MISSION STATEMENT

The Academy of Notre Dame, Tyngsboro, a private, Catholic school, sponsored by the Sisters of Notre Dame de Namur, and based on the educational philosophy of their foundress, St. Julie Billiart, is comprised of a Pre-K through 8 co-educational Lower School and a college preparatory Upper School for young women.

Our mission is to educate the whole person for life through a curriculum rooted in spiritual formation and academic excellence. The mission is supported by an environment that nurtures a belief in the goodness of God, community building, extracurricular programs and a commitment to global justice through outreach to the materially poor and service to others in need.

The Academy of Notre Dame continues the strong educational tradition of St. Julie Billiart through a relationship with the Sisters of Notre Dame de Namur. This ongoing relationship is based on a commitment to the Seven Hallmarks of Notre Dame de Namur Learning Community.

HALLMARKS OF NOTRE DAME DE NAMUR LEARNING COMMUNITY

Hallmark One: We proclaim by our lives, even more than by our words, that God is good.

Hallmark Two: We honor the dignity and sacredness of each person.

Hallmark Three: We educate for and act on behalf of justice and peace in the world.

Hallmark Four: We commit ourselves to community service.

Hallmark Five: We embrace the gift of diversity.

Hallmark Six: We create community among those whom we work and with those we serve.

Hallmark Seven: We develop holistic learning communities which educate for life.

NON-DISCRIMINATORY STATEMENT

The Academy of Notre Dame recruits and admits students of any race, color, gender, or national origin to all its rights, privileges, programs, and activities. In addition, the school will not discriminate in the administration of its educational programs, or extracurricular activities on the basis of race, color, gender, national origin, or disability, if, with reasonable accommodations on the part of the school, the disabled person's needs can be met.

PROFESSIONAL AFFILIATIONS

The Academy of Notre Dame is a member school of the National Catholic Education Association (NCEA). The school has achieved full accreditation by the New England Association of Schools and Colleges (NEASC).

PARENT AND STUDENT HANDBOOK AND POLICIES

This handbook provides a summary and general guideline for the day-to-day operations of the school. Please take time to read it carefully since revisions are made each year. The Academy of Notre Dame reserves the right to create new policies and reserves the right to modify this Student Handbook as necessary. If such a situation arises, a letter will be sent home detailing the new policy before it takes effect. Parents who fail to support the policies of the Academy of Notre Dame may be asked to withdraw their child(ren) from the school.

Attendance: The Academy of Notre Dame operates on a one-session basis. Each student will be marked either Present, Absent, Tardy, or Dismissed each day. Records will state exact time of late arrival and/or dismissal.

School Hours: Prayer and announcements begin at 7:50 a.m. First period class begins at 8:00 a.m. Students in grades Pre-K through 5 are dismissed at 2:15 p.m. Students in grades 6 through 8 are dismissed at 2:32 p.m. (All Tyngsboro bus students are dismissed at 2:32 p.m.)

Absence: When a student is absent from school, the parent/guardian is to call the school office at 978-649-7611, ext. 326, between 7:00 and 8:30 a.m., or send an email to attendance@ndatyngsboro.org. If notification is not received by 8:30 a.m., a call will be placed to your primary number. Frequent absences interfere with academic progress and could jeopardize promotion to the next grade.

Tardiness: As a reminder, tardiness affects a student's performance. Being on time ensures that a student is prepared to begin academics at the start of first period. Students are expected to be sitting in their homerooms by 7:50 a.m. If they are not, they are considered tardy. The students must then report to the Administrative Assistant's office to receive a tardy slip which will ensure that they are marked as being in the building.

- Habitual tardiness is a matter for serious concern. If the situation is not corrected, parents will be contacted by an administrator and appropriate measures will be taken.
- Bus students will be admitted to school and will not be marked tardy if the bus arrives late.
- A student may not participate in any after school or evening school activity unless he/she has attended five full class periods that day.

Early Dismissal: For the safety and protection of each child, a parent/legal guardian must send a written request/email for early dismissal. A written request/email will insure that your child will be ready to leave at the designated time. A phone request will not replace the written request/email. The school administration will release a student only to a parent/legal guardian or authorized person designated by the parent/legal guardian. This person must enter the building by the front door, provide a current driver's license, and sign out the student at the reception office.

Dismissals After Field Trips or School Events: If a parent is a school chaperone or attending a school event, and wishes to dismiss his/her child early, a note/email should be sent to school by the morning of the event. The parent will still need to sign-out in the reception office. If a parent is chaperoning a field trip and wishes to leave the field trip location at the end of the day with their child, a parent must send in a note or email their child's teacher 24 hours prior to the field trip. Before leaving the field trip location, the parent must sign the class roster and note the time that they have taken their child. The parent may only take their own child/ren. PLEASE NOTE: This will be marked as a dismissal on the student's report card.

Returning to School After Being Dismissed for Appointments: Parents are encouraged to make all medical appointments outside of school hours. However, if a student is dismissed mid-morning for an appointment by a parent, the student is encouraged to return to school. The student must check into the office upon their return.

