INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Two Rivers East Community Development District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Two Rivers East Community Development District, Pasco County, Florida ("District") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of September 30, 2024, and the respective changes in financial position thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information Included in the Financial Report

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c), but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Two Rivers East Community Development District, Pasco County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a net position deficit balance of (\$193,356).
- The change in the District's total net position in comparison with the prior fiscal year was \$452,938, an increase. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2024, the District's governmental funds reported combined ending fund balances of \$3,016,613, a decrease of (\$18,626,136) in comparison with the prior fiscal year. The total fund balance is restricted for debt service and capital projects, and the remainder is unassigned deficit fund balance in the general fund.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessments and developer revenues. The District does not have any business-type activities. The governmental activities of the District include general government (management) and maintenance functions.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category, governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District’s near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund, all of which are considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity’s financial position. In the case of the District, liabilities exceeded assets at the close of the most recent fiscal year.

Key components of the District’s net position are reflected in the following table:

	NET POSITION	
	SEPTEMBER 30,	
	2024	2023
Assets, excluding capital assets	\$ 3,071,714	\$ 21,663,335
Capital assets, net of depreciation	23,004,812	4,188,783
Total assets	26,076,526	25,852,118
Current liabilities	661,777	545,664
Long-term liabilities	25,608,105	25,952,748
Total liabilities	26,269,882	26,498,412
Net Position		
Net investment in capital assets	(1,696,974)	(2,632,227)
Restricted	1,503,618	1,985,933
Total net position	\$ (193,356)	\$ (646,294)

The District’s net position reflects its investment in capital assets (e.g. land, land improvements, and infrastructure) less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District’s investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The restricted portion of the District’s net position represents resources that are subject to external restrictions on how they may be used.

The District’s net position increased during the most recent fiscal year. The majority of the increase represents the extent to which ongoing program revenues exceeded the cost of operations.

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION		FOR THE FISCAL YEAR ENDED SEPTEMBER 30,	
	2024	2023	
Revenues:			
Program revenues			
Charges for services	\$ 1,298,370	\$ 4,577	
Operating grants and contributions	160,800	76,077	
Capital grants and contributions	629,927	537,722	
Total revenues	2,089,097	618,376	
Expenses:			
General government	112,452	49,990	
Bond issuance costs	38,500	686,150	
Interest	1,485,207	528,530	
Total expenses	1,636,159	1,264,670	
Change in net position	452,938	(646,294)	
Net position - beginning	(646,294)	-	
Net position - ending	\$ (193,356)	\$ (646,294)	

As noted above and in the statement of activities, the cost of all governmental activities for the fiscal year ended September 30, 2024 was \$1,636,159. The costs of the District’s activities were funded by program revenues. Program revenues of the District are comprised primarily of assessments, as well as Developer contributions. The remainder of the current fiscal year revenue includes assessments and interest revenue. In total, expenses increased from the prior fiscal year, the majority of the increase was the result of an increase in interest expense.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. The general fund budget for the fiscal year ended September 30, 2024 was amended to increase appropriations and use of fund balance by \$41,901 each. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2024.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2024, the District had \$23,004,812 invested in capital assets for its governmental activities. In the government-wide financial statements, no depreciation has been taken as the capital assets are under construction. More detailed information about the District’s capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2024, the District had \$25,905,000 Bonds outstanding for its governmental activities. More detailed information about the District’s capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

It is anticipated that the general operations of the District will increase as the District is being built out.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, landowners, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. **TWO RIVERS EAST COMMUNITY DEVELOPMENT DISTRICT
PASCO COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Two Rivers East Community Development District ("District") was created on September 20, 2022 by Ordinance 22-52 of the Board of County Commissioners of Pasco County, Florida, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, and expanded by Ordinance 2022-59. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District boundaries were revised by the Pasco County Board of County Commissioners by Ordinance 24-09, which became effective on January 25, 2024. The District encompasses property that consists of approximately 665.125 acres.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. Ownership of land within the District entitles the owner to one vote per acre. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. At September 30, 2024, all of the Board members are affiliated with Eisenhower Property Group, LLC ("Developer").

The Board has the final responsibility for:

1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on all platted lots within the District. Assessments are levied each November 1 on property as of the previous January 1 to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. For debt service assessments, amounts collected as advance payments are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

Capital Projects Fund

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

No depreciation has been taken in the current fiscal year as the District's infrastructure and other capital assets are under construction.

