

EVERY MORNING you have to self-certify via CrisisGo... even if you're not in the building!

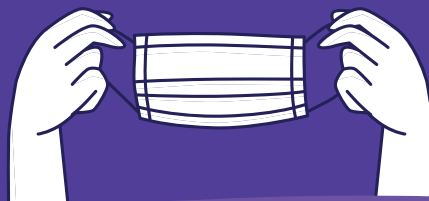

- You can use the daily email or the mobile application
- Your building will scan the QR code either on your phone or from a list they have at the door.

A green "**Entry**" means you are good to go until **tomorrow**, when you have to certify again!

A red "**Entry Denied**" means you should complete the **staff wellness form**, and **contact** your building administrator.
