# **Master Development Acquisition Agreement**

This Master Development Acquisition Agreement (this “**Agreement**”), dated as of August 15, 2025, is between **St. Joe Road Project, LLC** a Florida limited liability company, and **St. Joe the Second, LLC** a Florida limited liability company (together, the “**Developer**”) and the **Vista Walk Community Development District**, a local unit of special purpose government organized and existing under Chapter 190, Florida Statutes (the “**District**”).

## **Recitals**

**WHEREAS**, the District has previously determined that it is in the best interests of the present and future landowners within the District to finance, construct, acquire, operate, and maintain certain community development services and facilities within the District (such facilities, systems, and improvements are more specifically described in the plans and specifications on file at the registered office of the District); and

**WHEREAS**, the District intends to issue Special Assessment Bonds, in one or more series (“**Bonds**”), to finance the acquisition and construction of a portion of the public infrastructure improvements and facilities described in the *Master Engineer’s Report dated March 13, 2024* (the “**Project**”); and

**WHEREAS**, contingent upon the closing on the sale of the Bonds and subject to the terms and conditions hereof, the District is willing to acquire portions of the Project constructed by Developer from Developer, and Developer has agreed to convey the portion of the Project constructed by Developer, from time to time; and

**WHEREAS**, in order to acquire, construct, operate and maintain the Project, the District will require Developer (i) to convey to the District, another governmental entity, or their designees from time to time, all of Developer’s right, title, and interest in the Project, (ii) to assign or otherwise convey to the District, another governmental entity, or their designees from time to time, all existing reservations made to Developer of conservation tracts, maintenance buffer easements, lake maintenance easements, water management tracts, drainage easements, sewer easements, ingress and egress easements, and like easements within the District to the extent constituting a portion of the Project and/or financed with the proceeds of the Bonds, and (iii) to convey or dedicate to the District, another governmental entity, or their designees, from time to time, all non-exclusive easements, tracts, structures, and improvements that in the future shall constitute or be necessary to construct, operate, and maintain the Project.

## **Operative Provisions**

**NOW, THEREFORE**, in consideration of the mutual covenants herein contained, and for \$10.00 and other good and valuable consideration, receipt of which is hereby acknowledged, the parties agree as follows:

- 1. Conveyance of the Project.** From time to time as legally appropriate to effect a transfer to the District of a fee or easement estate in land owned, acquired or otherwise controlled by Developer (as the case may be) and relating to the Project, and to the extent permitted by applicable laws and regulations, Developer shall convey to the District, another governmental entity, or their designees such legal interest in and to the Project, subject to non-exclusive easements as reasonably requested by Developer, free and clear of all liens and encumbrances except matters of record and current taxes. Developer shall, at its expense, furnish the District a property information report or other title evidence reasonably satisfactory to the District confirming that Developer has fee simple title to those portions of the Project (if any) that are realty, free and clear of liens and encumbrances except matters of record and current taxes. The conveyances shall be made by special warranty deed or non-exclusive easement (as appropriate), in recordable form, or by appropriate dedications upon recorded subdivision plats for the portions of the Project which are realty and by absolute bill of sale or written assignment for those portions of the Project

which are tangible or intangible personality. All such instruments of conveyance or assignment shall be in a form reasonably acceptable to the District and Developer, and shall be executed and delivered to the District from time to time hereafter as requested by the District.

2. **Conveyances of Reservations.** From time to time as reasonably requested by the District, but no later than the recordation of a plat for any portion of the Project, and subject to applicable laws pertaining to such matters, Developer shall transfer and assign to the District all existing reservations made by Developer of conservation tracts, maintenance buffer easements, lake maintenance easements, water management tracts, drainage easements, sewer easements, ingress and egress easements, and like easements within the District to the extent constituting a portion of the Project (collectively, the “Reservations”).
3. **Agreement to Convey or Dedicate.** On or before the closing on the sale of the Bonds Developer shall execute and deliver to the District, in recordable form, an Agreement to Convey or Dedicate to the District all future easements, tracts, structures, and improvements (collectively, the “**Project Lands and Improvements**”), that constitute the Project and/or are necessary to construct, operate, and maintain the Project on the lands within the District owned by Developer and subject to the terms of this Agreement. If Developer already conveyed the Project Lands and Improvements to the appropriate entities, then it may not be required to enter into an Agreement to Convey or Dedicate.
4. **Plan and Specifications.** Developer shall provide the District with 1 electronic and 1 paper copy set of any and all plans and specifications relating to the portion of the Project developed by Developer.
5. **Purchase Price.** From available proceeds from the closing on the sale of the Bonds, and thereafter from time to time, and in accordance with the terms hereof and the terms of the indentures pursuant to which the Bonds are issued, the District shall, to the extent there are sufficient funds in the construction account, pay Developer, in one or more installments, the lesser of the actual cost or the fair market value of the portions of the Project constructed by Developer, as determined by the District Engineer. Such payments shall be as soon as Developer has satisfied the conditions precedent for payment set forth in this Agreement by transferring the completed portion of the Project to the District in accordance with this Agreement. The District is under no obligation to issue the Bonds at any time, and Developer shall have no right to compel the District to issue Bonds or to pay such principal from any other source of funds.
6. **Engineer's Certification.** Before any payment by the District as provided in paragraph 5 above, the District shall obtain from the District Engineer a certificate, signed by the District Engineer, certifying that: (i) the amount to be paid to Developer is equal to the lesser of the fair market value or the actual cost of the portion of the Project being acquired and (ii) the portion of the Project being acquired is in substantial conformity with the plans and specifications and all applicable laws governing the installation or construction thereof as certified to Developer and the District by the District Engineer.
7. **Warranty.** Developer shall assign to the District all or any remaining portion of the contractor's standard warranty warranting the contractor's work on the Project against defects in materials, equipment, or construction. Notwithstanding such assignment, Developer shall cause any contractors to warrant their work on the Project is free of defects in materials, equipment, or construction for a period of 1 year from completion of their work on the Project.
8. **Damage to Project.** During construction, if Developer or any of its agents damages the Project or any other property of the District, Developer, at its sole cost and expense, shall immediately repair such damage.
9. **Maintenance Rights.** Developer shall have the right, but not the obligation, to enter upon, repair or maintain any of the Project, Reservations, and Project Lands and Improvements for no consideration that

are not properly or adequately maintained by the District after conveyance thereof to the District, in accordance with operation and maintenance standards to be established at the time of conveyance to the District.

