- Volleyball (Athletics) - \$150
- Cross Country (Athletics) - \$45

Bus

- All Year - \$550
- Cold Weather (Post Thanksgiving -
Post Spring Break) - \$210

Why Did Some Fees Increase?

Our fee analysis incorporates educational philosophy and economic considerations. It is important to note that registration fees only cover a portion of instructional costs. Due to rising expenses, we have increased participatory fees in some areas compared to the 2024-25 school year.

Instrumental Music & Athletic Fees

Fees will increase by \$10. These fees have remained unchanged for several years; however, the rising costs of stipends, supplies, referees, and tournament registrations have necessitated this adjustment.

Chromebook Maintenance

Fees will increase by \$20 to help bring us closer to the actual spending on technology support. The cost of buying and maintaining Chromebooks has increased but we have maintained a \$30 fee since implementing our 1-to-1 program nearly a decade ago.

Full-Day Kindergarten & Preschool Tuition

- Preschool - We are excited to announce that preschool fees and tuition have been eliminated thanks to a Preschool for All Grant.
- Full-Day Kindergarten - The tuition for full-day kindergarten remains the same at \$3,240.
