Subject: Notice of Temporary Fuel Surcharge

We value the trust you place in Sitex Aquatics & remain committed to providing the reliable, high quality service at a fair price you have been used too.

As you know over the last few months, fuel prices have increased significantly, resulting in a substantial rise in our operating cost, particularly for our service vehicles & equipment. While we have absorbed these increases for as long as possible & with no relief in the near future we have no choice but add a temporary fuel charge of 3% to the monthly invoice effective April 1st.

As soon as fuel prices drop & stabilize this surcharge will be eliminated, hopefully sooner than later!

We appreciate your understanding, loyalty, & continued partnership moving forward.

Sincerely,

Joe Craig

President

Description of Services & Items	Unit	Quantity	Rate	Amount
#147759 - TruGreen Stress Guard Turf Application				**$896.67**

Root Strength & Recovery

- Encourages **deeper, more resilient root growth**
- Supports recovery from:
  - Foot traffic

Helps turf survive **heat, drought, and humidity stress**
Strengthens roots in **sandy Florida soils**
Improves **color and density without overgrowth**
Adds resilience against **disease and salt exposure**

Estimates require a 50% deposit to order and schedule any approved work. Price does not include any irrigation repairs. Irrigation repairs to be billed separately on a time and material basis.

Root Strength & Recovery

Local issue:
Sandy soils = shallow, weak root systems

Benefit:

- Slow-release nutrients feed grass steadily
- Encourages **deeper, more resilient root growth**
- Supports recovery from:
    - Foot traffic
    - Mowing stress
    - Minor drought damage

Stress Guard is most valuable because it:

Helps turf survive **heat, drought, and humidity stress**
Strengthens roots in **sandy Florida soils**
Improves **color and density without overgrowth**
Adds resilience against **disease and salt exposure**

Estimates require a 50% deposit to order and schedule any approved work. Price does not include any irrigation repairs. Irrigation repairs to be billed separately on a time and material basis.

THIS SECOND AMENDMENT is entered into and effective on June 1, 2026, as set forth by and between Buckhead Trails CDD ("District") and Inframark, LLC ("Service Company")

WHEREAS, Service Company and District entered into a management services contract on February 4, 2022 (the "Agreement"), where Service Company would provide district management services to the District, and

WHEREAS, on February 17, 2025, Service Company and District executed First Amendment to Agreement by adjusting the compensation for field service; and

WHEREAS the Service Company and District now wish to amend the Agreement by increasing the Field Services and adjusting the compensation; and

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree to amend the Agreement as follows:

1. The scope of services set forth in Schedule A, Section E of the Agreement is hereby amended to include a shared full-time dedicated field service manager from Service Company to perform the services as set forth in the Scope of Services.

2. The District shall pay Service Company $24,500.00 annually for the shared field service manager as set forth in Section 1 above. Service Company shall provide monthly invoices to the District and District shall pay such invoices within thirty (30) days of receipt of invoice. This compensation to the Service Company will be adjusted annually in budget to reflect wage and cost of living increases for staff.

All work quoted excludes plastering, patching, painting, "In-Line" duct, piping devices, including, but not limited to, valves, dampers, humidifiers, wells, taps, flow meters, orifices, etc. WSS agrees to keep the job site clean of debris arising out of its own operations. CUSTOMER shall not back charge WSS for any costs or expenses without WSS's written consent. Any changes to the original scope of work must be made 14 days prior to job installation.

2.2 MATERIALS. If the materials or equipment included in this proposal become temporarily or permanently unavailable for reasons beyond the control and without the fault of WSS, then in the case of such temporary unavailability, the time for performance of the work shall be extended to the extent thereof, and in the case of permanent unavailability, WSS shall (a) be excused from furnishing said materials or equipment, and (b) be reimbursed for the difference between the cost of the materials or equipment permanently unavailable and the cost of a reasonably available substitute therefor. 3.1 WSS'S response to receipt of signals from the alarm system and signaling initiation devices (collectively "System") shall be in accordance with WSS'S Standard Operating Procedures. WSS reserves the right, in its sole judgment, to first investigate the cause of such signals by either telephoning CUSTOMER at CUSTOMER'S designated telephone number(s), or dispatching a representative to CUSTOMER'S premises to determine whether an emergency condition exists, warranting transmission of the signal(s) to the Police (security monitoring), Fire Department (fire monitoring), and/or WSS monitoring station representative.

