases 5% percent between the date of this Contract and the date of installation

## **Warranty and Tolerances**

Payments Received: The Warranty for the contract is only valid if payment is received in full on acceptance of the work

Diligence: The Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that its work will be of proper and professional quality, and in full conformity with the requirements of the contract

Competence: The Contractor warrants that it is competent to perform the Work and that it has the necessary qualifications including knowledge and skill with the ability to use them effectively.

Site Unknowns: It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the proposal and may require changes in design and construction to overcome such problems – all for which the

Client will be responsible. Client can avoid such risks by permitting the Contractor to do appropriate soil and ground tests, review the site, and to secure additional required site information from appropriate government and other authorities.

Damaged Utilities: Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities

Damage to neighbors buried utilities, on the Client's property, are the responsibility of the Client

replaced at the cost of Contractor

Damage due to pest infestation is excluded from warranty and any damaged material will not be replaced at the cost of the Contractor. If, however, the Contractor has a separate maintenance contract with the client, pest control would fall under that contract and would be subject to those warranty parameters.

Damage due to improper watering after final acceptance will not be replaced at the cost of the Contractor

## Material Tolerances

Wood: Pressure treated wood cannot be guaranteed against warp age, checking, or cupping.

Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone

Metal: Metal, which is not galvanized, is not guaranteed from rusting commencing immediately after installation

Concrete: Spider cracks (hairline stress-fractures) are considered a normal characteristic of all types of concrete. Concrete may crack substantially over time due to proximity of tree roots.

Warranty Time Period: The Contractor warrants all construction and installation for a period of one (1) year, providing that they have been maintained properly. All construction materials are subject to manufacturer's specific warranties/guarantees. Planting is warranted for one (1) year if there is an approved irrigation system

**Client Responsibilities:** The Client recognizes and agrees that they have a responsibility to maintain constructions, plants, bushes, trees, and other installations in keeping with standard quality maintenance requirements for the Warranty to remain in effect. Failure to properly maintain materials or horticulture installations will void the warranty. Client further recognizes and agrees that damage to construction, materials, horticulture elements and other warrantable items of the project will not be warranted if the damage or loss is due to elements beyond the control of the Contractor. For example, flooding eaves, troughs that damage plants, fallen branches, animal caused damage, damaged/ burst irrigation or drainage pipes that were not maintained properly, use of improper chemicals, improper maintenance, extreme or unusual weather conditions, and similar and/or related situations – void all warranties provided by the Contractor

If it shall become necessary for the Contractor to make changes in any designs, drawings, plans, or specifications for any part of the project or reasons over which we have no control, or we are put to any extra work, cost or expense by reason of any act or matter over which it has no control, the Customer will pay to the Contractor a fee for such changed or extra Work calculated on a time and materials basis. All changes to Work or pricing or the terms of this Agreement will be read and understood within the context and meanings of this Agreement unless stated explicitly to the contrary.

Change Order: The quantities or specifications of material as outlined in the Proposal could be adjusted at any time with approval in the form of a signed Change Order. Change Orders will be executed using current market prices

## **Escalation Clause**

In the event of significant delay or price increase of material, equipment, or energy occurring during the performance of the contract through no fault of the Construction Manager, the Contract Sum, time of completion or contract requirements shall be equitably adjusted by Change Order in accordance with the procedures of the Contract Documents. A change in price of an item of material, equipment, or energy will be considered significant when the price of an item increases 5% percent between the date of this Contract and the date of installation

## **Warranty and Tolerances**

Payments Received: The Warranty for the contract is only valid if payment is received in full on acceptance of the work

Diligence: The Contractor agrees to carry out its Work diligently and to provide sufficient supervision and inspection of its staff and subcontractors and that its work will be of proper and professional quality, and in full conformity with the requirements of the contract

Competence: The Contractor warrants that it is competent to perform the Work and that it has the necessary qualifications including knowledge and skill with the ability to use them effectively.

Site Unknowns: It is the responsibility of the Client or the Client's Representative to fully inform the Contractor of all the information regarding site unknowns that may include difficult buried materials, cables, and pipes, tree stumps, drainage or water table issues, rock, and shale sub surfaces and/or other impediments, issues or factors that could otherwise impact the quality, cost and timeliness of project completion. Failure to notify the Contractor may lead to additional costs to the Client (at the Contractor's discretion) and schedule time not included in the proposal and may require changes in design and construction to overcome such problems – all for which the

Client will be responsible. Client can avoid such risks by permitting the Contractor to do appropriate soil and ground tests, review the site, and to secure additional required site information from appropriate government and other authorities.

Damaged Utilities: Should damage occur to utilities during construction, the Contractor is only liable for the cost of the repair. the Contractor is not liable in any way for inconvenience to the Client caused by damage to the utilities

Damage to neighbors buried utilities, on the Client's property, are the responsibility of the Client

Damage to installed material (plants, trees, sod, etc.) by foot traffic, machinery, equipment, other trades, owner neglect or acts of nature will be excluded from any warranty and will not be

replaced at the cost of Contractor

Damage due to pest infestation is excluded from warranty and any damaged material will not be replaced at the cost of the Contractor. If, however, the Contractor has a separate maintenance contract with the client, pest control would fall under that contract and would be subject to those warranty parameters.