Transportation: In order to secure safety for all our students, we follow these regulations:

- Supervision is provided for your child before school beginning at 7:00 a.m. in the cafeteria.
- Parents must drive around the school after dropping their children off. We have a one-way traffic pattern. U-turns are dangerous and not permitted on school grounds.
- Parking in the fire lane is prohibited at all times.
- Staggered Dismissal: In order to expedite the pickup process, students in grades Pre-K through 5 are dismissed at 2:15 p.m., and students in grades 6 through 8 are dismissed at 2:32 p.m. Tyngsboro bus students in all grades will be dismissed to the bus line when the busses arrive. Please note: Tyngsboro School District does not allow non-Tyngsboro residents to ride town school busses under any circumstances.

Student/Family Vacations: Parents are encouraged to limit vacations to scheduled school holidays. During the school year, there are four scheduled lengthy vacations: Christmas, February, April and summer. All students should be present in school through the last day of school, unless a family emergency renders this impossible.

Teachers are under no obligation to give work ahead of time to students who will be absent due to a vacation. Work is made up upon return, as it would be for absence due to illness. If it is absolutely necessary for a student to miss school, work that is missed must be completed upon the child's return and submitted to the teacher by the date he/she specifies.

Parents Away: Parents are to inform the school if they will be away and the student is staying with someone else. The school should have the name and phone number of the adult responsible for the student as well as written authorization that the individual can act on the parent's behalf.

Forgotten Items: A student who has left the building for the day, after dismissal, or who is attending the extended day program, may not re-enter the building or go to his/her classroom for forgotten items, including homework unless granted permission from the Principal or a member of the Administrative team. Similarly, during the day, a student may not call home for forgotten items relating to school academics or sports activities. Forgotten items that are dropped off at the school will not be picked up during the day. Please note that students will not be allowed to go to reception to pick up any items until the end of the school day.

Report Cards: Grades Pre-K through 5 report cards will be available on Veracross three times a year and Grades 6-8 four times a year. Report card assessment consists of written and studied homework, class participation and effort, board and seatwork, written and oral tests and quizzes, long-term reports, projects and compositions. Specific grading policies will be presented at the annual parent meeting in the fall.

Honor Roll: Students in grades 6 through 8 may qualify for the Honor Roll. Major infractions of the discipline code, such as suspension, may result in a student being removed or disqualified from Honor Roll status.

President's List - 97 or above in all subjects

Principal's List - 95 or above in all subjects

First Honors - 90 or above in all subjects

Second Honors - 85 or above in all subjects

Homework: Regular homework is an expectation of all students at the Academy of Notre Dame. It should be considered a positive reinforcement of skills taught. Specific classroom policy will be presented at the annual parent meeting in the fall.

Make-Up Work: All work missed by students must be made up as soon as possible after returning to school. Only in extreme cases of prolonged absence will more than one week be allowed for work to be made up unless the school office grants permission. It is the student's responsibility to obtain all make-up work from his/her teachers immediately upon return to school. Failure to obtain make-up work is no excuse for not completing missed work.

Retention: If a student earns an "F" in one major subject, that course must be repeated in a summer program approved by the Principal. Any student earning an "F" in two or more subjects may not be promoted to the next grade level and may not return to the Academy of Notre Dame.

Teacher Conferences: Conferences are held after the first report card has been issued and at other times determined by the school. Parents who wish a conference at any other time with a teacher and/or the Principal are invited to request one. Teachers and staff members should not be contacted at home concerning school business, nor should teachers be interrupted in their classrooms. School-held functions when teachers have other duties are not to be considered opportunities for parent-teacher conferences, i.e. Christmas program, car/bus duty, or school sponsored functions where teachers are chaperones.

Parents are encouraged to discuss the progress of their child with his/her teacher at any time during the school year. If a concern arises, parents are expected to speak directly to the teacher first. Should the issue remain unresolved, parents may then contact the Director of Student Affairs to set up a meeting to discuss the matter (978-649-7611, Ext. 338). In most cases the teacher will also be included in the discussion. The parties involved will be expected to speak to and about each other in a respectful manner, or the meeting will be terminated by the Director of Student Affairs.

Veracross Communication System: For the purpose of easy and accurate communication, school information and notices will be available on our Veracross Parent Portal. More urgent communication will be done through email or voicemail. If an updated change to the login process occurs, parents will be notified before the changes are made. Following are the directions for accessing the information.

1. To access the Parent Portal you need to log in from the homepage of www.ndatyngsboro.org.
2. The Login button will be located in the top right corner of the homepage.
3. When you click on the login button, you will be taken to a page where you must enter the Username and Password that will be given to you in the fall.
4. From the Parent Portal, you will be able to access your student's records, track their academic progress, and communicate with the school. It is important that you keep your contact information up to date so that teachers and administrators can contact you when necessary.

If You Need to Recover Your Password: It is very important that you keep your profile up to date with a valid email address. If you do not enter a valid email address, you will not be able to retrieve a password reminder and you will need to contact Lori McDermott at lmcdermott@ndatyngsboro.org or by phone, 978-649-7611, Ext. 343 to obtain a new password.

School Records/Custodial Rights: Parents have the right to review school records. Records of students transferring to other schools will only be sent through the U.S. Mail. No records will be given to parents to transport to the new school. The school office needs to have on file any information regarding custody and visitation rights. A copy of the custody section of the divorce decree must be provided to the school by the custodial parent.

This school abides by the provisions of the Buckley Amendment with respect to the rights of noncustodial parents. In the case of a domestically troubled family, a request by either parent to review the records of their child(ren) will be honored by the administration, unless there is a court order specifying to the contrary.