The Services performed by WSS shall be conducted in a manner consistent with the degree of care and skill ordinarily exercised by reputable companies performing the same or similar Services in the same locale acting under similar circumstances and conditions.

EXHIBIT B

17. ALLOCATION OF RISK

17.1 It is understood and agreed by and between the parties that WSS is not an insurer and this AGREEMENT is not intended to be an insurance policy or a substitute for an insurance policy. Insurance, if any, covering personal injury and property loss or damage on any DISTRICT'S premises shall be obtained by DISTRICT. DISTRICT agrees to proceed exclusively against its insurer to recover any damages. WSS shall not in any event be responsible under this AGREEMENT for incidental, consequential, punitive, exemplary or special damages, including without limitation lost profits and/or lost business opportunities, whether arising in warranty, late or non-delivery of any Work, tort, contract or strict liability, and regardless of whether any party has been advised of the possibility of such damages. DISTRICT waives and releases any rights of recovery against WSS that it may have hereunder and agrees that WSS shall not be liable for any form of loss, damage, claim or expense, irrespective of origin, whether directly or indirectly caused by performance or non-performance of obligations imposed by this AGREEMENT or by negligent acts or omissions of WSS, its agents or employees. To that end, DISTRICT agrees to defend and indemnify WSS to the fullest extent of the law from any and all liabilities, claims, expenses, losses or damages, including attorneys' fees, which may arise in connection with the execution of any of the work herein specified. DISTRICT shall not be entitled to offset any money owed to Weiser for services as a security of payment for any claim.

17.2 If applicable, DISTRICT hereby authorizes and directs WSS, as its agent, to direct the local police department having jurisdiction, to detain and cause the arrest of every person found in and about the Monitored Site without authorization as evidenced by the list of authorized persons provided by DISTRICT and to hold every such person until released by a representative of DISTRICT designated for this purpose; in all such cases the DISTRICT agrees to indemnify, defend and hold WSS and its employees or agents harmless against all liability, costs, damages or expense in consequence of such arrest and detention.

17.3 From the nature of the Monitoring Services, it is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from the failure of WSS to perform any of its obligations hereunder, or the failure of the System to properly operate. If WSS is found liable for loss or damage due to a failure on the part of WSS, in any respect, its liability shall be limited in the aggregate for the term of the AGREEMENT to the sum of Five hundred ($500.00) Dollars as liquidated damages. Such limit of liability is not a penalty, and this limited liability shall be complete and exclusive. The provisions of this paragraph shall apply in the event loss or damage, irrespective of cause or origin, results directly or indirectly from the performance or nonperformance of the obligations set forth by this AGREEMENT or from negligence, active or otherwise, of WSS its agents or employees. The parties acknowledge that the price for which WSS has agreed to perform the Monitoring Services and obligations is calculated based upon the

Easement Encroachment Agreement

This Easement Encroachment Agreement (this "**Agreement**") is entered into as of _____ ___, 2026 (the "**Effective Date**"), between the **Buckhead Trails Community Development District** (the "**District**") whose mailing address is c/o Inframark, 2005 Pan Am Circle, Suite 300, Tampa, FL 33607, and **Veronica Chantal Delgado Haynes and Richard Haynes** (collectively, the "**Landowner**"), whose mailing address is 10465 Curving Creek Loop, Parrish, FL 34219.

WITNESSETH:

That for and in consideration of the mutual covenants herein contained, and for $10.00, in hand paid, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. **Landowner Property**. Landowner is the fee simple landowner of Lot 685, BUCKHEAD TRAILS PHASE IVC, IVD, AND IVE (the **"Property"**), a subdivision according to the plat thereof recorded at Plat Book 88, Pages 128-140 (the "Plat"), of the Public Records of Manatee County, Florida (the **"Plat"**). Landowner agrees that it will not convey the Property until this Agreement is recorded in the official records of the Clerk of the Circuit Court of Manatee County.