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits

The District’s cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository’s financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District’s investments were held as follows at September 30, 2024:

	<u>Amortized cost</u>	<u>Credit Risk</u>	<u>Maturities</u>
First American Government Obligations Fund - Y Class	\$ 3,028,653	S&P AAAM	Weighted average of the fund portfolio: 31 days
Total Investments	<u>\$ 3,028,653</u>		

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 5 – CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2024 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance
<u>Governmental activities</u>				
Capital assets, not being depreciated				
Construction in progress	\$ 4,188,783	\$ 18,816,029	\$ -	\$ 23,004,812
Total capital assets, not being depreciated	4,188,783	18,816,029	-	23,004,812
Governmental activities capital assets, net	<u>\$ 4,188,783</u>	<u>\$ 18,816,029</u>	<u>\$ -</u>	<u>\$ 23,004,812</u>

The infrastructure intended to serve the District has been estimated at a total cost of approximately \$76,945,000 and will be developed in phases. A portion of the project costs was expected to be financed with the proceeds from the issuance of Bonds with the remainder to be funded by the Developer and conveyed to the District. Upon completion, certain improvements are to be conveyed to others for ownership and maintenance responsibilities.

NOTE 6 – LONG-TERM LIABILITIES

Series 2023

On May 30, 2023, the District issued \$26,260,000 of Special Assessment Bonds, Series 2023, consisting of multiple term bonds with due dates ranging from May 1, 2030 through May 1, 2053 and interest rates ranging from 4.875% - 5.875%. The Bonds were issued to finance the costs of construction and acquisition of the Series 2023 project. Interest is to be paid semiannually on each May 1 and November 1, commencing November 1, 2023. Principal on the Bonds is to be paid serially commencing on May 1, 2024.

The Series 2023 Bonds are subject to redemption at the option of the District prior to their maturity. The Bonds are subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture

NOTE 6 – LONG-TERM LIABILITIES (Continued)

Series 2023 (Continued)

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. Upon satisfaction of certain conditions, a portion of the original reserve requirements will be released to the Developer for construction costs paid on behalf of the District; this did not occur during the current fiscal year. The District was in compliance with the requirements at September 30, 2024.

Long-term Debt Activity

Changes in long-term liability activity for the fiscal year ended September 30, 2024 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<u>Governmental activities</u>					
Series 2023	\$ 26,260,000	\$ -	\$ 355,000	\$ 25,905,000	\$ 370,000
Less: Original issue discount	307,252	-	10,357	296,895	-
Total	<u>\$ 25,952,748</u>	<u>\$ -</u>	<u>\$ 344,643</u>	<u>\$ 25,608,105</u>	<u>\$ 370,000</u>

At September 30, 2024, the scheduled debt service requirements on the long-term debt were as follows:

Year ending September 30:	Governmental Activities		
	Principal	Interest	Total
2025	\$ 370,000	\$ 1,484,919	\$ 1,854,919
2026	390,000	1,466,881	1,856,881
2027	410,000	1,447,869	1,857,869
2028	430,000	1,427,881	1,857,881
2029	450,000	1,406,919	1,856,919
2030-2034	2,660,000	6,652,881	9,312,881
2035-2039	3,545,000	5,797,125	9,342,125
2040-2044	4,730,000	4,649,425	9,379,425
2045-2049	6,330,000	3,095,538	9,425,538
2050-2053	6,590,000	996,400	7,586,400
	<u>\$ 25,905,000</u>	<u>\$ 28,425,838</u>	<u>\$ 54,330,838</u>

NOTE 7 – DEFICIT FUND EQUITY

The general fund had a deficit fund balance of (\$12,040) at September 30, 2024. The deficit will be covered by a contribution from the Developer in the subsequent period.

NOTE 8 – DEVELOPER TRANSACTIONS

The Developer has agreed to fund the general operations of the District. In connection with that agreement, Developer contributions to the general fund \$38,183. The District reports a receivable of \$12,040 from the Developer which is unavailable as of September 30, 2024.

The District acquired infrastructure improvements from the Developer for a total cost of \$14,889,952 during the current fiscal year.

NOTE 9 – CONCENTRATION

The District's activity is dependent upon the continued involvement of the Developers, the loss of which would have a material adverse effect on the District's operations.

