Before and After School Extended Care (BASEC) Program

District 401 has made a commitment to offer before and after school extended care (BASEC) at John Mills and Elmwood Schools for the 2017-18 school year. We know how valuable and necessary such care is to working parents.

In addition to providing a safe environment, the goal is also to provide an enriching environment. The BASEC program provides such an environment and is also more cost effective for **both** the parents and the District.
