Live - Students are expected to log into a Google Meet with their classmates and teacher. Teacher will add a link in Seesaw.

Teacher Supported - Teacher will post work in Seesaw. Students will be expected to work on that during posted times. The teacher will be on the computer and able to support if needed.

Specials: For each special (Gym, Art, Music, Technology, Enrichment), the students will be live for the first 25 minutes of class. They will then have work posted by the teacher. The link will be posted in Seesaw.

Youth Empowerment Time (YET): This is a time that students get the extra help or support they need. If students need extra help with reading or math, they may get invited to a small group in google hangout to work with a teacher. They also may be working independently on a specific skill or task. Each teacher will communicate how this will look for their classroom.
