September
4 - 1st day of school. Everyone reports to 1st block at 7:40am
4 - Picture make up day. For those students who missed picture day in August.
5 - Regular schedule. **No extended learning.** Report at 7:40 am

Coming in October (watch for the October newsletter for dates and times)
Dear Parent or Guardian:

It is important that our youth have knowledge about human growth and development to understand body changes, maintain a healthy lifestyle, and make healthy, responsible decisions which fit with their personal values and yours. It is important for you to be the primary source for information and education, and our schools will provide support to assist your efforts.

4 year-old-kindergarten through twelfth grade human growth and development objectives guide learning in our schools. These objectives were designed by a committee of parents, teachers, administrators, and community members to be developmentally appropriate and were approved by the Board of Education. The objectives for your child's grade level are printed here along with our philosophy for your review. Your child's teachers will provide opportunities throughout the school year for your child to learn these objectives. To provide the best learning situations, we connect this information with other things about which the child is learning. Because of this, human growth and development learning may occur throughout the year when it is most appropriate, but there may be times when the learning is more focused.

Films related to the physical and emotional changes that occur with puberty are used in grades 4, 5, and 6. When the class is viewing one of these films, the teacher or counselor will notify you in advance so that you can have the opportunity to preview the film. We encourage you to take time with your child to discuss the film together after it is shown in class. This discussion provides another opportunity for you to share your values and expectations and to understand your child's perspectives. We have additional resources to help parents connect and speak with their children about human growth and development issues. For more information about available resources, speak with your child's teacher or counselor.

If you have any questions or concerns about what your child will be learning, please talk with your child's teacher or counselor. If you prefer that your child not participate in human growth and development instruction, you need to make that request in writing to the teacher or school principal in advance and an alternative educational opportunity will be provided for your child during that time. Students whose parents exempt them from instruction related to human growth and development will still receive instruction on other health-related topics such as basic hygiene and sanitation, the effects of controlled substances and alcohol on the human body, symptoms of disease and the proper care of the body. Instruction is also provided for elementary students on effective means by which students may recognize, avoid, prevent and halt physically or psychologically abusive or intrusive situations, such as child abuse, child enticement and sexual abuse.

If you would like more information about the district's health curriculum, including the complete human growth and development curriculum, or the instructional materials, please contact me at (920) 788-7900, Extension 4181.

Sincerely,
John Schultz
Director of Student Improvement

August 2018
PHILOSOPHY

The Kimberly Area School District recognizes human growth and development as a lifelong educational process. The responsibility for this education belongs first and foremost to parents, church, and community. The district recognizes the obligation of the schools to support and supplement this aspect of education. Since students are in school for a large portion of their lives, it seems appropriate that the school offer to assist parents in these areas.

This human growth and development program has been planned with the active, constructive involvement of parents, teachers, students, community leaders, and administrators with approval by the School Board.

The Kimberly School District is committed to provide human growth and development instruction as part of a comprehensive education program. Human growth and development instruction refers to the process of growth in the intellectual, physical, emotional, spiritual, and social phases of individuals and their human relations.

Human growth and development should not be an isolated special facet of education. Sequential, well-planned units appropriate for developmental needs will be integrated through the 4K-12 curriculum. Our goal is to provide accurate information in a non-threatening environment which includes dialogue between parents, students, and teachers. This accurate information will allow students and educators to use correct terminology when referring to human growth and development topics.

The Kimberly Area School District recognizes its responsibility to promote in our students positive self-concepts, healthy interpersonal relationships, and responsible decision making. This curriculum will help students examine their own attitudes and behavior in relation to the norms and values of parents, church, and community.

OBJECTIVES FOR GRADE 9-12

1. Apply the basic steps involved in the decision making process.
2. Analyze kinds of families, ways that families change and the responsibilities of all family members to create social, physical and mentally healthy family members.
3. Differentiate between healthy and unhealthy relationships.
4. Identify the influence of personal values and beliefs as well as other outside influences such as the media that impact a healthy relationship.
5. Explain the difference between acceptable, respectful physical contact and sexual harassment.
6. Recognize and explain physiological changes that occur in the adolescent body.
7. Identify symptoms of STIs to enable students to advocate for their own health and the health of others.
8. Know that pressuring someone into unwanted sexual activity is disrespectful, inappropriate and illegal.
9. Know the criminal penalties and other consequences (e.g. sex offender registration) for engaging in sexual activities involving a child.
10. Know why abstinence is the only responsible choice for teens to protect their social, mental and physical health.
11. Distinguish between viral and bacterial STIs and potential treatments and preventions.
12. Describe the different methods of birth control and disease prevention.
14. Identify/locate resources related to prenatal care, postnatal supports, and adoption.
15. Understand the process of pregnancy, prenatal development, and childbirth.
16. Identify counseling, medical, and legal resources for survivors of sexual abuse and assault, including resources and strategies for escaping violent relationships.
17. Explain the role alcohol plays in unsafe situations such as STIs, unplanned pregnancies, and motor vehicle accidents.
19. Communicate respectfully with and about people of all gender identities, gender expressions and sexual orientations.

August 2018
Seeking Substitute Paraprofessionals – Help our students reach their potential!

Do you enjoy helping kids and having a flexible schedule? We are looking for substitute paraprofessionals. Paraprofessionals assist teachers and students throughout the school day. Substitute paraprofessionals have a flexible work schedule and a lot of variety in their work. If you know someone who is looking for a rewarding and flexible career where they would be helping all students succeed, please help us by sharing this link with them: www.kimberly.k12.wi.us/careers
Family Move - Outside of the Kimberly Area School District

When a family moves outside of the Kimberly Area School District, students may continue to attend the school where they are currently enrolled if they qualify for a Tuition Waiver (obtained from the district office). Students who qualify for a Tuition Waiver are entitled to continue their enrollment through the waiver period. However, they are required to apply for Open Enrollment during the next Open Enrollment application period if they want to remain in the Kimberly Area School District after the Tuition Waiver has expired.

For additional information, please contact Jen Bixler at (920)423-4166 or email her at jbixler@kimberly.k12.wi.us

Family Move - Within the Kimberly Area School District

When a family move occurs within the Kimberly Area School District, students may continue to attend the school where they are currently enrolled even though their residence has changed to another Kimberly Area School District attendance area.

Parents who wish to have their student(s) remain in the same school after a move within the school district must complete the School Request Form located on the district website under Student & Parents>Enrollment>Attendance and return it to the district office Attn: Sara Vogel.

For additional information regarding school request contact Sara Vogel at (920)423-4122

We receive many worthwhile requests to be included in our newsletter. Since we cannot possibly include them all here, please remember to go to the District website frequently and check out the Community Events. There are many more great opportunities and activities listed there.

Emergency Medications: Please be aware that emergency medications that are provided for use during the school day will not be accessible before or after school hours. Parents and students must plan ahead to have emergency medication available during school activities such as clubs and sports. If an emergency arises and a student does not have their emergency medication available, 911 will be called.

The Kimberly Area School District charges a $25.00 processing fee for any check returned to us as non-sufficient funds.

The Kimberly Area School District does not discriminate on the basis of race, color, religion, national origin, ancestry, creed, pregnancy, marital status, parental status, sexual orientation, sex, (including transgender status, change of sex or gender identity), or physical, mental, emotional, or learning disability ("Protected Classes") in any of its student programs and activities.