NOTE 10 – MANAGEMENT COMPANY

The District has contracted with a management company to perform management advisory services, which include financial and accounting services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

NOTE 11 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims since the inception of the District.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the General Fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. The general fund budget for the fiscal year ended September 30, 2024 was amended to increase appropriations and use of fund balance by \$41,901 each. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2024.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
 REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
 OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
 GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors
 Two Rivers East Community Development District
 Pasco County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Two Rivers East Community Development District, Pasco County, Florida ("District") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated June 24, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE
REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY
RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Board of Supervisors
Two Rivers East Community Development District
Pasco County, Florida

We have examined Two Rivers East Community Development District, Pasco County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2024. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2024.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Two Rivers East Community Development District, Pasco County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2023.

2. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2024.

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2024.

4. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.

5. The District has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.

6. We applied financial condition assessment procedures and no deteriorating financial conditions were noted as of September 30, 2024. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

7. Management has provided the specific information required by Section 218.39(3)(c) in the Other Information section of the financial statements on page 23.

RESOLUTION NO. 2025-09

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE TWO RIVERS EAST COMMUNITY DEVELOPMENT DISTRICT ADOPTING A NO FISHING POLICY; PROVIDING FOR CONFLICTS AND SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Two Rivers East Community Development District (the “**District**”) is a local unit of special-purpose government created and existing pursuant to Chapter 190, Florida Statutes, being situated in Pasco County, Florida;

WHEREAS, the District owns and maintains various common areas including, but not limited to, stormwater ponds, lakes, ponds, wetlands, upland buffer areas, and mitigation and conservation areas within the District (the “**District-Owned Property**”);

WHEREAS, the Board of Supervisors of the District (the “**Board**”) is authorized to establish policies for the maintenance of stormwater ponds, natural areas, and conservation areas within the District;

WHEREAS, the District-Owned Property was not designed for fishing or other recreational activities; and

WHEREAS, in an effort to reduce damage to the District-Owner Property and to reduce harm to residents and guests, the District desires to adopt a policy governing the activities on these areas.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE TWO RIVERS EAST COMMUNITY DEVELOPMENT DISTRICT:

1. **Incorporation of Recitals**. The above recitals are true and correct and by this reference are incorporated as a material part of this resolution.
2. **Adoption of No Fishing Policy**. The Board hereby adopts the No Fishing Policy attached hereto as **Exhibit “A”**.
3. **Conflicts**. This Resolution replaces any prior resolutions, policies, rules, actions or any portion or content included therein in conflict with this resolution.
4. **Severability**. If any section or part of a section of this resolution is declared invalid, unconstitutional, or inconsistent with any law or regulation, the validity, force and effect of any other section or part of a section of this resolution shall not thereby be affected or impaired unless it clearly appears that such part of this resolution is wholly or necessarily dependent upon the section or part of a section so held to be invalid or unconstitutional.
5. **Effective Date**. This Resolution shall become effective upon its passage and shall remain in effect unless rescinded, repealed, replaced, or superseded.

PASSED AND ADOPTED THIS 15TH DAY OF JULY, 2025.

Attest:

**Two Rivers East

Title: Assistant Secretary

Carlos de la Ossa
Chair of the Board of Supervisors

Two Rivers East Community Development District

Introduction

The Two Rivers East Community Development District (the "District") owns and maintains various common areas including, but not limited to, stormwater ponds and stormwater drainage areas within the District.

These areas provide many benefits to the District including wildlife habitat areas, natural aesthetic views, wetland recharge areas, and stormwater drainage areas. The District maintains these areas in accordance with all applicable environmental laws and regulatory permits (in some cases these areas are not intended to be maintained and are left in their natural state). Residents are prohibited from disturbing or altering the trees and vegetation in these areas without written permission from the District.

Violators of this policy are deemed to be trespassing on District property and the trespassers will be reported to the local authorities.

Please be advised that SWFWMD may levy fines for violations of their rules and regulations, up to \$10,000 per offense per day, pursuant to Section 373.430, Florida Statutes.

No Fishing Policy

1. No fishing or swimming is permitted in any District stormwater ponds.
2. No other use (including any recreational or simply walking on pond banks) of the ponds is authorized.
3. The stormwater ponds within the District are not natural lakes and were constructed for storm water management purposes.
4. The ponds are not maintained to state code for consumption of the fish found in the ponds.
5. Some of the fish found in the ponds assist in keeping mosquito and midge fly populations under control and assist in maintaining the water quality by mixing the water table.
6. This policy is adopted to support public health, safety, and welfare, by encouraging the avoidance of natural or animal hazards, and potentially avoid exacerbation of any erosion issues (which are usually very costly) due to vehicles, people, or animals standing on pond banks.
7. Violators are deemed to be trespassing on District property and the trespassers will be reported to the local authorities.