2. **District Easement**. The District has a 15' wide Public Drainage Easement (the **"Easement"**) on the southern side of the Property, as shown on the Plat. Landowner desires to encroach into the Easement by installing a fence as depicted in the site plan submitted (the **"Improvements"**). The Improvements may be installed as long as the Improvements include a gate on both the front and back fences of a minimum width of five (5) feet.

3. **Acknowledgment of Underground Drainage Pipes**. Landowner acknowledges that there are underground drainage pipes in the Easement in which the Improvements will be placed. Landowner agrees that the fence posts for the Improvements will not be installed more than eighteen inches (18") below ground to avoid the underground drainage pipes. If the fence posts require additional depth below ground for safe installation, the Landowner will require the installer or contractor to prod the ground to determine the exact location of the underground drainage pipe and certify that the fence posts will not conflict with the underground pipe in order to determine the desired depth for the fence posts. The Landowner will instruct the installer or the contractor

that any fence post placed over the pipe will have a six-inch (6") separation space between the top of the pipe and the bottom of the excavated area for installation of the fence posts. Landowner is responsible for locating all other underground utility lines and cables

4. **Installation and Maintenance of Improvements**. The Improvements shall be undertaken, completed and at all times maintained by Landowner in a good and workmanlike manner, using sound engineering, construction, and maintenance techniques and practices, strictly as described herein and in the location shown herein, and so as not to impede, impair, obstruct, damage, or interfere with drainage facilities or other facilities, structures, or improvements within and along the easement area or the use of the easement for public purposes. The Landowner shall be responsible for routine maintenance of the Improvements within the Easement. The Landowner shall allow the District access through the Easement.

5. **Permits, Approvals, and Compliance with Regulations**. Landowner shall apply for and obtain, at its sole cost and expense, all necessary federal, state, local and homeowners' association permits necessary to construct and maintain the Improvements, prior to undertaking any work. Landowner is responsible for locating all other underground utility lines and cables prior to installation.

6. **Term and Termination**.
   a. This Agreement shall remain in effect in perpetuity until terminated by either party.
   b. If Landowner fails to reimburse any costs owed to the District under this Agreement within 30 days, the District may terminate this Agreement with 10 days written notice.
   c. If Landowner decides to remove the Improvements or elects not to replace the Improvements after they have been destroyed, either party may terminate this Agreement with 60 days written notice.
   d. Upon termination of this Agreement, the District may record a Notice of Termination of Easement Encroachment Agreement in the official records of the Clerk of the Circuit Court of Manatee County.
   e. At the termination of this Agreement, at the Landowner's sole cost and expense, the Landowner shall remove the Improvements and restore the Encroachment Area to the condition that existed before the Improvements were installed.
   f. If the Landowner does not remove the Improvements and restore the Encroachment Area to the condition that existed before the Improvements were installed by the last day of this Agreement, the District may remove the Improvements and restore the Encroachment Area to the condition that existed before the Improvements were installed, and the Landowner shall repay the District for all costs and expenses (including attorney's fees) incurred by the District.

7. **Indemnification**. Landowner agrees to indemnify, defend and hold the District, its Board of Supervisors and its members, employees, agents, and assigns harmless for: (1) any liability which may be incurred as a result of the approval, preparation, and execution of this Agreement; (2) any damage to the Improvements caused by the District or its agents; (3) any damage to the Easement or to any District or Manatee County improvements or structures located within the Easement; and (4) any claims for injury to any person or damages to any property because of the Improvements.

8. **Insurance**. Throughout the term of this Agreement, the Landowner shall maintain liability insurance covering any injuries or damages that may occur as a result the Improvements.

9. **Covenants Run with the Land**. The provisions of this Agreement shall be deemed covenants running with the title to the Property and shall be binding on and inure to the benefit of the parties and their respective successors and assigns.