Damage due to improper watering after final acceptance will not be replaced at the cost of the Contractor

### Material Tolerances

Wood: Pressure treated wood cannot be guaranteed against warp age, checking, or cupping.

Stone: Natural stone has color variations that vary from stone to stone. In addition, mineral deposits such as lime, iron, etc. can change the stone and even bleed. This is the nature of the product, and the Client accepts this as a natural and acceptable quality of the stone

Metal: Metal, which is not galvanized, is not guaranteed from rusting commencing immediately after installation

Concrete: Spider cracks (hairline stress-fractures) are considered a normal characteristic of all types of concrete. Concrete may crack substantially over time due to proximity of tree roots.

Warranty Time Period: The Contractor warrants all construction and installation for a period of one (1) year, providing that they have been maintained properly. All construction materials are subject to manufacturer's specific warranties/guarantees. Planting is warranted for one (1) year if there is an approved irrigation system

Client Responsibilities: The Client recognizes and agrees that they have a responsibility to maintain constructions, plants, bushes, trees, and other installations in keeping with standard quality maintenance requirements for the Warranty to remain in effect. Failure to properly maintain materials or horticulture installations will void the warranty. Client further recognizes and agrees that damage to construction, materials, horticulture elements and other warrantable items of the project will not be warranted if the damage or loss is due to elements beyond the control of the Contractor. For example, flooding eaves, troughs that damage plants, fallen branches, animal caused damage, damaged/ burst irrigation or drainage pipes that were not maintained properly, use of improper chemicals, improper maintenance, extreme or unusual weather conditions, and similar and/or related situations – void all warranties provided by the Contractor

**Paying Interest and Your Grace Period:** We will not charge you any interest on your purchase balance on this statement if you pay your new balance amount in full by your payment due date.

Beginning August 1, 2019, the cash reward tiers on your Valley OneCard will be changing. See the table below:

<i>Tiers</i>	<i>Cashback %</i>
<i>\$0 - \$500,000</i>	<i>0.25</i>
<i>\$500,001 - \$1,500,000</i>	<i>0.60</i>
<i>\$1,500,001 - \$4,000,000</i>	<i>0.75</i>

<i>\$12,500,001 +</i>	<i>1.00</i>

This change will not impact the timing of your rewards credit (i.e. if you were due to receive your rewards in September, you will still receive them in September).

## INFORMATION ABOUT YOUR VALLEY ONECARD ACCOUNT

As used below, *you* and *your* refer to the accountholder (i.e., the corporate customer) and *we*, *our* and *us* refer to Valley National Bank. Your Valley OneCard is issued and credit is extended by Valley National Bank.

### MAKING PAYMENTS

You will pay us the total amount shown as due on each Billing Statement on or before the Payment Due Date shown on that Billing Statement. If you do not make payment in full by the payment due date, in addition to our other rights under your Agreement, we may, at our option, assess a late fee and finance charge in accordance with your Agreement. There is no right to defer any payment due on an Account. In addition, you will pay us the amount of all fees and charges according to the schedule of charges currently in effect. All charges are subject to change upon 30 days prior notice, except that any increase in charges to offset any increase in fees charged to us by any supplier for services used in delivering the services covered by your Agreement may become effective in less than 30 days.

Payments will be automatically deducted from the Valley Bank [business checking account] that you have designated. Should payment not be received for any reason, you may incur additional fees and finance charges. All credits for payments to your Account are subject to final payment by the institution on which the item of payment was drawn. Payments on your Account will be applied in the following order: finance charges, fees, your Account balance.

### BALANCE COMPUTATION METHOD

[We calculate the average daily balance on your Account in two categories: (1) Purchases and (2) Cash Advances. To get the "average daily balance" for each category, we take the beginning balance of your Account for that category each day. We then add any new transactions in that category, which may include Fees and Interest. We then subtract any new payments or credits. This gives us the daily balance for each category. We then add up all the daily balances for each category for the billing cycle. We then divide the total by the number of days in the billing cycle. This gives us the Average Daily Balance for Purchases and the Average Daily Balance for Cash Advances.]

### INTEREST

In the event you do not pay your balance(s) in full by the due date, your balance(s) may be subject to an interest rate or interest charges, as further described in your Agreement. Your due date is the 25th of each month. If the 25th falls on a weekend or holiday, your payment will be due the business day before the weekend/holiday. We will not charge you interest if you pay your balance(s) in full by the due date each month.

### CREDIT BALANCE

Any credit balance on your Account] is money we owe you. You can make charges against this amount or request a full refund of the amount by calling us at the Contact Us number on the front of this statement.

### NOTICE TO PAST-DUE CUSTOMERS:

If there is a message on this statement that your account is past due, this is an attempt to collect a debt; any information we obtain will be used for that purpose.

### WHAT TO DO IF YOU THINK YOU FIND A MISTAKE ON YOUR STATEMENT

If you or a Cardholder think there is an error on your statement, call us at (844) 626-6581 international (301) 665-4442. or write to us at: PO Box 2988 Omaha, NE 68103-2988 .