Weather the Storm.

Have Peace of Mind With **Pre-Authorized Storm Clean-Up**

When you approve a clean-up plan, we are on the ground canvassing your property to assess damage as soon as the storm has passed. We quickly dispatch the appropriate teams to address your needs, prioritizing safety first:

Our record over the years and our ICARE values have proven that we will do everything we can to alleviate the stress caused by inclement weather in a **3-phase approach**:

Phase 1: Emergency services to clear roadways, driveways, and walkways for first responders.

Phase 2: Complete clean-up, staking, and specific rebuilds as requested, so that recurring maintenance can begin.

Phase 3: Property rebuild: Normal enhancement rates would apply.

Utilizing our network of vendor partners and leveraging our Construction Division, we can bring resources to address the situation.

Please Approve Clean-Up Services by signing this form and emailing it to Storm_Prep@down2earthinc.com or give it directly to your Account Manager.

2025

Hurricane season is upon us again. No matter what the weather may bring, your Down to Earth team is looking out for you.

To ensure we can provide you with a swift response following severe weather, we recommend the following:

Pre-Authorize Storm Clean-Up

See our **3-phase approach** below.

Keep Us Apprised of your Insurance Requirements

Let us know of any requirements your insurance carrier may have for documenting damages or corrective actions resulting from a storm. Our team will take photos of damages and keep track of manpower, equipment, and work provided in our repairs.

Let Us Know How to Reach You

Communications can be vulnerable in case of a storm. Remember to keep your contact information updated.

Prepare Your Trees

Reduce the risk of damage and injury by pruning weak branches and opening canopies. Schedule an assessment with our team to ensure your trees are ready.

LUNCHES

finances have been difficult. Budgets for school breakfast and lunch programs that don't tap into general funds and are largely dependent on federal funds.

Dustin Walker, director of food and nutrition for Pinellas County Schools, told school board members costs have skyrocketed since 2020 and haven't come back down. They initially received about \$4 million in supply chain assistance funds, he said, but that expired in 2023.

The Consumer Price Index, a tool used to measure how prices change over time, shows a 7% increase in costs, he said. The impacts of President Donald Trump's tariffs on foreign goods and potential federal reimbursement rates remain unclear.

Stephanie Spicknall, Pasco's director of food and nutrition services, said the district's meal program lost about \$4.8 million last year. This year they're projected to lose another \$5 million. The cost to produce one meal is \$3.63, she said. They are reimbursed 53 cents per meal through the U.S. Department of Agriculture.

are at an all-time high and rising," she said. "We now are facing tariffs. So that's just lots of funding uncertainty and fiscal uncertainty in our program right now."

"Our main federal reimbursement is the (U.S. Department of Agriculture) reimbursement rate that is issued annually in July," she added. "So we don't even know what our main source of funding will be for next school year."

Both Pinellas and Pasco counties said they are exploring other ways to lower costs and offer different options.

Walker said Pinellas schools would be piloting a "scratch kitchen" program to offer more restaurant style or skillet cooking as opposed to "heat and eat." They would explore different distributors, he said.

Still, Spicknall said, federal regulations make it difficult to go too outside the box.

"We have very strict nutrition parameters," she said. "They've already reduced salt down to a therapeutic diet, and they're going to target sugar next, but we try our best and work with manufacturers to create palatable items that students do still love to consume."

"So, yeah, I can't just go find a better price for macaroni and cheese or the pancakes, because

they have to be whole-grain rich and meet certain parameters for sodium and fat and all other criteria."

When asked by Pasco's school board if the Trump administration had loosened any of those dietary requirements, Spicknall said that if anything, they had gotten more strict, with anticipated bans on food dyes coming next.

Spicknall said there is also legislation to change what schools qualify for free meals. Additionally, federal aid cuts could shrink the number of students eligible for free meals.

Walker said Pinellas County will be encouraging more eligible families to apply for free or reduced lunch.

"We've also had conversations about how we make sure that our cafeteria managers are ready if they're seeing the trend of a student who can't or isn't coming (for meals)," he said. "We're making sure that we follow back up as a food nutrition department, not always just the principal or (assistant principal) having those kind of conversations."

