

Google Apps for Education

Parent University 2015-16 Series

Google Apps for Education has become an integral part of District 64's Learning Ecosystem over the last few years. Students have been given the opportunity to use this powerful productivity tool in their learning environments. In this Parent University session, you will learn about Google Drive, how it works and the awesome suite of apps students can use to promote creativity, critical thinking, communication, and collaboration skills. We will go over the basics of Google Drive and highlight some of the great ways Google Apps can be used for student learning. All parents and community are welcome.