10. **Governing Law and Venue**. This Agreement and the provisions contained in this Agreement shall be construed, interpreted, and controlled according to the laws of the State of Florida with venue in the county in which the District is located.

11. **Attorney's Fees**. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, then the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorneys' fees and costs for trial, alternative dispute resolution, or appellate proceedings.

12. **No Title Search**. Both parties acknowledge and agree that this Agreement was drafted at the request of the parties without the benefit of a title search.

13. **Amendments**. This Agreement may only be amended in writing by the parties.

14. **Severability**. If any one or more of the provisions of this Agreement should be held contrary to law or public policy, or should for any reason whatsoever be held invalid or unenforceable by a court of competent jurisdiction, then such provision or provisions shall be null and void and shall be deemed separate from the remaining provisions of this Agreement, which remaining provisions shall continue in full force and effect if the rights and obligations of the parties contained herein are not materially prejudiced and the intentions of the parties continue to be in existence.

15. **Arm's Length Transaction**. This Agreement has been negotiated fully between the parties as an arm's length transaction. In the case of a dispute concerning the interpretation of any provision of this Agreement, the parties are each deemed to have drafted, chosen, and selected the language, and any doubtful language will not be interpreted or construed against any party.

16. **Entire Agreement**. This Agreement contains the entire agreement and neither party is

to rely upon any oral representations made by the other party.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.

Easement Encroachment Agreement

This Easement Encroachment Agreement (this "**Agreement**") is entered into as of May 13, 2026 (the "**Effective Date**"), between the **Buckhead Trails Community Development District** (the "**District**") whose mailing address is c/o Inframark, 2005 Pan Am Circle, Suite 300, Tampa, FL 33607, and **Fernando Guerrero and Elizabeth Guadalupe Ortiz Alonzo** (collectively, the "**Landowner**"), whose mailing address is 10836 Gentle Current Way, Parrish, FL 34219.

WITNESSETH:

That for and in consideration of the mutual covenants herein contained, and for $10.00, in hand paid, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. **Landowner Property**. Landowner is the fee simple landowner of Lot 189, BUCKHEAD TRAILS PHASE IIA (the **"Property"**), a subdivision according to the plat thereof recorded at Plat Book 79, Pages 180-193 (the "Plat"), of the Public Records of Manatee County, Florida (the **"Plat"**). Landowner agrees that it will not convey the Property until this Agreement is recorded in the official records of the Clerk of the Circuit Court of Manatee County.

2. **District Easement**. The District has a 12.5' wide Public Drainage Easement (the **"Easement"**) on the northern side of the Property, as shown on the Plat. Landowner desires to encroach into the Easement by installing a fence as depicted in the site plan submitted (the **"Improvements"**). The Improvements may be installed as long as the Improvements include a gate on both the front and back fences of a minimum width of five (5) feet.

3. **Acknowledgment of Underground Drainage Pipes**. Landowner acknowledges that there are underground drainage pipes in the Easement in which the Improvements will be placed. Landowner agrees that the fence posts for the Improvements will not be installed more than eighteen inches (18") below ground to avoid the underground drainage pipes. If the fence posts require additional depth below ground for safe installation, the Landowner will require the installer or contractor to prod the ground to determine the exact location of the underground drainage pipe and certify that the fence posts will not conflict with the underground pipe in order to determine the desired depth for the fence posts. The Landowner will instruct the installer or the contractor

that any fence post placed over the pipe will have a six-inch (6") separation space between the top of the pipe and the bottom of the excavated area for installation of the fence posts. Landowner is responsible for locating all other underground utility lines and cables

4. **Installation and Maintenance of Improvements**. The Improvements shall be undertaken, completed and at all times maintained by Landowner in a good and workmanlike manner, using sound engineering, construction, and maintenance techniques and practices, strictly as described herein and in the location shown herein, and so as not to impede, impair, obstruct, damage, or interfere with drainage facilities or other facilities, structures, or improvements within and along the easement area or the use of the easement for public purposes. The Landowner shall be responsible for routine maintenance of the Improvements within the Easement. The Landowner shall allow the District access through the Easement.