Student/Family Information: Information regarding the students and families of the Academy of Notre Dame will not be released unless a parent gives written permission that such information may be released such as phone numbers, addresses, carpool information, etc.

Use of Student Information/Pictures/Videos: The school reserves the right to use a student's name, picture, or video in advertising, publications, official Academy social media or on the school website. Any parent who does not wish for his or her child's name and/or picture to be used must notify the Principal in writing each academic year within the first week of school.

Change of Address: In order for us to maintain accurate and current records, it is imperative that the home address, telephone numbers (cell, home, and/or work) be kept up-to-date by parents using the Veracross system.

Library: The school library exists for all who wish to learn, do research, be enriched, and read for enjoyment. Teachers in Grades Pre-K through 8 may schedule classroom visits to the library with the media specialist. Students in Grades K1 through 8 may checkout materials from the library. All materials must be returned on their due date. Failure to return materials on time may result in the student receiving a bill for the materials and suspension of library privileges. Failure to return materials in good condition may result in being billed for the cost of replacement.

Computer Lab: Students in grades K1 through 8 have access to our two computer labs as part of their curriculum where instruction is given by the technology teacher. Other teachers also make use of the labs to more fully integrate technology into their own curriculum and lessons.

Internet Access and Expectations of Students: We are pleased to allow students at the Academy of Notre Dame access to the Internet. The Internet is provided for students to conduct research. Access to the Internet is given to students who agree to act in a considerate and responsible manner. Access to the Internet will enable students to explore thousands of libraries, databases, and bulletin boards. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials. Be assured that filtering software and firewall protection have been installed to prevent access to inappropriate sites, however no filter is foolproof. Parents and guardians of minors are ultimately responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, the Academy of Notre Dame supports and respects each family's right to decide whether or not to apply for Internet access. Please take every opportunity to discuss with your child the appropriate use of the Internet both at home and at school. Please reference the Academy's Internet and Acceptable Use Policy found in the Veracross portal listed with other important documents including this handbook.

Visitors: All visitors must enter by the front door and report directly to Reception. All visitors must sign in and receive a visitor's badge. Before exiting the building, visitors must return to the receptionist's office and sign out. Visiting classrooms before and after school without an appointment is not permitted. At no time should a teacher be expected to stop instruction to attend a conference that has not been scheduled.

Parent Volunteers: All volunteers for classroom activities, cafeteria/recess, classroom assistants, and enrichment programs must have an annually approved CORI form on record and have documentation on file that they have completed the Virtus Program: Protecting God's Children. Volunteers are charged with the responsibility of supervising children; they may not bring younger siblings. Students are easily distracted when parents and other volunteers remain after their assigned duties are completed. Therefore, unless parents have other business in the school, such as an appointment with a staff member, they are requested to leave when their volunteer duties are completed.

Homeroom Placement: Request for individual teachers will be given respectful consideration, but the final decision for student placement will be made by the Principal.

Field Trips:

- Field trips are designed to correlate with teaching units and to achieve curricular goals. All grades do not always have the same number of field trips.
- Field trips are provided for the enrichment of students and participation is considered a privilege, not a right. Therefore, individual teachers, in consultation with the Principal and Director of Student Affairs, reserve the right to restrict or deny student participation on any field trip due to poor conduct.
- A field trip is an extension of the school program; therefore the school rules are in effect.
- A written official permission slip, signed by the parent, is required before a child will be permitted to attend a field trip activity. A phone call or a note written by the parent is not acceptable.
- Students who are participating in the field trip must ride the bus to and from the field trip with their class.
- Students not on the bus may not participate in the field trip and will be counted absent for the day.
- If a student becomes ill or becomes disruptive while off campus, a phone call will be made to the parent requiring the parent to pick up their child at the off-site location.
- All monies collected for the field trip are non-refundable.
- Cell phones will not be allowed on field trips unless used as a camera.
- All parents who accompany a class as a chaperone for field trips must have an approved CORI form on record in the school office and have documentation on file that they have completed the VIRTUS Program: "Protecting God's Children".
- Since chaperones are charged with the responsibility of supervising children, they may not bring younger siblings.
- Chaperones may not smoke in the presence of students.

Dances: Only students in grades 7 and 8 and their invited guests will be permitted to attend the fall middle school dance. Grade 6 students and their invited guests will be permitted to attend the spring dance. Students are expected to dress, behave, and dance appropriately. Provocative or sexually explicit dress or dancing is not allowed. Parents will be called to pick up their child if inappropriate behavior persists, and may result in disciplinary actions.

School Attire: The school has the right to expect students to arrive at school dressed in accordance with the uniform policy. It is the responsibility of parents to familiarize themselves with the uniform policy and to ensure that the policy is followed by each of their children, regardless of grade level. Students out of uniform will be sent to the office to call a parent. If a parent is not available, appropriate clothing will be provided.

The school uniform fleece jacket or vest may be worn with any uniform combination on non formal dress down days. The only acceptable sweatshirt to be worn with the dress uniform is the grade 8 class sweatshirt adorned with the NDA logo and signatures. This is a privilege for eighth graders only. Students may wear uniform gym sweatshirts on their assigned gym day ONLY. No other sweatshirt may be worn.

7. Students are to be respectful to the teacher's on duty

Bus Regulations and Expected Guidelines of Behavior: All students are expected to behave appropriately and safely while on a school bus.