10. **Closing Expenses and Tax Proration.** Developer shall pay any and all Florida documentary stamps that may be due in connection with the conveyances hereunder or under the Agreement to Convey or Dedicate.
11. **Further Assurances.** From and after the date hereof, Developer shall make, do, execute, acknowledge, and deliver, all and every other further act, deed, easement conveyance, assignment, transfer, and assurance as may be reasonably required (i) to convey, grant, assign, and confirm any and all of Developer's rights or interest in the Project Lands and Improvements that are intended or legally required to be acquired by or conveyed to the District as contemplated by this Agreement and the indentures governing the Bonds to be executed by the District in connection with the sale of the Bonds, (ii) to enable the District to operate and maintain the Project, and (iii) to permit the District to obtain the deed, easement, conveyance, assignment, transfer, or dedication of all real property or interest therein necessary for the construction, maintenance, and operation of the Project.
12. **Specific Enforcement.** The parties acknowledge that the District and Developer will be irreparably damaged (and that damages at law would be an inadequate remedy) if the covenants and agreements of the other party contained herein are not specifically enforced. Therefore, in the event that either party fails to comply with any covenant or agreement contained herein, the non-defaulting party, after delivering to the defaulting party written notice thereof and the defaulting party failing to remedy the same within 60 days, in addition to all other rights and remedies, shall be entitled to a decree for specific performance of those covenants and agreements, without being required to show any actual damage or to post any bond or other security; provided, however, in no event shall either party be liable for punitive, consequential or other special damages.
13. **Attorneys' Fees.** In the event of any action or proceeding between Developer and the District to enforce any provision of this Agreement, the losing party shall pay to the prevailing party all costs and expenses, including without limitation, reasonable attorneys' fees, costs, and expenses, incurred in such action or proceeding and in any appeal in connection by such prevailing party.
14. **Applicable Law.** This Agreement is made and shall be construed under the laws of the State of Florida with venue in the county where the District is located.
15. **Survival.** The terms and conditions hereof shall survive the closing of the transactions contemplated hereby.
16. **Third Party Beneficiaries.** The trustee for the Bonds (the "Trustee"), on behalf of the bondholders, shall be a direct third party beneficiary of the terms and conditions of this Agreement entitled to enforce Developer's obligations hereunder acting at the written direction of the bondholders owning a majority of the aggregate principal amount of all Bonds then-outstanding. This Agreement is solely for the benefit of the parties set forth in this Section, and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any other third party. The Trustee shall not be deemed to have assumed any obligations or duties under this Agreement.
17. **Amendments.** This Agreement may not be altered, changed, amended, or terminated except by an instrument in writing, signed by both parties hereto.

**18. Successors and Assigns.** Developer shall have the right to assign, in whole or part, its rights and obligations under this Agreement to a successor developer, provided that Developer delivers to the District a written assignment and assumption instrument evidencing such assignment.

**19. Arm's Length Transaction and Interpretation.** This Agreement has been negotiated fully between the parties as an arm's length transaction. In the case of a dispute concerning the interpretation of any provision of this Agreement, the parties are each deemed to have drafted, chosen, and selected the language, and any doubtful language will not be interpreted or construed against any party.

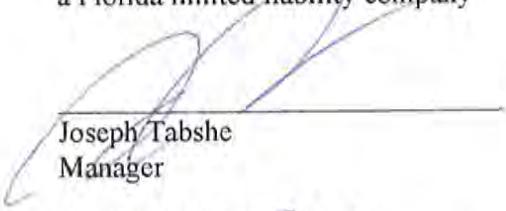

**20. Severability.** The invalidity or unenforceability of any one or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.

**21. Counterparts.** This Agreement may be executed in multiple counterparts, which, when taken together, shall constitute one and the same instrument.

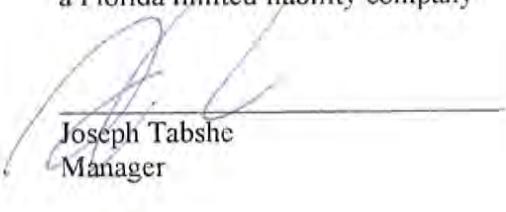

**22. Entire Agreement.** This Agreement contains the entire agreement and neither party is to rely upon any oral representations made by the other party. This Agreement shall supersede and subsume any prior agreements.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors  
Vista Walk Community Development District  
City of Dade City, Florida

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, and the major fund of Vista Walk Community Development District, City of Dade City, Florida ("District") as of and for the period from inception January 23, 2024 to September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District, as of September 30, 2024, and the respective changes in financial position thereof for the period from inception January 23, 2024 to September 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

The District's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Information Included in the Financial Report***

Management is responsible for the other information included in the financial report. The other information comprises the information for compliance with FL Statute 218.39 (3) (c), but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with Government Auditing Standards, we have also issued our report dated October 20, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Vista Walk Community Development District, City of Dade City, Florida ("District") provides a narrative overview of the District's financial activities from inception January 23, 2024 to September 30, 2024. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

This information is being presented to provide additional information regarding the activities of the District and to meet the disclosure requirements of Government Accounting Standards Board Statement ("GASB") No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* issued June 1999. Comparative information between the current year and the prior year is required to be presented in the Management's Discussion and Analysis ("MD&A"). However, because this is the first year of operations of the District, comparative information is excluded in this report. Subsequent reports will include the comparative information.

### FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the period from inception January 23, 2024 to September 30, 2024, resulting in a net position deficit balance of (\$31,206).
- The change in the District's total net position for the period from inception January 23, 2024 to September 30, 2024 was (\$31,206), a decrease. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2024, the District's governmental funds reported combined ending deficit fund balance (\$31,206).

### OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by Developer contributions. The District does not have any business-type activities. The governmental activities of the District include the general government (management) function.

## OVERVIEW OF FINANCIAL STATEMENTS (Continued)

### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains one governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, which a major fund.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the period from inception January 23, 2024 to September 30, 2024.

