You risk being ticketed anytime you are parked in the lot without a sticker or a temporary parking pass which can be obtained in the Deans' Office.**

**Consequences:**

- Parking privileges may be revoked for reckless driving in the vicinity of or on school property, for any violation of the Rules of the Road occurring on school property or in the immediate vicinity of the campus. Parking privileges may also be revoked for violations of any of the above expectations or for failure to maintain requirements.
- Protocol for drug and/or alcohol infractions, (this would include (independent of each other): possession, sale, or being under the influence of alcohol or drugs while on school grounds.

- First infraction: 18 week loss of parking. In the event that the school year ends prior to the conclusion of any loss of parking suspension, that suspension will continue into the following school year for so long as it was determined that this privilege was to be revoked. Students whose suspended parking privileges carry over into the following school year will be allowed to purchase a parking permit until that student's parking privileges have been reinstated.

- First offenders will be given the opportunity to reduce their suspension to nine weeks with at least one mandatory D127 approved random drug screen within that nine weeks period. The student must pass this drug screen along with completing an approved D127 youth evaluation and any subsequent recommended drug screenings, (three total), regardless of whether they have earned back parking.

- For each offense, the student will be required to participate in three subsequent drug screenings, (three total) regardless of whether they have earned back parking.

- A second drug and/or alcohol violation will result in loss of parking for one calendar year.

- A third drug/alcohol violation will result in that student losing their parking privileges for the remainder of their high school career.

***Cars without stickers, cars not parked in their assigned space, cars improperly parked and cars of students whose parking privileges have been revoked may be ticketed/towed at the student/owner expense and a suspension may also result. Cars who park in an assigned spot that is not their own will receive one (1) warning and will receive a ticket if it happens again.***

***If someone is parked in your spot when you arrive to school, park in one of the un-numbered spaces and come to the Deans' Office immediately to report the situation. If possible take a photo of the license plate of the car in your spot.***