1. Students must remain seated until the bus has reached its destination.
2. Students will follow the directions given by the bus drivers.
3. Hands, arms, and heads must be kept away from open windows.
4. No pushing, shoving, cutting, screaming or fighting at any time.
5. No eating, drinking, smoking or spitting.
6. Exit by the regular bus door, except in cases of emergency.
7. Respect the other students in the bus, especially those younger than one's self.
8. Students may be subject to temporary or permanent suspension of bus privileges for misconduct while using the bus.
9. Students must ride only on their assigned busses. A student may only ride a Tyngsboro bus if he/she is a resident of the town and has registered with the local superintendent's office.
10. No cell phones used while on the bus.

Insubordination: Insubordination (deliberate refusal to a reasonable authoritative request) is considered a major infraction and will not be tolerated. Any student who is disrespectful, threatening, or leaves class without permission, will be referred to the administration for disciplinary action and notification of parents.

Dangerous Weapons in the School: Possession or use of any object determined by Administration to be a weapon, or weapon-like object, is prohibited in school, on school campus grounds or at any school sponsored activities on and off campus. Violation of this policy will be cause for immediate suspension and possible expulsion from school.

Smoking, Alcohol, Drug Abuse: It is a strong conviction of NDA that the use or possession of tobacco, drugs and alcohol is not conducive to the proper emotional, social or academic development of our students; it is also illegal. Therefore, student possession of tobacco products, drugs or alcohol is never permitted on the school grounds or at any school sponsored event or activity, either on or off campus. Any student found passing, consuming, possessing, buying or selling controlled or dangerous substances in the school building or on the school grounds, or at any time when the student is accountable to the school system for proper conduct, may receive an out-of-school suspension and/or should be prepared to accept immediate expulsion. The Principal acting "in loco parentis" has the legal right to search the locker and belongings of any student suspected of being in possession of or being under the influence of tobacco products, drugs or alcohol.

DISCIPLINE POLICY

It is expected that all students at the Academy will act with respect toward faculty, staff and students at all times and that behavior of students is in keeping with the philosophy of our school which is love of God, coupled with "love of neighbor." Disciplinary guidelines are set to provide a healthy and safe environment necessary to the successful operation of the school.

Each circumstance is taken independently and Administration reserves the right to implement discipline as warranted. Due to confidentiality, consequences are not shared with parties involved. Please reference the Academy's Discipline Policy found on the portal listed with other important documents including this Handbook.

1. When an infraction of a behavioral guideline or a minor infraction occurs, the teacher or staff member will make a reasonable attempt to correct the misconduct.
2. If the inappropriate behavior continues after the warning has been given, appropriate disciplinary action will be taken. If warranted, a teacher will either email or telephone the parent or guardian about the incident.
3. For more serious infractions, the student will report to the Principal or the Director of Student Affairs and the parent or guardian will be notified.
4. A detention may be issued. A parent conference may be requested if warranted.
5. If the behavior is repeated after the parent conference, the student will receive an in-school suspension. Should this occur, a parent conference will be required before the student may return to regular classes.
6. Students will be expected to serve detention on the first scheduled day after the infraction. Students and parents will have at least 24 hour notice prior to serving the detention, in order to make transportation arrangements. If a student is absent from school on the assigned detention day, the student will be rescheduled for detention on the next assigned day. If a student fails to report for detention, a phone call will be made to the parent or guardian and a conference will be required.
7. A student may not be allowed to attend a special program, enrichment activity, and or sport if the student's conduct is not in line with school policy.

In-School Suspension: A student may receive an in-school suspension for a major infraction of school rules. The suspended student is required to report to the Principal's office at the beginning of the school day for each of the suspension days and remain in an assigned place for the entire school day. Missed work must be made up following the suspension.

Out-of-School Suspension: When a student's behavior poses a risk to the physical, spiritual or academic welfare and progress of other students, or there is a prolonged or open disregard for school authority, the student may be suspended from school through the authority of the Principal. Suspension is a temporary dismissal from school for a serious infraction of school rules. When a student receives an out-of-school school suspension, parents will be contacted for a meeting. Missed work must be made up following the suspension. A suspended student is not allowed on the school grounds during the suspension period.

Students who are on in-school suspension or out-of-school suspension may not participate in any after school activities or sports programs on the days of the suspension.

Expulsion: Expulsion is the permanent dismissal of a student from the school. It is invoked rarely and is considered a last resort when detrimental behavior has not been corrected. The Principal will make the decision regarding the expulsion, and this will be relayed to the President. It would be rare that the President will overrule the Principal.

Personal Property Restriction: Any personal property that will cause disruption in school or on the bus will not be permitted. Any CDs, video games, or recordings which have a "parental advisory" are not permitted. Electronic devices such as portable handheld games, cell phones or the like - with or without headphones - are not allowed during school hours. They will be confiscated from the student. They may, however, be used after dismissal at after school activities with the permission of the teacher or coach.

Cell Phones and Electronic Devices Policy: Due to the age level of the Lower School students, it is recommended that students do not have a cell phone in school. If a parent warrants the need for a cell phone, he/she must adhere to the following school wide policy.

Cell phones, MP3 players, iPods, wearable internet capable devices, and similar devices may not be used or be visible during school hours from 7 a.m. to 2:32 p.m. These devices need to be shut off and locked in lockers or placed in backpacks or purses while school is in session. Leaving phones or other electronic devices in backpacks or purses is done so at the student's own risk.

