

TOWARD TOGETHER

COVID-19

INFORMATION & RESOURCES

COVID-19 Screening Instructions

All Graceland University students and employees are required to do a daily COVID-19 screening. The link to your daily screening will be sent to your Graceland email every morning. You must complete your screening before your first activity on campus or no later than 10 a.m. The screening will provide you with a color-coded result. Instructions for each result are listed below.

Green
Good to go

You are free to go about your regular activities. Save your **GREEN** result to show for entry into classes and events.

Directed to quarantine or isolate? Graceland has designated spaces on the Lamoni campus for students in directed quarantine and isolation.

Yellow
Yield for more info

Remain in your location. Email or text your **YELLOW** result to the COVID coordinator.

**Lamoni Campus
COVID Coordinator**

Erin Lundy

CALL / TEXT 314.435.8630

EMAIL erin.lundy@graceland.edu

Please allow up to one hour for a response, or wait until 7 a.m. if screening earlier than 6 a.m. If you do not receive a response after one hour or 7 a.m., you may call the COVID coordinator.

Red
Restrict to your room

Remain in your location. Email or text your **RED** result to the COVID coordinator.

Email your yellow or red result to your professor(s), coach(es) or supervisor if it will impact your ability to attend class, practice or work.

DO YOUR PART

Remember that face coverings are required everywhere on Graceland's campus except in your residence hall room or apartment. They must also be worn on your hall, in restrooms, lobbies, outdoors, etc. You are also expected to follow the social distancing guidelines in spaces where people gather on campus.

Failure to follow these requirements and the expectations outlined in this document jeopardizes **the safety of the Graceland community** and will result in disciplinary action. It is your responsibility to contact the COVID coordinator with any questions regarding these expectations.

— Directed Quarantine

! *You have had direct exposure to someone who tested positive for COVID-19. Quarantine lasts for 7-14 days.*

Asymptomatic Quarantine

If you are required to quarantine but are asymptomatic, you will remain in quarantine for a minimum of seven days. If you test negative after seven days, you may leave quarantine. If you choose not to be tested, you must remain in quarantine for an additional three days — 10 days total.

Symptomatic Quarantine

If you are required to quarantine and are experiencing symptoms, you will remain in quarantine for 14 days. If at any time while in quarantine you test positive, you will be moved to isolation.

— Directed Isolation

! *You have tested positive for COVID-19. Isolation lasts for at least 10 days. Before release, you must be symptom-free for 24 hours.*

If you wish to complete your quarantine or isolation off site, you must alert Residence Life (641.784.5107) and let them know of your planned departure. Note that you may NOT enter the residence halls or other campus buildings and may only return with the approval of the COVID coordinator.

Directed Quarantine/Isolation Expectations

IN YOUR ROOM

- You are allowed to be in your own room without your mask.
- No one else is allowed in your room.
- Follow the basic rules and guidelines of the residence halls.

OUTSIDE YOUR ROOM

- You must wear a mask when you leave your room.
- Visitors are NOT allowed.
- Do NOT leave items in the bathroom — take them with you.
- Keep all areas clean.
- If you are in isolation, you may NOT use or gather in shared spaces. If you are in quarantine, you may share the lounge space with other quarantined students while wearing a mask and maintaining social distance of 6 feet or more.

OUTSIDE THE BUILDING

- You may use the outdoor space by your building.
- You may NOT leave the quarantine/isolation site or the designated outdoor space until you have been released by the COVID coordinator or unless it has been cleared with the Student Life office.

FOOD

- Food will be delivered to your building during regular mealtimes.
- If you are quarantined/isolated in the apartments and would like to sign up for meal delivery, contact Brickell Dotson (bdotson@graceland.edu).

ACADEMICS

- You will be required to attend classes virtually.
- Faculty will be notified of your status.

LEAVING QUARANTINE/ISOLATION

- When your quarantine/isolation is complete and with approval from the COVID coordinator, you may return to regular activity at 9 a.m. the following day. At that time, you will be required to return to in-person classes.
- When leaving your quarantine/isolation room, take all your personal items with you, place sheets and towels on the bed, place trash outside the door and leave the room key on the desk.

Testing / Differences In Testing

Graceland's Lamoni campus students have two convenient options for COVID-19 testing. Before testing, contact the COVID coordinator.

1

Test Iowa

TAKE THE ASSESSMENT

graceland.edu/TestIowa

PCR nasal swab test

Results in 24-72 hours

FREE with assessment

2

Community Health Centers of Southern Iowa

CALL 641.784.3371

Antigen test

Rapid results in 15 minutes

\$50 copay

Contacts

If you are in directed quarantine or isolation, you will likely have questions. Please contact the appropriate person, and they will be happy to assist.