Key components of the District's net position are reflected in the following table:

NET POSITION	
SEPTEMBER 30, 2024	
Assets, excluding capital assets	\$ 9,318
Total assets	9,318
Current liabilities	40,524
Total liabilities	40,524
Net Position	
Unrestricted	(31,206)
Total net position	\$ (31,206)

## GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION		
FOR THE PERIOD FROM INCEPTION JANUARY 23, 2024 TO		
SEPTEMBER 30, 2024		
Revenues:		
Program revenues		
Operating grants and contributions	\$ 20,000	
Total revenues	<u>20,000</u>	
Expenses:		
General government	<u>51,206</u>	
Total expenses	<u>51,206</u>	
Change in net position	(31,206)	
Net position - beginning	-	
Net position - ending	<u>\$ (31,206)</u>	

As noted above and in the statement of activities, the cost of all governmental activities for the fiscal year ended September 30, 2024, was \$51,206. The costs of the District's activities were funded primarily by program revenues. Program revenues of the District are comprised of Developer contributions.

### GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the period from inception January 23, 2024 to September 30, 2024.

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for the subsequent fiscal year. In addition, it is anticipated that the general operations of the District will remain fairly constant.

### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, landowners, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact Vista Walk Community Development District's Finance Department at 2005 Pan Am Circle, Suite 300, Tampa, Florida 33607.

**VISTA WALK COMMUNITY DEVELOPMENT DISTRICT  
CITY OF DADE CITY, FLORIDA  
NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY**

Vista Walk Community Development District ("District") was established on January 23, 2024 via Ordinance 2023-38 enacted by the City of Dade City, pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. At September 30, 2024, four of the Board members are affiliated with the Developer, and one of the Board members is affiliated with the management company that is contracted by the District.

The Board has the final responsibility for:

1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment; operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

### **Assessments**

Assessments including debt service assessments and operations and maintenance assessments, are non-ad valorem assessments imposed on all lands located within the District and benefitted by the District's activities. Assessments are levied by the District prior to the start of the fiscal year which begins October 1<sup>st</sup> and ends on September 30<sup>th</sup>. Operation and maintenance special assessments are imposed upon all benefitted lands within the District. Debt service assessments are imposed upon certain lots and lands described in each resolution imposing the special assessment for each of the series of Bonds issued by the District.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period.

The District was funded by Developer contributions for the period from inception January 23, 2024 to September 30, 2024.

The District reports the following major governmental fund:

### **General Fund**

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

### **Assets, Liabilities and Net Position or Equity**

#### **Restricted Assets**

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Assets, Liabilities and Net Position or Equity (Continued)**

#### **Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

#### **Inventories and Prepaid Items**

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### **Capital Assets**

Capital assets which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

#### **Unearned Revenue**

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Assets, Liabilities and Net Position or Equity (Continued)**

#### Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized ratably over the life of the Bonds. Bonds payables are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts established by the Board of Supervisors that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board may also assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Other Disclosures**

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## **NOTE 3 – BUDGETARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year-end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

## **NOTE 4 – DEPOSITS**

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

## **NOTE 5 – DEVELOPER TRANSACTIONS**

The Developer has agreed to fund the general operations of the District. In connection with that agreement, Developer contributions to the general fund were \$20,000 during the period from inception January 23, 2024 to September 30, 2024.

## **NOTE 6 – CONCENTRATION**

The Developer owns the majority the land within the District. Therefore, the District's activity is dependent upon the continued involvement of the Developer, the loss of which could have a material adverse effect on the District's operations.

## **NOTE 7 – MANAGEMENT COMPANY**

The District has contracted with a management company to perform management services, which include financial and accounting services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

As of September 30, 2024, one of the Board members is an employee of the management company.

## **NOTE 8 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims since inception of the District.

## **NOTE 9 – DEFICIT FUND EQUITY**

The general fund had a deficit fund balance of (\$31,206) at September 30, 2024. The deficit will be covered by a contribution from the Developer in the subsequent period.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the General Fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the period from inception January 23, 2024 to September 30, 2024.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
Vista Walk Community Development District  
City of Dade City, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Vista Walk Community Development District, City of Dade City, Florida ("District") as of and for the period from inception January 23, 2024 to September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our opinion thereon dated October 20, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE  
REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY  
RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Board of Supervisors  
Vista Walk Community Development District  
City of Dade City, Florida

We have examined Vista Walk Community Development District, City of Dade City, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2024. Management is responsible for the District's compliance with those requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the period from inception January 23, 2024 to September 30, 2024.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Vista Walk Community Development District, City of Dade City, Florida and is not intended to be and should not be used by anyone other than these specified parties.

**MANAGEMENT LETTER PURSUANT TO THE RULES OF  
THE AUDITOR GENERAL FOR THE STATE OF FLORIDA**

To the Board of Supervisors  
Vista Walk Community Development District  
City of Dade City, Florida

**Report on the Financial Statements**

We have audited the accompanying basic financial statements of Vista Walk Community Development District, City of Dade City, Florida ("District") as of and for the period from inception January 23, 2024 to September 30, 2024 and have issued our report thereon dated October 20, 2025.

**Auditor's Responsibility**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

**Other Reporting Requirements**

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Auditor's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated October 20, 2025, should be considered in conjunction with this management letter.

**Purpose of this Letter**

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General of the state of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

- I. Current year findings and recommendations.**
- II. Status of prior year findings and recommendations.**
- III. Compliance with the Provisions of the Auditor General of the State of Florida.**

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, as applicable, management, and the Board of Supervisors of Vista Walk Community Development District, City of Dade City, Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Vista Walk Community Development District, City of Dade City, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements, and the courtesies extended to us.

## **REPORT TO MANAGEMENT**

### **I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS**

None

### **II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS**

N/A. First year audit

### **III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

N/A. First year audit.

2. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the period from inception January 23, 2024 to September 30, 2024.

3. Noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the period from inception January 23, 2024 to September 30, 2024.

4. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.

5. The District has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.

6. We applied financial condition assessment procedures, and no deteriorating financial conditions were noted as of September 30, 2024. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

7. Management has provided the specific information required by Section 218.39(3)(c) in the Other Information section of the financial statements on page 21.

**RE:** **PROFESSIONAL SERVICES PROPOSAL**  
**VISTA WALK COMMUNITY DEVELOPMENT DISTRICT**  
**ENGINEERING CONSULTING SERVICES**

## **OVERVIEW**

1. The Vista Walk Community Development District (CDD) ("Client") has requested that Stantec Consulting Services Inc. ("Consultant") provide a proposal for professional engineering services, as needed by the CDD Board of Supervisors and/or District Manager for any future CDD related construction, and/or CDD operation and maintenance engineering needs.
2. Consultant will attend CDD Board of Supervisor's meetings, as required and/or requested by the Board of Supervisors and/or District Manager.
3. Consultant will perform future required Southwest Florida Water Management inspections and report maintenance need to the District Manager.