Students who do not follow this rule will have these types of devices taken from them at the time the infraction occurs. If a student has his/her cell phone taken away, he/she will need to pick it up from the teacher who confiscated it at the end of the day. The infraction will be reported to the Director of Student Affairs. Students whose phones are taken away more than once will be subject to further disciplinary action:

First Offense: Teacher takes phone from student for remainder of school day. It is the responsibility of the student to pick up the phone from the teacher at the end of the day. Director of Student Affairs is notified.

Second Offense: Teacher takes the phone from the student for the remainder of the day, student must pick it up at end of day; Director of Student Affairs is notified; detention will be given; parents will be notified.

Third Offense: Phone will be given to Principal to be held until a parent can pick up the phone. Student and Parent will need to meet with Principal and further consequences will be given.

More than 3 offenses will result in further disciplinary action, including in-house suspension and the requirement of student to hand over phone at the beginning of each school day.

The Academy of Notre Dame asks for the support of this policy by parents. The Main Office should be used by parents/guardians to contact students during the day. Parents must refrain from calling or texting their children during school hours. Additionally, students are provided access to a phone if home contact is necessary. Students should never contact a parent for dismissal without having first met with the school nurse, guidance counselor or going to the Main Office. Such contact using a cell phone can result in a violation of the Cell Phone Policy and prescribed consequences will be followed.

The taking and the transmission of unauthorized digital photos are never acceptable. Cameras are not allowed in school unless permission is given by the administration or a teacher.

Electronic devices such as electronic readers, iPads and laptops may be used during classes for access to textbooks and other school related material at the discretion of the teacher. Students found using their electronic devices for reasons other than those set by her teacher will receive a warning and parents will be notified. If there is second infraction, the student and parents/guardians will meet with the Director of Student Affairs to determine the student's privilege to use the device in school.

If a student is found to be using a cell phone or other electronic device during a graded assessment (quizzes, tests) without permission, they will receive a 0 and the incident will be dealt with as an academic dishonesty violation.

The Academy has an e-policy regarding acceptable use of IT systems in school, as well as social media. This policy is found at the end of this handbook, and must be signed by parent and student and returned to the Lower School Office within the first two (2) days of school.

Cell phones will not be allowed on Field Trips unless permission is given by the Administration to use as a camera.

49.04: Bullying Prohibited

(1) Bullying, and retaliation against a person who reports bullying, provides information during an investigation about bullying, or witnesses or has reliable information about bullying is prohibited as provided in G.L. c. 71, § 37O.

REPORTING AND RESPONDING TO COMPLAINTS

1. Reporting by Staff

A staff member is required to immediately report to the Principal, or to the President when the Principal is the alleged aggressor, any instance of bullying, harassment or retaliation that the staff member becomes aware of or witnesses. The requirement to report as provided does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school policies and procedures for behavior management and discipline.

2. Reporting by Students, Parents, Guardians, or Others

Any person, whether student, staff, parent or guardian, who feels he/she is a target of harassment, bullying and/or retaliation or a witness to harassment, bullying and/or retaliation should report the incident to the Principal immediately or to the President when the Principal is the alleged aggressor. Reports made by students, parents, guardians or other individuals may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Reports may be oral or written, but oral reports made by or to a staff member shall be recorded in writing.

3. Responding to a Report of Bullying or Retaliation

Safety: Before fully investigating the allegations of bullying or retaliation, the Principal (or President) will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, pre-determining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member

who will act as a “safe person” for the target; and altering the aggressor’s schedule and access to the target. The Principal (or President) will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

Notification of parents or guardians: Upon determining that bullying or retaliation by a student has occurred, the Principal (or President) will promptly notify the parents or guardians of the target and the student aggressor of this, and of the procedures for responding to it. There may be circumstances in which the Principal (or President) contacts parents or guardians prior to any investigation. A principal’s notification to a parent about a report of bullying or retaliation must comply with confidentiality requirements of Massachusetts Student Records Regulations, 603 CMR 23.00, and the Federal Family Educational Rights and Privacy Act Regulations, 34 CFR Part 99, as set forth in 603 CMR 49.07, below:

The Academy is directed by the following statements from the Massachusetts Regulation pertaining to Notification of Bullying or Retaliation (CMR 49):

49.07: Confidentiality of Records:

- (1) A principal may not disclose to a parent any student record information regarding an alleged victim or perpetrator who is a student and who is not the parent’s child.
- (2) A principal may disclose a report of bullying or retaliation to a local law enforcement agency under 603 CMR 49.07(1)(a) without the consent of a student or his/her parent. The principal shall communicate with law enforcement officials in a manner that protects the privacy of victims, student witnesses, and perpetrators to the extent practicable under the circumstances.
- (3) A principal may disclose student record information about a victim or perpetrator to appropriate parties in addition to law enforcement in connection with a health or safety emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals as provided in 603 CMR 23.07(e) and 34 CFR 99.31(10) and 99.36. This provision is limited to instances in which the principal has determined there is an immediate and significant threat to the health or safety of the student or other individuals. It is limited to the period of emergency and does not allow for blanket disclosure of student record information. The principal must document the disclosures and the reasons that the principal determined that a health or safety emergency exists.

