Thursday, June 10, 2027	Last Day Of School For Students K-8 If Sufficient Emergency Days Remain***

**After the use of three snow or cold weather days prior to February, the record planning day in March becomes a student attendance day. If there were to be another snow or cold weather day after that, then students report to school on the last day of the year, which is a student record day.

Also of note, if we need to close one school for an emergency, it still counts as an attendance day for all schools across the District. In the event more than four emergency days are used during the regular school year, the District will communicate about a possible extension of the school calendar

***Friday, June 11, 2027 would be used as an attendance day if not enough emergency days remain.