## **SCOPE OF SERVICES**

### **2026 Engineering Consulting Services**

Prepare for and attend Board of Supervisors' meetings, as needed and requested by District Manager. Consultant will perform professional services, including, but not limited to, engineering, surveying, and landscape architecture, to support the management and operation of the CDD. The services will be performed upon request of District Manager and will be billed hourly. The future Southwest Florida Water Management District ("SWFWMD) periodic field inspections and reporting will also be performed under these services.

### **FEES**

The compensation to be paid to Stantec Consulting Services for providing the services described in the Scope of Services shall be as follows:

Task	Description	Fee Type (See Note)	Fee Amount
2026	Engineering Consulting Services	T/M	\$ 15,000
<b>Total</b>			<b>\$ 15,000</b>

**NOTE:**

T/M = Time/Material

#### **GENERAL CONDITIONS AND UNDERSTANDINGS**

The attached "Professional Services Terms and Conditions" shall govern the agreement.

The final total fee may be higher or lower than the estimated fee and shall not be limited to the estimated fee. Unless otherwise specified, charges for SERVICES are based on Stantec's hourly billing rate table ("Rate Table"), attached hereto. The Rate Table is subject to escalation from time to time. At a minimum, effective each January 1 during the term of this Agreement, Stantec's charges for SERVICES shall escalate by either (a) the most current Consumer Price Index year over year percentage increase, not seasonally adjusted, for the preceding July, all items, as published by Statistics Canada (for Projects in Canada) plus 1.0%, or (b) the most current Consumer Price Index for All Urban Consumers (CPI-U) year over year percentage increase, not seasonally adjusted, for the preceding July, as published by the U.S. Bureau of Labor Statistics plus 1.0% (for all other projects).

#### **E-VERIFICATION**

Pursuant to Section 448.095(2), Florida Statutes (the "Statute"),

- a. Consultant represents that Consultant is eligible to contract with the District, and is currently in compliance and will remain in compliance with the Statute for as long as it has any obligations under this Agreement, including, but not limited to, registering with and using the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all employees hired on or after January 1, 2023.
- b. If the District has a good faith belief that the Consultant has knowingly violated the Statute, the District will terminate this Agreement as required by Section 448.095(2)(c), Florida Statutes. If the District has a good faith belief that a subcontractor knowingly violated Section 448.09(1), Florida Statutes, but the Consultant otherwise complied with its obligations thereunder, the District shall promptly notify the Consultant and the Consultant will immediately terminate its contract with the subcontractor.

c. If this Agreement is terminated in accordance with such requirements, then the Consultant will be liable for any additional costs incurred by the District.

Vista Walk Community Development District, Title

Date

The following Terms and Conditions are attached to and form part of a proposal for services to be performed by Consultant and together, when the Client authorizes Consultant to proceed with the services, constitute the Agreement. Consultant means the Stantec entity issuing the Proposal.

**Description of Work:** Consultant shall render the services described in the Proposal (hereinafter called the "Services") to the Client.

**Terms and Conditions:** No terms, conditions, understandings, or agreements purporting to modify or vary these Terms and Conditions shall be binding unless hereafter made in writing and signed by the Client and Consultant. In the event of any conflict between the Proposal and these Terms and Conditions, these Terms and Conditions shall take precedence. This Agreement supercedes all previous agreements, arrangements or understandings between the parties whether written or oral in connection with or incidental to the Project.

**Compensation:** Payment is due to Consultant within 28 days of receipt of invoice. Failure to make any payment when due is a material breach of this Agreement and will entitle Consultant, at its option, to suspend or terminate this Agreement and the provision of the Services. Interest will accrue on accounts overdue at the lesser of 1.5 percent per month (18 percent per annum) or the maximum legal rate of interest. Unless otherwise noted, the fees in this agreement do not include any value added, sales, or other taxes that may be applied by Government on fees for services. Such taxes will be added to all invoices as required. The Client will make electronic payment of the invoices, the details of which can be obtained or verified by contacting [ar@stantec.com](mailto:ar@stantec.com). Consultant provides no guarantee or warranty that the Client's Project requirements can be achieved within its proposed Project budget or schedule. Any services to redesign, value-engineer or make changes to the Client's Project requirements, whether for cost-saving, schedule efficiency, or otherwise, constitute additional services.

**Notices:** Each party shall designate a representative who is authorized to act on behalf of that party. All notices, consents, and approvals required to be given hereunder shall be in writing and shall be given to the representatives of each party.

**Termination:** Either party may terminate the Agreement without cause upon thirty (30) days notice in writing. If either party breaches the Agreement and fails to remedy such breach within seven (7) days of notice to do so by the non-defaulting party, the non-defaulting party may immediately terminate the Agreement. Non-payment by the Client of Consultant's invoices within 30 days of Consultant rendering same is agreed to constitute a material breach and, upon written notice as prescribed above, the duties, obligations and responsibilities of Consultant are terminated. On termination by either party, the Client shall forthwith pay Consultant all fees and charges for the Services provided to the effective date of termination.

**Environmental:** Except as specifically described in this Agreement, Consultant's field investigation, laboratory testing and engineering recommendations will not address or evaluate pollution of soil or pollution of groundwater. Consultant is entitled to rely upon information provided by the Client, its consultants, and third-party sources provided such third party is, in Consultant's opinion, a reasonable source for such information, relating to subterranean structures or utilities. The Client releases Consultant from any liability and agrees to defend, indemnify and hold Consultant harmless from any and all claims, damages, losses and/or expenses, direct and indirect, or consequential damages relating to subterranean structures or utilities which are not correctly identified in such information.

**Professional Responsibility:** In performing the Services, Consultant will provide and exercise the standard of care, skill and diligence required by customarily accepted professional practices normally provided in the performance of the Services at the time and the location in which the Services were performed.

**Indemnity:** The Client releases Consultant from any liability and agrees to defend, indemnify and hold Consultant harmless from any and all claims, damages, losses, and/or expenses, direct and indirect, or consequential damages, including but not limited to attorney's fees and charges and court and arbitration costs, arising out of, or claimed to arise out of, the performance of the Services, excepting liability arising from the sole negligence of Consultant.