Regulatory Authority:

603 CMR 49.00: M.G.L. 71, §37O, as added by Chapter 92 of the Acts of 2010

Notice to Another School. If the reported incident involves students from another school, the Principal (or President) will notify the principal of the other school(s) of the incident so that school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

49.06: Notice to Law Enforcement Agency

- (1) Upon receipt and review of a report of bullying or retaliation, the principal shall make a preliminary determination whether to notify the local law enforcement agency of the reported incident. The principal shall notify the law enforcement agency if the principal has a reasonable basis to believe that the incident may result in criminal charges against the alleged perpetrator. The principal shall, consistent with school policy and procedure, consult with the school resource officer, if any, and such other individuals the principal deems appropriate in making such determination.

- (a) If the principal decides to notify the local law enforcement agency, the principal shall document the reasons for the decision and immediately contact the local law enforcement agency to discuss the incident and the law enforcement agency's involvement. Nothing in this section shall prevent the principal from taking appropriate disciplinary or other action pursuant to school policy and state law.
 - (b) If the principal decides not to notify the local law enforcement agency, or the local law enforcement agency determines that its involvement is not necessary under the circumstances, the principal shall respond to the incident of bullying or retaliation as provided in the bullying prevention and intervention plan. If the principal subsequently determines facts that cause him or her to believe that the perpetrator's conduct may be criminal, the principal shall notify the local law enforcement agency.
- (2) The principal shall notify the local law enforcement agency of a report of bullying or retaliation consistent with 603 CMR 49.06(1) if bullying or retaliation occurs on school grounds and involves a former student under the age of 21.
- (3) Each public school district, approved private day or residential school, collaborative school, and charter school shall include the requirements and procedures for communicating with the local law enforcement agency in the bullying prevention and intervention plan required by M.G.L. c. 71, § 37O.

Investigation: The Principal will thoroughly and promptly investigate all reports of bullying, harassment or retaliation. During the investigation, the Principal will, among other things, interview the alleged target, alleged aggressor, witnesses, staff, parents or guardians, and others as necessary. During the investigation, the Principal will, among other things, interview the alleged target, alleged aggressor, witnesses, staff, parents or guardians, and others as necessary. The Principal or designee will remind the alleged aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the Principal or other staff members as determined by the Principal as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the Principal will maintain confidentiality during the investigative process. The Principal also will maintain a written record of the investigation.

Determinations: At the conclusion of the investigation, the Principal will make a determination based upon all of the facts and circumstances. If, after investigation, bullying, harassment or retaliation is substantiated, the Principal will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities. The Principal will: 1) determine what remedial action is required, if any, and 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, if the aggressor is another student of the Academy, the Principal may choose to consult with the student's teacher(s) and/or school counselor, and the target's or student aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

The Principal will promptly notify the parents or guardians of the target and the student aggressor about the results of the investigation and, if bullying, harassment or retaliation is found, what action is being taken to prevent further acts of bullying, harassment or retaliation. All notice to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the Principal cannot report specific information to the target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directive that the target must be aware of in order to report violations.

Any student found to have bullied, cyber bullied or retaliated against another is subject to disciplinary sanction. The Principal (or President if the Principal is the accused aggressor) shall determine the level of disciplinary action appropriate for the act of bullying, harassment or retaliation that has occurred.

BULLYING TRAINING AND PROFESSIONAL DEVELOPMENT PLAN

1. Training for Staff

Training for all school staff on the Plan will include staff duties under the Plan, an overview of the steps that the Principal or designee will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades throughout the school.

2. Training for Students

The Academy will take steps to create a safe, supportive environment for all students in the school community, and provide all students with the skills and knowledge to respond to bullying, harassment, or teasing.

3. Hazing

The Academy of Notre Dame also complies with Chapter 536 of the Acts of 1985, also known as Massachusetts General Law Chapter 269 which prohibits the practice of hazing. The term "hazing" is defined as, "conduct or method of initiation into any student organization whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person." It is a crime in Massachusetts to participate in or organize hazing. It is also a crime for any person at the scene of such initiation to fail to report the incident to the proper authorities. The Academy of Notre Dame will comply with the law and when appropriate, impose disciplinary sanctions as stated above.

HEALTH REGULATIONS

The school's health program is intended to protect the physical health and well being of the students. To this end, the following regulations shall be observed: Please reference the Academy's Health Regulations and Policies found on the portal listed with other important documents including this Handbook.

1. A nurse is in attendance during the regular school day. The nurse attends to ill or injured students during school hours, and notifies parents when necessary. Please let the school nurse know of any communicable diseases or health problems.
2. It is a parent's responsibility to see that all emergency information (current work phone numbers, alternate person to be called, etc.) is accurate and up-to-date. Parents must bring in all Rx medication such as epipens and inhalers to the nurse.
3. Medications for a temporary illness or condition will be administered by the school nurse or a designated representative only if medication is received in the original prescription container and is accompanied by written parental and medical authorization. Parents must give medication at home if at all possible.
4. Medications (in their original containers) will be kept in the nurse's office. These must be accompanied by a written parent/guardian consent form and a physician's medication order form. Epi-pens, inhalers, etc., may be carried by the student based on individual circumstances and with parental consent. A copy of the note will be held in the nurse's office for reference. If a parent wishes to have a backup supply of emergency medications and treatments (epi-pens, inhalers, etc.) kept in the nurse's office, they must send them in accompanied by a written parent/legal guardian consent form and a physician's medication order form.
5. To be temporarily excused from physical education because of illness or injury, a student must bring a note signed by a Doctor.
6. Immunization documentation is required for all students and will be recorded and updated as provided by the parents every year for PK- grade 6 annual physical exam. Parents may see the Nurse for exemption status.
7. A student will be permitted the use of the elevator, if a note from a physician stating the reason and expected length of time is received by the nurse. No student will be permitted to ride the elevator at any time unless accompanied by an adult.
8. If a child vomits while in school, he/she will be dismissed and must be picked up by a parent/guardian unless authorized by the school nurse.
9. If your child has a fever, vomits or has diarrhea in the morning, please keep him/her home. He/she may not return to school until the child is fever free, vomit free or diarrhea free for 24 hours without medication. Be sure to keep encouraging hydration during these times.
10. If your child was seen by a physician for a sore throat and a throat culture was performed, please keep your child home for 24 hours. (A negative rapid strep test does not always mean that your child does not have strep.) If a strep test is positive, your child may not return to school until he/she has received 4 doses of prescribed medication. This means that he/she may not return to school the next day.
11. If your child is out of school for three consecutive days due to illness, a physician's note is required for return to school. A parent note will not be accepted.
12. Students are expected to participate in all aspects of the day. Special circumstances will be considered with a written doctor's note.