You must contact us within 60 days after the error appeared on your statement. Please provide us with the following information:

- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of Problem:* Describe what you believe is wrong and why you believe it is a mistake.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

### YOUR RIGHTS IF YOU ARE DISSATISFIED WITH YOUR VALLEY ONECARD PURCHASES

If you are dissatisfied with the goods or services that you have purchased with your Valley OneCard, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50.
2. You must have used your Valley OneCard for the purchase. Purchases made with cash advances do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 2988 Omaha, NE 68103-2988 or call us at (844) 626-6581 international (301) 665-444.

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

### TELEPHONE MONITORING AND RECORDING.

You acknowledge that telephone calls and other communications you provide to us may be monitored and recorded for training and quality control purposes. You agree that we may, and you authorize us to, monitor, record, retain and reproduce your telephone calls and any other communications you provide to us, regardless of how transmitted to us, as evidence of your authorization to act in connection with any Transaction, your Account or other service contemplated by this Agreement. We will not be liable for any losses or damages that are incurred as a result of these actions. We are not, however, under any obligation to monitor, record, retain or reproduce such items, unless required to do so by Applicable Law.

## INFORMATION ABOUT YOUR VALLEY ONECARD ACCOUNT

As used below, *you* and *your* refer to the accountholder (i.e., the corporate customer) and *we*, *our* and *us* refer to Valley National Bank. Your Valley OneCard is issued and credit is extended by Valley National Bank.

### MAKING PAYMENTS

You will pay us the total amount shown as due on each Billing Statement on or before the Payment Due Date shown on that Billing Statement. If you do not make payment in full by the payment due date, in addition to our other rights under your Agreement, we may, at our option, assess a late fee and finance charge in accordance with your Agreement. There is no right to defer any payment due on an Account. In addition, you will pay us the amount of all fees and charges according to the schedule of charges currently in effect. All charges are subject to change upon 30 days prior notice, except that any increase in charges to offset any increase in fees charged to us by any supplier for services used in delivering the services covered by your Agreement may become effective in less than 30 days.

Payments will be automatically deducted from the Valley Bank [business checking account] that you have designated. Should payment not be received for any reason, you may incur additional fees and finance charges. All credits for payments to your Account are subject to final payment by the institution on which the item of payment was drawn. Payments on your Account will be applied in the following order: finance charges, fees, your Account balance.

### BALANCE COMPUTATION METHOD

[We calculate the average daily balance on your Account in two categories: (1) Purchases and (2) Cash Advances. To get the "average daily balance" for each category, we take the beginning balance of your Account for that category each day. We then add any new transactions in that category, which may include Fees and Interest. We then subtract any new payments or credits. This gives us the daily balance for each category. We then add up all the daily balances for each category for the billing cycle. We then divide the total by the number of days in the billing cycle. This gives us the Average Daily Balance for Purchases and the Average Daily Balance for Cash Advances.]

### INTEREST

In the event you do not pay your balance(s) in full by the due date, your balance(s) may be subject to an interest rate or interest charges, as further described in your Agreement. Your due date is the 25th of each month. If the 25th falls on a weekend or holiday, your payment will be due the business day before the weekend/holiday. We will not charge you interest if you pay your balance(s) in full by the due date each month.

### CREDIT BALANCE

Any credit balance on your Account] is money we owe you. You can make charges against this amount or request a full refund of the amount by calling us at the Contact Us number on the front of this statement.

### NOTICE TO PAST-DUE CUSTOMERS:

If there is a message on this statement that your account is past due, this is an attempt to collect a debt; any information we obtain will be used for that purpose.

### WHAT TO DO IF YOU THINK YOU FIND A MISTAKE ON YOUR STATEMENT

If you or a Cardholder think there is an error on your statement, call us at (844) 626-6581 international (301) 665-4442. or write to us at: PO Box 2988 Omaha, NE 68103-2988 .

You must contact us within 60 days after the error appeared on your statement. Please provide us with the following information:

- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of Problem:* Describe what you believe is wrong and why you believe it is a mistake.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

### YOUR RIGHTS IF YOU ARE DISSATISFIED WITH YOUR VALLEY ONECARD PURCHASES

If you are dissatisfied with the goods or services that you have purchased with your Valley OneCard, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50.
2. You must have used your Valley OneCard for the purchase. Purchases made with cash advances do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 2988 Omaha, NE 68103-2988 or call us at (844) 626-6581 international (301) 665-444.

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

### TELEPHONE MONITORING AND RECORDING.

You acknowledge that telephone calls and other communications you provide to us may be monitored and recorded for training and quality control purposes. You agree that we may, and you authorize us to, monitor, record, retain and reproduce your telephone calls and any other communications you provide to us, regardless of how transmitted to us, as evidence of your authorization to act in connection with any Transaction, your Account or other service contemplated by this Agreement. We will not be liable for any losses or damages that are incurred as a result of these actions. We are not, however, under any obligation to monitor, record, retain or reproduce such items, unless required to do so by Applicable Law.