**Limitation of Liability:** It is agreed that, to the fullest extent possible under the applicable law, the total amount of all claims the Client may have against Consultant under this Agreement, including but not limited to claims for negligence, negligent misrepresentation and/or breach of contract, shall be strictly limited to the lesser of professional fees paid to Consultant for the Services or \$100,000.00. No claim may be brought against Consultant more than two (2) years after the cause of action arose. As the Client's sole and exclusive remedy under this Agreement any claim, demand or suit shall be directed and/or asserted only against Consultant and not against any of Consultant's employees, officers or directors.

Consultant's liability with respect to any claims arising out of this Agreement shall be absolutely limited to direct damages arising out of the Services and Consultant shall bear no liability whatsoever for any consequential loss, injury or damage incurred by the Client, including but not limited to claims for loss of use, loss of profits and/or loss of markets.

In no event shall Consultant's obligation to pay damages of any kind exceed its proportionate share of liability for causing such damages.

**Documents:** All of the documents prepared by or on behalf of Consultant in connection with the Project are instruments of service for the execution of the Project. Consultant retains the property and copyright in these documents, whether the Project is executed or not. These documents may not be used for any other purpose without the prior written consent of Consultant. In the event Consultant's documents are subsequently reused or modified in any material respect without the prior consent of Consultant, the Client agrees to defend, hold harmless and indemnify Consultant from any claims advanced on account of said reuse or modification.

Any document produced by Consultant in relation to the Services is intended for the sole use of Client. The documents may not be relied upon by any other party without the express written consent of Consultant, which may be withheld at Consultant's discretion. Any such consent will provide no greater rights to the third party than those held by the Client under the contract and will only be authorized pursuant to the conditions of Consultant's standard form reliance letter.

Consultant cannot guarantee the authenticity, integrity or completeness of data files supplied in electronic format ("Electronic Files"). Client shall release, indemnify and hold Consultant, its officers, employees, Consultant's and agents harmless from any claims or damages arising from the use of Electronic Files. Electronic files will not contain stamps or seals, remain the property of Consultant, are not to be

used for any purpose other than that for which they were transmitted, and are not to be retransmitted to a third party without Consultant's written consent.

**Field Services:** Consultant shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with work on the Project and shall not be responsible for any contractor's failure to carry out the work in accordance with the contract documents. Consultant shall not be responsible for the acts or omissions of any contractor, subcontractor, any of their agents or employees, or any other persons performing any of the work in connection with the Project. Consultant shall not be the prime contractor or similar under any occupational health and safety legislation.

**Governing Law/Compliance with Laws:** The Agreement shall be governed, construed and enforced in accordance with the laws of the jurisdiction in which the majority of the Services are performed. Consultant shall observe and comply with all applicable laws, continue to provide equal employment opportunity to all qualified persons, and to recruit, hire, train, promote and compensate persons in all jobs without regard to race, color, religion, sex, age, disability or national origin or any other basis prohibited by applicable laws.

**Dispute Resolution:** If requested in writing by either the Client or Consultant, the Client and Consultant shall attempt to resolve any dispute between them arising out of or in connection with this Agreement by entering into structured non-binding negotiations with the assistance of a mediator on a without prejudice basis. The mediator shall be appointed by agreement of the parties. The Parties agree that any actions under this Agreement will be brought in the appropriate court in the jurisdiction of the Governing Law, or elsewhere by mutual agreement. Nothing herein however prevents Consultant from any exercising statutory lien rights or remedies in accordance with legislation where the project site is located.

**Assignment:** The Client shall not, without the prior written consent of Consultant, assign the benefit or in any way transfer the obligations under these Terms and Conditions or any part hereof.

**Severability:** If any term, condition or covenant of the Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of the Agreement shall be binding on the Client and Consultant.

**Force Majeure:** Any default in the performance of this Agreement caused by any of the following events and without fault or negligence on the part of the defaulting party shall not constitute a breach of contract, labor strikes, riots, war, acts of governmental authorities, unusually severe weather conditions or other natural catastrophe, disease, epidemic or pandemic, or any other cause beyond the reasonable control or contemplation of either party. Nothing herein relieves the Client of its obligation to pay Consultant for services rendered.

**Contra Proferentem:** The parties agree that in the event this Agreement is subject to interpretation or construction by a third party, such third party shall not construe this Agreement or any part of it against either party as the drafter of this Agreement.

**Business Practices:** Each Party shall comply with all applicable laws, contractual requirements and mandatory or best practice guidance regarding improper or illegal payments, gifts, or gratuities, and will not pay, promise to pay or authorize the payment of any money or anything of value, directly or indirectly, to any person (whether a government official or private individual) or entity for the purpose of illegally or improperly inducing a decision or obtaining or retaining business in connection with this Agreement or the Services.

## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### Monitoring Requirements Not Met for City of Dade City

Our water system violated a drinking water requirement over the past year. Even though this was not an emergency, as our customers, you have a right to know what happened and what we did to correct the situation.

*\*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During October 2025 we did not complete all monitoring or testing for monthly Bacteriological samples and therefore cannot be sure of the quality of your drinking water during that time. \**

Total coliform bacteria are generally not harmful themselves. *Coliforms are bacteria which are naturally present in the environment and are used as an indicator that other, potentially harmful, bacteria may be present.*

#### What should I do?

There is nothing you need to do at this time. You may continue to drink the water. We will notify you within 24 hours if monitoring results indicate an issue.

