WELCOME BACK!

Back to School Night for Kimberly Area School District was a fantastic kickoff to the new academic year, filled with energy, smiles, and community spirit. Families gathered to meet teachers, explore classrooms, and reconnect after summer break. Chartwells added a delicious touch to the evening by handing out samples of our new popcorn chicken paired with a signature dipping sauce that had everyone coming back for seconds. The excitement in the air was contagious, and we're thrilled to begin another year of learning, growth, and memorable moments!
