The most recent Director of Technology for the Kimberly Area School District, Mike McDermot, retired at the end of June after 19 years of dedicated service. During those 19 years, the District went from having a few Apple II computers to now having thousands of devices used by students and staff. “We are well-prepared for this change. Mike helped to make this a seamless transition for our staff and community,” Mayfield said. “Colin will be a great addition to the Kimberly Area School District, I look forward to increasing our use of technology to support our students’ achievement.”

### **About the Kimberly Area School District**

The Kimberly Area School District is a progressive public school district committed to providing the best possible education available to students. Its responsibility is to help lead the way in developing well-rounded students and future citizens. The District wants every student to be given the opportunity to reach their potential through academics, the arts and co-curricular activities. It encompasses approximately 17 square miles and serves over 5,000 students in one 4K center, four elementary schools (5K-4), two intermediate schools (5-6), one middle school (7-8) and one high school (9-12).