#### What is being done?

For more information, please contact Kendon Daniels at 352-437-5116 or 352-523-5050

*\*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail. \**

## Vista Walk

Field Inspection Report - December - Lawn Medic Landscaping

Wednesday, December 31, 2025

Prepared For Board of Supervisors

9 Items Identified

Paul Young

District Field Inspector

**Green - Completed**

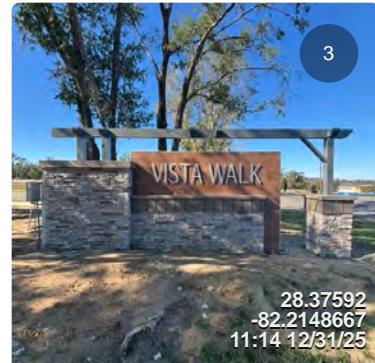

**Red - Item has not been addressed**

**Orange - Monitoring / In progress**

## Item 1 - Vista Walk Signage

Assigned To: District Manager

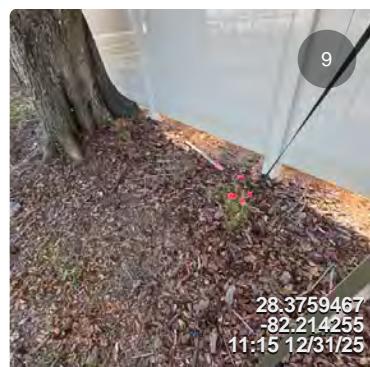

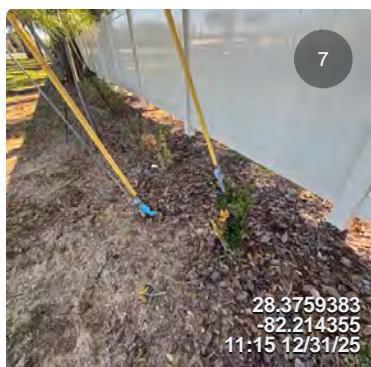

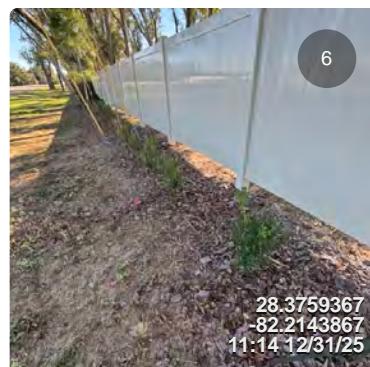

Entrance signage is clean and visible from all sides approaching the community.

## Item 2 - East Frontage Landscape

Assigned To: [Lawn Medic Landscaping](#)

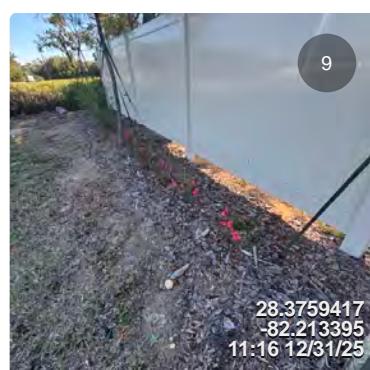

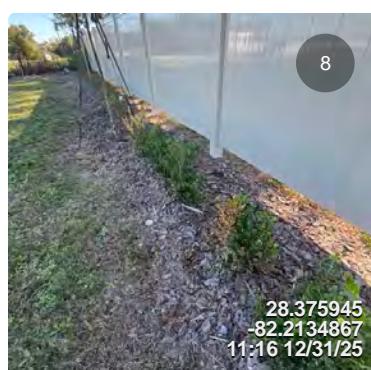

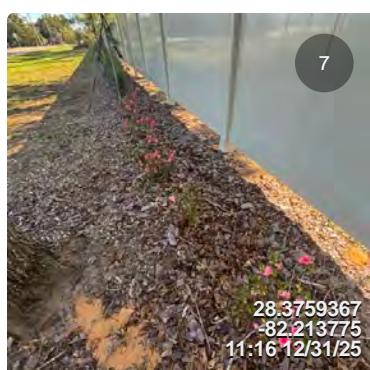

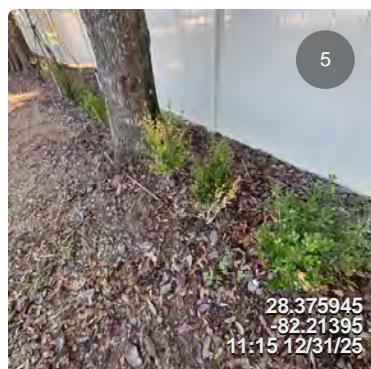

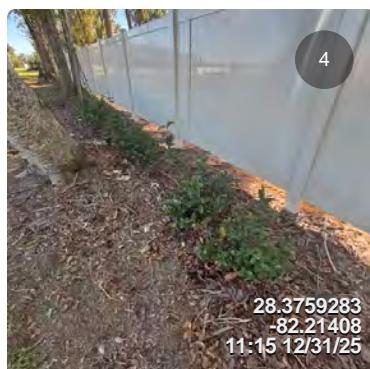

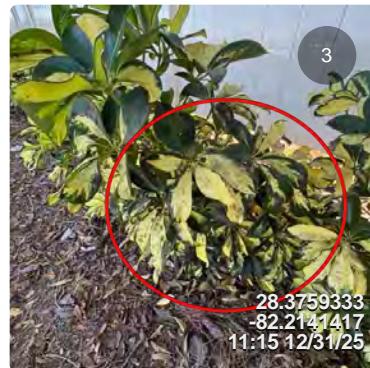

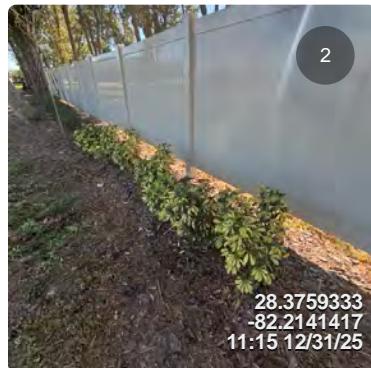

The majority of the plants appear healthy; however, some plants are showing signs of stress and others are dead. Any plants that have died while under Lawn Medic's care will need to be replaced accordingly.