LEGAL NOTICE

NOTICE OF PUBLIC HEARING FOR THE CONSIDERATION OF THE PETITION AND ORDINANCE TO CONTRACT THE BOUNDARIES OF THE TWO RIVERS NORTH COMMUNITY DEVELOPMENT DISTRICT PURSUANT TO CHAPTER 190, FLORIDA STATUTES

In compliance with the provisions of Chapter 190, Florida Statutes, the Pasco County Board of County Commissioners will hold a public hearing beginning at 1:30 p.m., Tuesday, June 3, 2025, at the Historic Pasco County Courthouse Boardroom, 2nd Floor, 37918 Meridian Avenue, Dade City FL 33525, to consider a petition and the adoption of an ordinance to amend the boundaries of the Two Rivers North Community Development District.

The boundaries of the land to be serviced by the amended boundaries of the Two Rivers West Community Development District are outlined above. The petitioner has proposed to amend the boundaries of the Two Rivers West Community Development District to plan, finance, acquire, construct, operate, and maintain all infrastructure and community facilities that may be authorized by such districts under Florida law, including, but not limited to, water management and control, water supply, sewer, wastewater management, bridges or culverts, roads and street lights, parks and recreational facilities, security facilities, and certain other projects when expressly approved or required by a local government and any other facilities in accordance with Section 190.012(1), Florida Statutes.

Information concerning this matter will be on file and available for examination by appointment only in the office of the Pasco County Planning and Development Department, 8731 Citizens Drive, Suite 360, New Port Richey, Florida 34654, or anytime on our website: www.pascocountyfl.net. To make an appointment or for further information, call 727-847-8140 ext.1953. All interested parties may participate in the public hearing and be heard. To learn how to participate in this hearing virtually, which requires advance registration, please visit <https://www.pascocountyfl.net/4179/Public-Comment-Options>.

Any person desiring to appeal against any decision made by the Pasco County Board of County Commissioners concerning any matter considered at any hearing will need a record of the proceedings and may need to ensure that a verbatim record of the proceedings is made, which includes the testimony and evidence upon which the appeal is to be based. For meetings, persons may obtain a verbatim record of the proceeding by contacting the Clerk and Comptroller's Office, East Pasco Government Center, 14326 6th Street, Suite 201, Dade City, Florida 33523-3414, or (352) 521-4345.

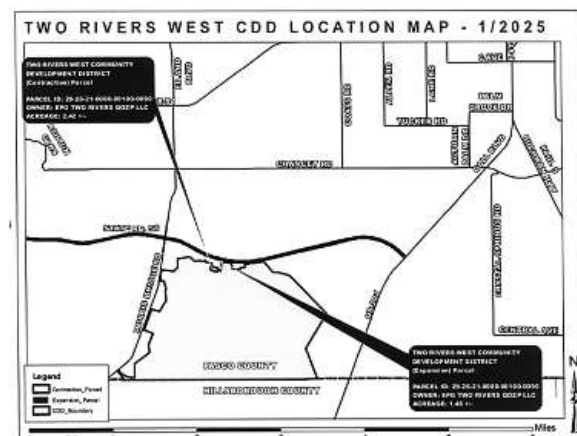

If you are a person with a disability who needs any accommodation to participate in this proceeding, you are entitled, at no cost to you, to the provision of certain assistance. Don't hesitate to get in touch with the County's Human Resources Department, Internal Services Building, 7536 State Street, New Port Richey, Florida 34654, (727) 847-8030 (V) at least 7 days before the public hearing or immediately upon receiving this notification if the time before the public hearing is less than 7 days; if you are hearing or voice impaired, call 711.

Safety Concern – Sidewalk Near Pocket Park

Photos 1, 2, and 3: Several areas along the sidewalk near the pocket park have standing water, which has led to algae buildup and created a slippery surface. This poses a safety hazard for pedestrians. Please inspect the area to determine the cause—whether it's a leaking valve or irrigation issue—and address it as soon as possible.

Weed Control – Swamp Area Beds

Photos 1 and 3: Weeds are present in the beds between the Liriope and Firebush within the swamp area. These need to be addressed and removed.

Plant Replacement Needed

Photo 2: Six dead azaleas are visible and need to be replaced. Additionally, although not shown in the photo, there are ten firebushes in the area that also need replacement.