5. **Permits, Approvals, and Compliance with Regulations**. Landowner shall apply for and obtain, at its sole cost and expense, all necessary federal, state, local and homeowners' association permits necessary to construct and maintain the Improvements, prior to undertaking any work. Landowner is responsible for locating all other underground utility lines and cables prior to installation.

6. **Term and Termination**.
    a. This Agreement shall remain in effect in perpetuity until terminated by either party.
    b. If Landowner fails to reimburse any costs owed to the District under this Agreement within 30 days, the District may terminate this Agreement with 10 days written notice.
    c. If Landowner decides to remove the Improvements or elects not to replace the Improvements after they have been destroyed, either party may terminate this Agreement with 60 days written notice.
    d. Upon termination of this Agreement, the District may record a Notice of Termination of Easement Encroachment Agreement in the official records of the Clerk of the Circuit Court of Manatee County.
    e. At the termination of this Agreement, at the Landowner's sole cost and expense, the Landowner shall remove the Improvements and restore the Encroachment Area to the condition that existed before the Improvements were installed.
    f. If the Landowner does not remove the Improvements and restore the Encroachment Area to the condition that existed before the Improvements were installed by the last day of this Agreement, the District may remove the Improvements and restore the Encroachment Area to the condition that existed before the Improvements were installed, and the Landowner shall repay the District for all costs and expenses (including attorney's fees) incurred by the District.

7. **Indemnification**. Landowner agrees to indemnify, defend and hold the District, its Board of Supervisors and its members, employees, agents, and assigns harmless for: (1) any liability which may be incurred as a result of the approval, preparation, and execution of this Agreement; (2) any damage to the Improvements caused by the District or its agents; (3) any damage to the Easement or to any District or Manatee County improvements or structures located within the Easement; and (4) any claims for injury to any person or damages to any property because of the Improvements.

8. **Insurance**. Throughout the term of this Agreement, the Landowner shall maintain liability insurance covering any injuries or damages that may occur as a result the Improvements.

9. **Covenants Run with the Land**. The provisions of this Agreement shall be deemed covenants running with the title to the Property and shall be binding on and inure to the benefit of the parties and their respective successors and assigns.

10. **Governing Law and Venue**. This Agreement and the provisions contained in this Agreement shall be construed, interpreted, and controlled according to the laws of the State of Florida with venue in the county in which the District is located.

11. **Attorney's Fees**. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, then the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorneys' fees and costs for trial, alternative dispute resolution, or appellate proceedings.

12. **No Title Search**. Both parties acknowledge and agree that this Agreement was drafted at the request of the parties without the benefit of a title search.

13. **Amendments**. This Agreement may only be amended in writing by the parties.

14. **Severability**. If any one or more of the provisions of this Agreement should be held contrary to law or public policy, or should for any reason whatsoever be held invalid or unenforceable by a court of competent jurisdiction, then such provision or provisions shall be null and void and shall be deemed separate from the remaining provisions of this Agreement, which remaining provisions shall continue in full force and effect if the rights and obligations of the parties contained herein are not materially prejudiced and the intentions of the parties continue to be in existence.

15. **Arm's Length Transaction**. This Agreement has been negotiated fully between the parties as an arm's length transaction. In the case of a dispute concerning the interpretation of any provision of this Agreement, the parties are each deemed to have drafted, chosen, and selected the language, and any doubtful language will not be interpreted or construed against any party.

16. **Entire Agreement**. This Agreement contains the entire agreement and neither party is

to rely upon any oral representations made by the other party.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.

SUMMARY:

We are still in an extreme drought but hopeful we get some heavy rain coming. As the rain starts couple things to expect are a jump in Algae blooms as runoff water is typically nutrient rich and will spark a bloom. Trash that has been stuck in storm water drains will be washed out into open water and there will be a risk of fish loss on heavy rainfall as ponds may turnover. This is natural but unpleasant. These are a few things to be aware of but the rain is needed and welcome.
