

# SAT Prep

Grayslake Central High School

2019-20

On **Tuesday, April 14, 2020**, Grayslake Central will be administering an SAT exam to all students enrolled in the 11<sup>th</sup> grade. This college entrance exam is free of charge to all students and these results can be used for college admission purposes. According to the Illinois School Code, the SAT score earned on this exam must be placed on the student's transcript. On Wednesday, January 22, 2020 we will be giving a **practice** SAT to all juniors during school hours in an effort to prepare our students for the April SAT Exam.

We are excited to announce updates to our test preparation program to prepare our students for this assessment. This year we will be providing a classroom-based instruction SAT program.
