

## Drop-off/Pick-up Map

Safety is our primary concern. In order for students to arrive safely in the morning, please follow these drop-off routes. Note:

- **Intersection A** (Lincoln & Crescent) is the bottleneck. To alleviate congestion, do not drive westbound on Crescent between Delphia and Western, or northbound on Lincoln, north of Crescent.
- **6<sup>th</sup> Grade drop-off** should be in front of the Lincoln Ave. entrance (southbound - **in Green**). **DO NOT DROP OFF STUDENTS ACROSS THE STREET ON LINCOLN (in Red)**. This forces students to cross the street in traffic where there is no crosswalk.
- **7<sup>th</sup> and 8<sup>th</sup> Grade drop-off** should be on Lincoln or Western Ave. **south** of Crescent (Intersections A or B) where students can cross safely at the crosswalks (**in Green**). **There are no crossing guards for middle school, so it is imperative that students only cross the street at one of the two crosswalks.**

**For afternoon pick-up**, please follow the same traffic pattern. **Sixth grade pick-up** should be in front of the entrance on Lincoln, **but not across the street**. **Seventh and Eighth Grade pick-ups** should be south of Crescent on Lincoln or Western. Knight is often used for pick-ups, but **there is no crosswalk at Knight and Crescent**. That is the bus drop-off and pick-up area (**in red**). Students must cross the street at the crosswalks at Lincoln & Crescent (A) or Western and Crescent (B).