## Item 3 - East Frontage Landscape

Assigned To: Lawn Medic Landscaping

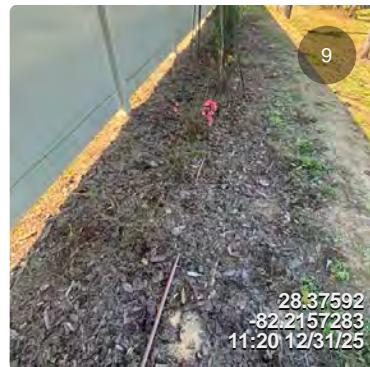

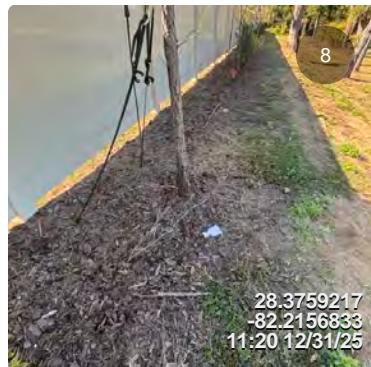

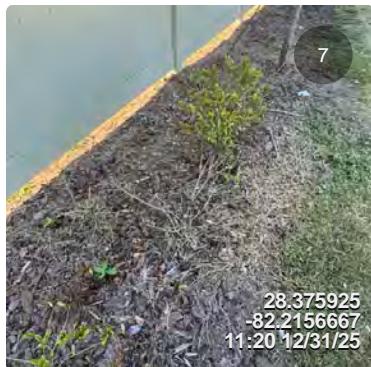

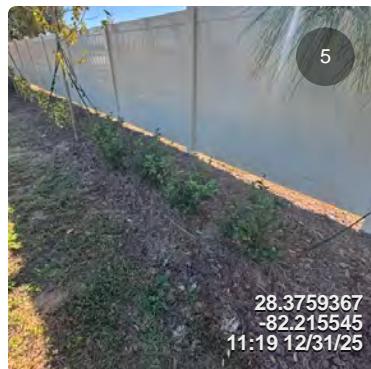

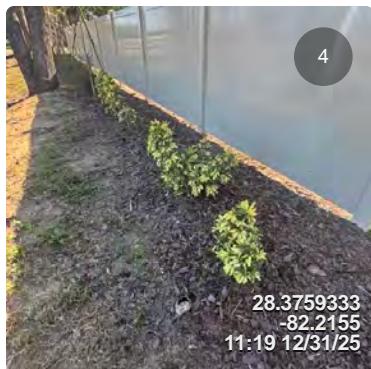

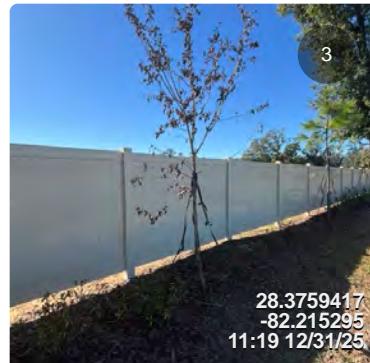

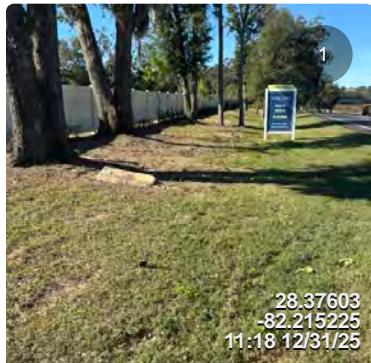

There are some plants with black soot on the leaves, investigate if diseased and treat accordingly. Scheduled for 1/14/26.

## Item 4 - West Frontage Landscape

Assigned To: [Lawn Medic Landscaping](#)

Several dead plants and trees along the west frontage beds.

## Item 5 - West Frontage Landscape Beds

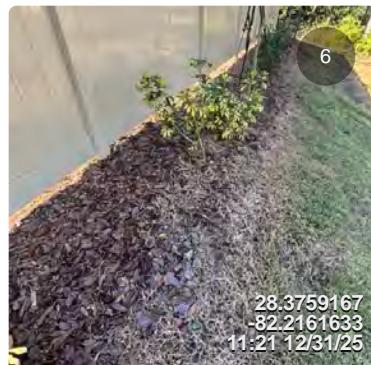

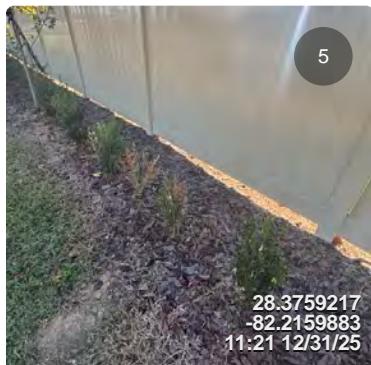

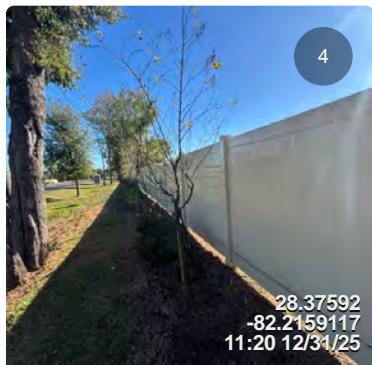

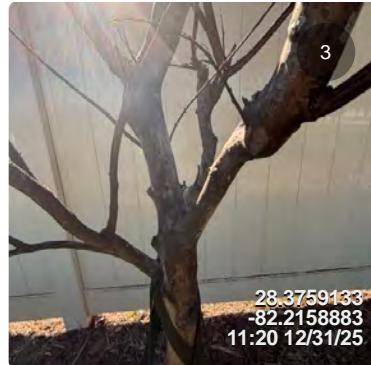

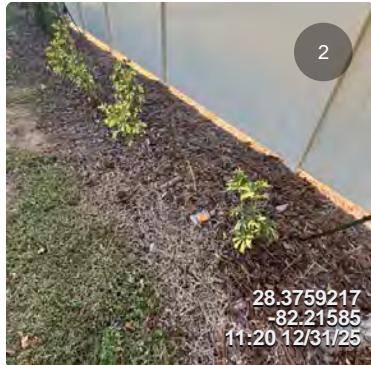

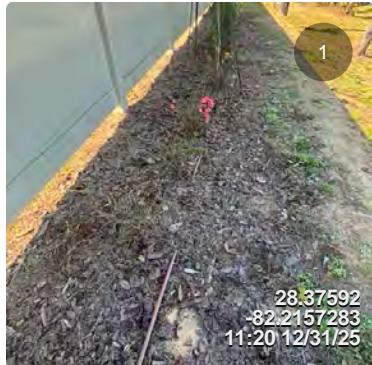

Assigned To: [Lawn Medic Landscaping](#)

The west frontage beds have multiple areas with dead and missing plant material. Several trees are showing black soot-like residue on the trunks and branches, which may indicate a disease or pest issue. These trees need to be investigated and treated accordingly.

Additionally, several sections of the drip irrigation system have been cut near the end of the

property line. This damage may be contributing to plant stress and loss.

