Subject: Financial Update for the Period Ending May 31, 2019

Attached for your review are the following reports as of May 31, 2019:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report
- Other Financing Sources/Uses Summary Report

Fund balance in the Operating Funds decreased \$5.8 million in May to \$62.7 million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during July/August and January/February/March represent the District's property tax collections, which make up approximately 85% of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- January, February, and March – The District’s fund balance typically decreases each year in January. The fund balance in January 2018 (red line) increased because of a timing variance involving the District’s tax revenues. When the new federal tax law was approved, homeowners were encouraged to prepay their 2018 spring property taxes in calendar year 2017. As a result, the District received \$7.9 million (23%) of its spring tax revenue installment in January 2018, which was 1-2 months earlier than normal. This year the District’s property tax revenues are adhering to the more traditional trend of collection in February and March. Therefore, fund balance at the end of January 2019 (blue line) was \$6.2 million lower than at the end of January 2018 but only \$3.9 million lower at the end of February 2019 compared to February 2018. March 2019 fund balance is nearly identical to March 2018.

From a macro-level perspective, the District is in a strong financial position heading into the final month of the fiscal year. Fund balance is \$2 million higher than at this point last year. June is a busy month for payroll expenditures, but the District feels confident that spending will still end within our means.

Revenue Summary - May

Total revenue for the District was 100% of budgeted revenues as of May 31. This is slightly behind last year’s pace (101%).

Most of May’s revenue was generated by local sources. The following line items had notable activity during the month:

- Property taxes – The District received \$355,000 of property taxes in May. Total tax collections for the year are now at 99% of the amount budgeted.
- Corporate Personal Property Replacement Taxes (CPPRT) – The final 2018-19 installment of CPPRT was received in May. Actual revenues exceeded budget by \$109,000 this year. Budget amounts are determined based on estimates provided by the State of Illinois at the start of each year.
- Student registration fees – In May, the District started receiving student registration fees for the 2019-20 school year. This is the second time, parents were given the option of either paying their student fees as part of registration or deferring payment until September. Approximately \$587,000 was collected in May. Additional fee collections are expected in June.

State and federal revenue was in alignment. The District received the standard two installments of Evidence Based Funding from the State (\$306,000). The District also received \$323,000 for transportation encompassing both special and regular education.

Expenditure Summary - May

After eleven months of activity (or 92% of the fiscal year), the District has expended 87% of its overall budget. It is customary for spending to run about a month behind the average

monthly budget pace until June because the first payroll for ten-month employees (teachers, teacher assistants, etc.) does not occur until late August. In addition, many of these employees elect to receive their salary spread over twelve months. The District expenses all of their summer payrolls in June so that expenses are accounted for in the correct budget year.

Table 1 below shows the year-to-date percentage of the payroll budget (salaries and benefits) that has been spent after each month as compared to last year. Total payroll expenditures are trending as projected in the budget with no major anomalies.

Table 1: Payroll Expenditures

Month	YTD Percent of Budget Spent	
	2018-19	2017-18
May	83%	83%
February	56%	56%
November	33%	33%
August	6%	7%

Table 2 displays the cumulative percentage of the accounts payable budget (purchased services, supplies, equipment, etc.) that has been spent at the end of each two-month interval versus last year.

Table 2: Accounts Payable Expenditures

Month	YTD Percent of Budget Spent	
	2018-19	2017-18
May	94%	90%
February	76%	71%
November	61%	54%
August	26%	25%

Accounts payable spending is running ahead of last year's budget pace due to capital improvement spending. The District has spent nearly \$8.6million from its Capital Projects funds to date as compared to \$4.9 million at this point last year. Since a majority of the work occurs in the summer, a larger percentage of the accounts payable budget is expended during the fiscal year. Therefore, the larger Capital Projects budget and the front loaded spending for this particular budget results in an accelerated pace for overall spending.

Expenses which occurred during May include \$449,000 for Lincoln mechanical and remodel, Roosevelt and Washington classroom renovations, and Carpenter HVAC work.

Other Financing Sources/Uses Summary - May

Other Financing Sources/Uses consist primarily of transfers made between funds. All interfund transfers require Board approval. There has been no activity in the other financing sources/uses accounts so far this year.

If you have any questions about the Financial Report, please contact Dr. Heinz or myself.

Park Ridge - Niles School District 64