CRISIS PLAN

The Academy of Notre Dame will attempt to respond fully and promptly in the event of a crisis within the boundaries of the safety and privacy of the students, staff, parents and other constituencies. Please reference the Academy's Crisis Plan found on the Veracross portal listed with other important documents including this Handbook.

The President is the official spokesperson during any crisis situation and his/her office will serve as the communication center. If the President is unable to fulfill that role, then another administrative staff member will be designated. The President has the responsibility of notifying or arranging for the notification of all necessary parties.

ATHLETICS

MEMBERSHIP STANDARDS FOR SPORT PROGRAMS: Membership is open to all students who meet the qualifications of the sport. Team membership in any given year does not guarantee a position in the following year. Any student participating in the Academy of Notre Dame athletic programs must pass a physical examination. A fully registered physician must perform physical examinations. A student must have adequate insurance coverage. All completed physical forms and liability release forms must be returned to the Athletic Director prior to tryouts. All registration must be completed through the LeagueToolbox EAA online site prior to the deadline. If paperwork is missing or submitted after the deadline, the student is required to sit out the first game. Students will miss subsequent games until all paperwork is submitted properly online.

The NDA Athlete will:

- Be expected to maintain satisfactory academic standing.
- Attend the mandatory sports meeting with a parent.
- Strictly adhere to all school rules.
- Strive for academic and athletic excellence.
- Possess a high level of commitment and dedication to the team.
- Represent the student body in a manner, which complements the school and team.
- Show pride in the school and team.
- Show respect for coaches, opponents and officials at all times.
- Exercise self-control and self-discipline.
- Failure to meet any of these standards may result in temporary or permanent suspension from the team.

The following sports are available depending on level of interest:

- FALL - Cross Country, Volleyball and Soccer
- WINTER - Cheerleading, Basketball and Bowling
- SPRING - Track, Tennis and Softball/Baseball

ATHLETIC DEPARTMENT POLICIES AND PROCEDURES: The standards of any academic program cannot be compromised by allowing a student to participate in a sport when he/she is deficient in academic or behavioral areas. In order to play a sport, a student is required to have a passing grade in all subject areas, including specialists. Please see Attendance, Absences, and Tardiness for participation guidelines.

Practice and Game Attendance Policy:

1. Athletes who have made a team have made a commitment to be at all practices, games and team meetings. If any team member must be late, miss a practice, game or meeting for any reason, he/she must notify the coach. Each Coach's Team Policies will be provided at the beginning of each sport season.
2. If a team is traveling to the Lowell area, the school will try to provide bus transportation to the event only. Parents must arrange to have their child picked up at the field/school at the end of the sporting event. All bus transportation is subject to bus availability at the date and time of the event.
3. If a team is traveling outside of the Lowell area then the school will try to provide bus transportation both to and from the sporting event. However, parents have the option to take their child home from the away site at the end of the sporting event. In this case the Athletic Director must be notified via phone or note prior to the event and that person must sign out with the coach before leaving the event. The coach will stay with all players until each player is picked up by a parent. All bus transportation is subject to bus availability at the date and time of the event.
4. In the event that a team practice does not begin immediately following the close of school, children have two options. Students may go home and return to the school later for practice, or students may go to a designated study area until practice begins.

Students who opt to remain in the building until their practice begins may not leave school property. Violation of this rule is punishable with detention and a suspension from the team for 1 practice and 1 game.

Parents are required to pick students up at an off campus event within 30 minutes of game end. All students are required to be picked up from a school practice within 15 minutes of practice end. After 15 minutes, a student will be sent to EDP and parents will be charged.

School and Class Attendance Policy: Athletics

1. Students who are absent from school on either a game day or practice day will not be allowed to participate in the event scheduled for that day. A request may be made to the Principal or Athletic Director to participate under certain circumstances, i.e. documented attendance at a high school "shadow day," medical appointment, and funeral.
2. Students suspended from school or on in-school suspension may not participate in practices or games during their suspension day(s).
3. Students who accumulate 3 detentions or 1 in-school suspension within a sports season may be suspended from the team for the remainder of the season.
4. Any student who is excused from Physical Education class may not participate in any practice or game on that day.
5. A student suspended from any team who does not return to that team will be ineligible to receive a certificate or award at the sports banquet.