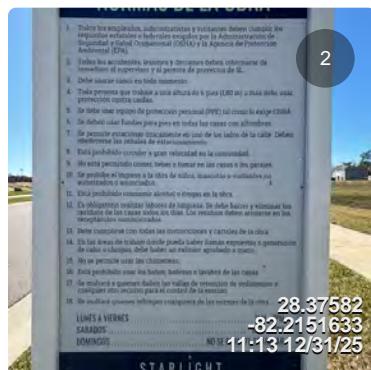

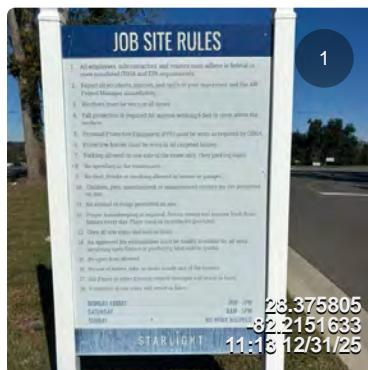

All plants that are dead or severely stressed will need to be replaced once the irrigation and disease issues are addressed. Please advise on next steps for inspection, treatment, and repairs. **Irrigation inspection scheduled on 1/09/26.**

## Item 6 - Pisa Parkway

Assigned To: Lawn Medic Landscaping

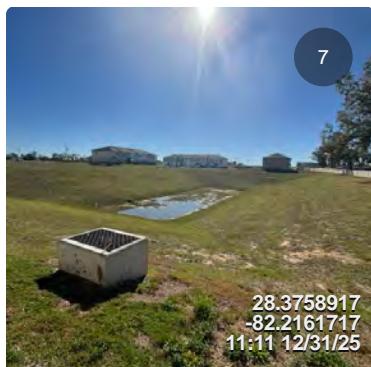

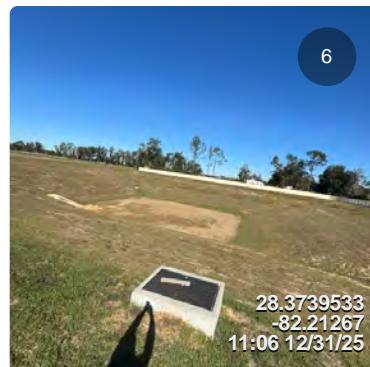

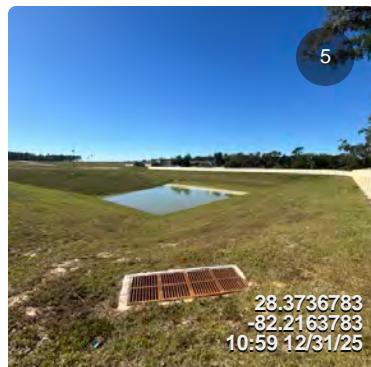

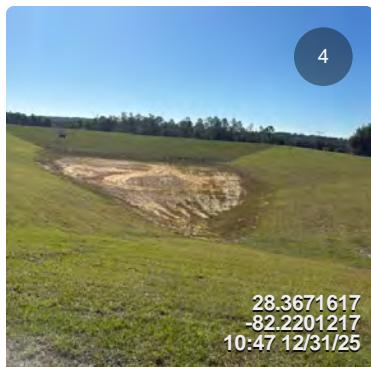

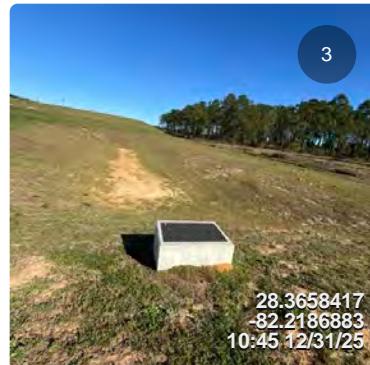

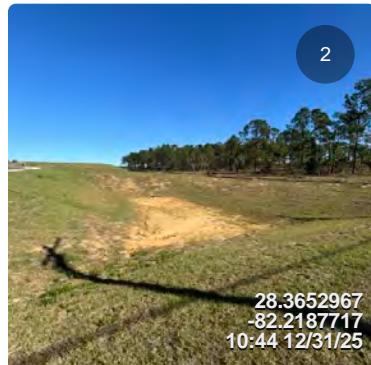

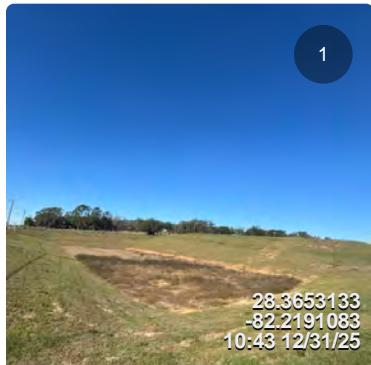

Construction signage is visible and legible throughout the site. Sidewalks continue to show sand runoff. **Lawn Medic has removed excess sand during scheduled service visits when conditions allow.**

## Item 7 - Pond Bank Maintenance

Assigned To: [Lawn Medic Landscaping](#)

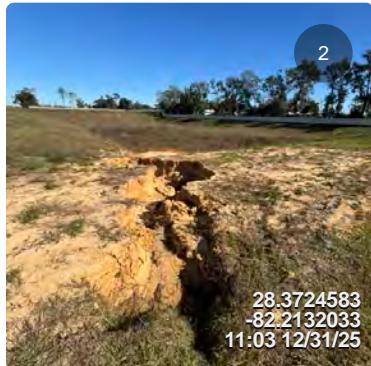

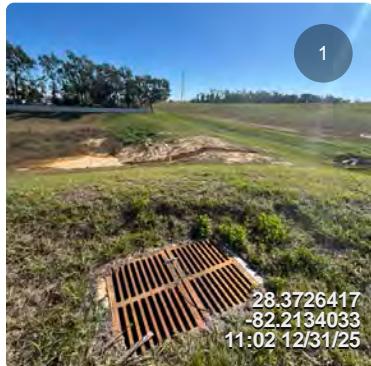

The ponds throughout the site have been mowed in accordance with the scope of work.

## Item 8 - Pond Washouts

Assigned To: [Lawn Medic Landscaping](#)

During regular scheduled maintenance, it is imperative that all washouts and/or erosion issues identified are promptly communicated so they can be addressed with the Board of Supervisors. **Additionally, all manhole covers must be kept clear of any overgrowth at all times.**

## Item 9 - Mailbox Kiosk

Assigned To: District Manager

The mailbox kiosk throughout site are clean and operational.
