

Parent Information:

Early Dismissal

November 20th
11:20 am

No School

November 26th & 27th

Dress Up Days

The Student Council would like to host a few dress-up days as we lead up to our Thanksgiving Break.

Friday 11/20--Orange/Camo/Bucks

Monday 11/23--Pajama Day

Tuesday 11/24--Mismatch Day--Clothes that don't match.

Wednesday 11/25--Flannel Day

School Fees and Lunch Payments

Just a reminder that you are able to pay school fees and add money to your lunch account online through Infinite Campus. You are now able to pay fees and add money to your lunch account at any time during the year without being charged the \$1.75 by using the e-check method. You will still be charged \$1.75 if you choose to use a credit card to recoup some of the credit card fees that the district is charged. Please remember when you use an e-check it is similar to using a paper check and if this check would be rejected by your bank due to non-sufficient funds, you will be charged a \$25 NSF fee.

No Parking Signs Posted

Signs are posted on the east side of Maple Street, for traffic moving north, that there is no parking, stopping, or standing on that side of the street. We realize this may impact student drop-off and pickup, but we feel this is the best decision for the safety of our students. Please reach out to the school if you have any concerns.

Mapleview and Kimberly Apparel

Click [here](#) to order. (Please scroll down to the bottom for youth sizes.) Orders will be delivered to school before the holidays and sent home with your child.

Lost and Found

If your child is missing apparel please have them check the lost and found.

We Need You

We want our schools to remain open. To do that, we need your support. How can you help?

- ✓ Keep your child home if they are ill.
- ✓ Keep your child home if they have been tested for COVID until results are known.
- ✓ AVOID LARGE GATHERINGS.

WHEN TO STAY HOME FROM SCHOOL

Keep your child home when:

- ✓ They are sick (please see [student illness guide](#) and when to get tested)
- ✓ They are diagnosed with COVID-19
- ✓ They are being tested for COVID-19
- ✓ They are a [close contact](#) of someone with COVID-19

Frequently Asked Questions:

Do I keep my child home if someone in my household is being tested for COVID-19?

A: Send your child to school if your child is symptom free.

OR

A: Keep your child home if your child has COVID-like symptoms.

Do I keep my child home from school if someone in my household is a close contact of a confirmed case of COVID-19?

A: Send your child to school if the household member who is the close contact is symptom free.

OR

A: Keep your child home if the household member who is the close contact has COVID-like symptoms. (The household member who is the close contact is considered a probable case of COVID if he/she is showing symptoms while awaiting test results and everyone in your household at that point is considered a close contact and will need to quarantine.)

www.kimberly.k12.wi.us/updates/frequently-asked-questions**

STUDENT ILLNESS GUIDE AND WHEN TO GET TESTED

People with the below symptoms or combination of symptoms may have COVID-19. The table below outlines WI-DHS recommendations of who should receive COVID-19 testing in Wisconsin. If you have these symptoms, **stay home, call your school office and get tested.**

Box A (any one symptom present)

- Cough (above baseline) Shortness of breath or difficulty breathing New loss of taste or smell

OR

Box B (any two symptoms present)

- Congestion or runny nose (above baseline) Chills or fever (100.4) Nausea or vomiting
 Diarrhea Fatigue Muscle or body aches Sore throat (above baseline)

**If you choose not to get tested, you must remain home until at least 10 days have passed since symptom onset AND at least 24 hours have passed since resolution of fever without use of medicine AND other symptoms have improved.*

OR

Box C

- I am a close contact of someone with COVID-19

WI-DHS recommends getting tested if you are a close contact. If you test negative during your quarantine period, you will still need to complete your full 14-day quarantine before it is safe to go back to school or be around others

For all other illnesses, follow typical school illness protocol by staying home, calling the school office and once symptoms have improved and your child is fever free for 24 hours they may return.

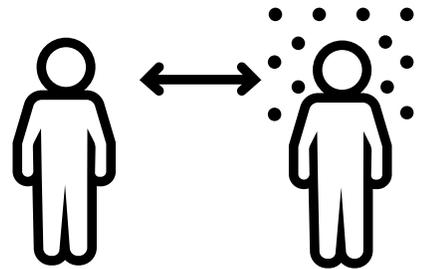

For information on awaiting test results and quarantining please go to, www.kimberly.k12.wi.us/updates/covid-19-protocols.

CLOSE CONTACT GUIDE

What does it mean to be a close contact of someone with COVID-19?

You are a “close contact” if any of the following situations happened while you spent time with the person with COVID-19, even if they didn't have symptoms:

- ✓ Had direct physical contact with the person (for example, a hug, kiss, or handshake)
- ✓ Were within 6 feet of the person for more than 15 minutes
- ✓ Had contact with the person's respiratory secretions (for example, coughed or sneezed on; contact with dirty tissue; shared a drinking glass, food, towels, or other personal items)
- ✓ Live with the person or stayed overnight for at least one night in a household with the person

EXAMPLE

Your child was playing outside with a neighborhood friend when he drank from the friend's water bottle without thinking. The following day, the friend developed symptoms and subsequently tested positive for COVID-19. **Your child is a close contact.**

EXAMPLE

I went out to eat with a friend yesterday and we were within 6 feet of each other for 30 minutes. The following day my friend tested positive for COVID-19. I am now a close contact. What about my child? **Your child is NOT a close contact** as your child did not spend time with your friend.

If you had contact with someone who has been diagnosed with COVID-19 you may be at risk of infection. Follow these recommendations for 14 days since your last close contact with someone with COVID-19. It is important to **self-quarantine and self-monitor** to protect yourself, your family, and your community.

As a close contact, what does it mean to quarantine?

- Stay home
- Avoid travel
- Go out only if absolutely necessary
- Postpone all non-essential medical appointments until your quarantine is over
- Do not use public transportation, ride-sharing, or taxis
- Wear a face cover when you are around others
