

Bell Schedule and Knights Period

Beginning in the 2021-2022 school year, District 127 will move to a later, common start time in both buildings and officially switch to a block schedule as seen below. These schedules will be posted on each building's website in their respective school colors. In this new model, all students will get a period called **Knights** as one of their eight classes. This period is described at the bottom of this page. School counselors will work with students and their families as they select courses for next year.

Knights Period:

Beginning in the 2021-2022 school year, District 127 will implement a block schedule. With the implementation of this new schedule, each student will have a mandatory Knights period built into their schedule. This is a flexible period allowing students to access resources available within the building (for example, social workers, counselors, college and career center, teachers and tutoring centers, etc.) as well as have time in the day to collaborate with peers and engage in schoolwork without having to give up a lunch period to do so. In addition to accessing resources, students will use this time to engage in programming and informational presentations offered by school staff. The student services team will develop a schedule of mandatory and optional programming that will be delivered during these flex periods. Social-emotional curriculum, college planning, and other grade-level presentations will happen during this time slot. Each building will communicate the specific locations available to students during Knights period and the expectations for students during that time.