All uniforms must be returned to the Athletic Director at the end of each season. Any uniforms not returned by the end of the school year will result in withholding the student's report card until the uniform is brought to school.

ACCEPTABLE USE ePOLICY

The Internet is a source of instructional material to which students have access both in and outside of school. The Internet provides access to curricular and other educational material, and experience in searching for, finding, evaluating, and using information delivered electronically.

The Internet can be accessed through an increasing variety of electronic devices including those beyond what is provided by the school. Resources and the material available on the Internet vary in quality and appropriateness for school instructional purposes. Materials entering a school via Internet-based sources and resources may have not been selected ahead of time in a manner similar to the way other instructional material is selected, such as textbooks, software, or library books.

Internet safety issues also arise around the access to and the use of the Internet via computers and other Internet-ready electronic devices. These devices should be used in a manner that promotes safe, civil and legal online activity for children, as well as digital citizenship and literacy. There are issues with recognizing and responding to cyberbullying. Issues of protecting children from scams, cyber crimes, including crimes by online predators also arise.

To allow students access to instructional material from the Internet, to help prevent access to material which is deemed appropriate for classroom use, and to promote safe and appropriate online behavior, the following four-part approach is instituted whenever a student is accessing Internet material from the Academy of Notre Dame (NDA).

1. Acceptable Use Policy (AUP) Agreement

Any student using the Internet from a computer at the Academy of Notre Dame must have a valid, Acceptable Use Policy Agreement on file.

2. Filter

All NDA-owned computers which are capable of accessing the Internet must use filtering software to prevent access to obscene, racist, hateful, or violent material.

3. Supervision

When students use the Internet from NDA, NDA employees will make a reasonable effort to supervise student access and use of the Internet. If material is accessed that violates standards in the Acceptable Use Policy or this ePolicy, the staff member may instruct the person to cease using that material, and/or implement sanctions as listed below.

4. Instruction

All students will be educated about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response.

Introduction

The Academy of Notre Dame (NDA) provides information technology resources to students solely for educational purposes. Student use of school computers, networks, and Internet services is a privilege, not a right. This ePolicy (EUP) codifies what is considered acceptable use of computers and the network for the students. There is a separate Acceptable Use Policy (AUP) which is a shortened version of this policy and which students and parents must sign for access to NDA technology resources. It is the policy of NDA to comply with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)] and to prevent the following types of inappropriate user actions:

- Accessing inappropriate material via the internet and electronic communication;
- unauthorized access and unlawful activity; and
- unauthorized disclosure, use, or dissemination of personal identification of minors.

For continued access to technological resources at school, adherence to the following policy is required.

Agreement to Use School Computer Facilities, Software, and Internet

Internet Safety

Education, Supervision, and Monitoring: It shall be the responsibility of all members of NDA staff to educate, supervise, and monitor appropriate access and usage of the Internet in accordance with the Children's Internet Protection Act and Protecting Children in the 21st Century Act. Procedures for modifying and/or disabling any technology protection measures shall be the responsibility of the Technology Manager. Supervision and monitoring of computer and network use is outlined below:

- For use of the computer lab, a staff member has agreed to allow students in the lab for educational purposes and is responsible for checking on the students periodically.
- For use of the computers in the library, a librarian or staff member must be present. It is the responsibility of any present staff members to periodically check student use of computers.
- As each student will receive a unique username and password, the Technology Manager has the ability to monitor Internet usage. Students have no expectation of privacy in their use of NDA technology resources.
- The technology manager or their designee has the right to monitor NDA technology resources to ensure compliance with local, state and federal regulations as well as to investigate reports of misconduct or impropriety by users.

Network Usage

Student Accounts and Files:

- Students have their own accounts to gain access onto school computers.
- When saving, students should save all information to their individual account (Save in My Documents when logged into your account.) or their Google drive.
- At the end of each school year, all files on the student's account will be cleared. It is the student's responsibility to save any information they would like to keep to their own storage device before the last day of the school year.
- Students bringing their own laptop or tablet devices may utilize the NDA student network for educational purposes, but must login with an approved account. All activities on such devices during normal school hours must adhere to the signed AUP and this ePolicy as though it were an NDA owned device.

NDA Email Accounts

Upon signing the AUP, each student in grades 6-8 will receive an NDA email account which may be used for educational purposes. Students should always use their NDA email account and associated Google apps for class activities, such as emailing a teacher or another student.

- Approved Google apps are tied to the individual student NDA email account to allow more seamless collaboration and communication between students and teachers, as well as integration between applications.
- NDA email accounts and Google apps may be accessed from inside or outside the NDA network so that students may utilize them from home.
- Students and staff are not allowed to use NDA email accounts for any activities outlined in the "Unacceptable Use" section of this document.
- All official email communication from NDA to students will be sent to their NDA email account. NDA will not send official email communications to private email accounts of current students, except in cases where it is deemed impracticable to communicate otherwise.

Social Media Policy

- Students are not allowed to access social media sites, including but not limited to, Twitter, Facebook and Instagram, from the NDA computer network, nor at any time during normal school hours through other methods.
- NDA reserves the right to use social media to advertise for the school and its students and alumni, including but not limited to, having a Twitter and Facebook presence. It is the job of the NDA technology and marketing departments to monitor and update these sites. Students, parents and alumni are encouraged to follow these sites from home and respond to posts with personal comments, but may not alter the content of accounts.
