

KIMBERLY HIGH SCHOOL FAMILY NEWSLETTER

Washington Post's America's Most Challenging High Schools

<http://apps.washingtonpost.com/local/highschoolchallenge/>

February 2017

Dear KHS Families,

It's February which means it is again time for students to finish course selection for the 2017-18 school year! Please be sure to contact your son or daughter's school counselor if you have any questions on course selection and remember-it's easier to choose the right courses now than to change schedules in fall.

Seniors- remember we are rapidly approaching deadlines for many scholarships. Please be sure to check in Student Services as new scholarships arrive weekly. Last year several of our local scholarships were not awarded because no one applied!

Juniors will be taking the State required ACT and ACT Workkeys Tests on February 28 and March 1st. Please checkout the opportunities to prepare for the ACT test that were emailed to juniors and their parents. Remember, you do need to register to attend the prep sessions scheduled before and after school.

Additionally, we will be giving the ASPIRE test to all freshman and sophomores soon and the Advanced Placement (AP) testing window is in early May. Please see the details in this and upcoming newsletters for information on late starts and testing times and locations.

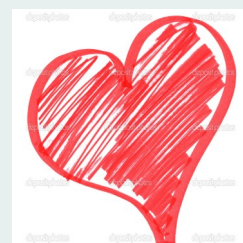

We are changing the format for Parent-Teacher conferences scheduled for February 20th from 5 to 7 p.m. This semester parents will be asked to schedule appointment times for conferences with teachers and conferences will be held in teacher classrooms. Please watch your email for details on how to schedule your parent-teacher conference through myconferencetime.com.

Looking forward to a great second semester! Go 'Makers!

EVENTS AND UPDATES ON TWITTER:

@Maker_Athletics

We look forward to your support at our many winter athletic events.

For athletic schedules and scores please refer to:

www.fvasports.net

Winter is here. If weather conditions dictate that there will be no school, a decision to keep the schools closed is usually made by 6:30 a.m. Parents with students in school receive a direct call, text and/or email from our auto-call system since that is the fastest way to communicate with thousands of parents at one time. As a reminder: If you have a new phone number or email address, please update your information in the Infinite Campus parent portal or contact your school's secretary to update the portal.

Announcements are also sent to local T.V. and radio stations, please tune to local stations such as these rather than call the school directly: WAPL-105.7FM, WHBY-1150AM, WKFX-104.9FM, WEMI-91.9 FM, WGEE-1360 AM, and WOZZ-93.5FM; and WBAY-TV2, WFRV-TV5, WGBA-TV26, and WLUK-FOX11. If other school events, such as concerts or sporting events are also cancelled because of weather, they are typically communicated through these stations as well.

The District's website and Facebook page are not our primary way to communicate school closures, so we ask parents to listen to the auto-call messages or tune in to the radio and T.V. stations listed for the timeliest updates.

It's time for the moment you've all been waiting for.

In just a few days, tickets go on sale for the *most anticipated social event of the season*: **SPREE.**

The dance is set for *Saturday, February 11th* from 8 PM to midnight in the commons. Clothing is semi-formal—what you'd wear to Homecoming. *There will be a DJ.*

Sales begin on *Monday, January 30th*, two weeks before the dance. But don't wait until the last minute! For each of the first five days, one random buyer will win a \$25 gift card. That adds up to \$125 in prizes!

And for every ticket you buy, you'll get one free *ice cream sandwich*, while supplies last. Sweet deal, huh?

Be on the lookout for another email explaining the Spree spirit days. Thanks, and see you on the 11th!

September 23, 2016

Dear Kimberly High School Parent or Guardian,

Beginning in the 14-15 school year, the state of Wisconsin introduced a number of changes to the state's student assessment system. Since that time, those changes have remained consistent and include:

- Aspire Early High School Assessment – grades nine and ten
- ACT and WorkKeys – grade eleven
- Forward Social Studies assessment – grade ten

The ACT Early High School Assessment will cover five subject areas for students in grades nine and ten: Reading, Math, Writing, Language Arts and Science. The tests will be computer-delivered and will be spread out over multiple days. Students in grade nine will test during their English classes the weeks of April 24 and May 1. Students in grade ten will test on April 25 & 26 during a modified school schedule. In addition, students in grade ten will take the Wisconsin Forward Exam, a Social Studies-only test that will be administered by computer on Wednesday, April 26.

In addition, for the third year, every junior in the state of Wisconsin is required to take the ACT and Work Keys assessments. This year those tests will be held on February 28 and March 1. All juniors will report those dates during a modified school schedule.

Please note the modified school schedules listed on the next pages.

Additional information about the ACT Early High School and Forward assessments will be shared as they become available.

If you have questions about the ACT Aspire Early High School assessment, please contact me by phone or email.

Sincerely,

Jason Nate

Wisconsin State Standards. Wisconsin students are taught with the rigor and complexity as required by the Wisconsin State Standards and will be well prepared to be successful with the ACT assessments.

What are the Wisconsin State Standards?

The Wisconsin State Standards define the knowledge and skills students should take away from their K-12 schooling to be successfully prepared for postsecondary and career opportunities. The Wisconsin State Standards are available at <http://dpi.wi.gov/standards>.

ACT[®] High School Assessments

Information for Families 2016-17

For more information contact
the Office of Student Assessment at
osamail@dpi.wi.gov

What are the ACT High School Assessments?

ACT®, Inc. has provided testing services for more than 50 years and their assessments have evolved over the years to reflect the nation's view of education to embrace lifelong learning and prepare students to be college and career ready after high school graduation. The Wisconsin Department of Public Instruction (DPI) entered into a partnership with ACT®, Inc. during the 2014-15 fiscal year to comprehensively assess Wisconsin high school students:

- 9th and 10th grade students will take the **ACT Aspire™ Early High School** assessment in the Spring.
- 11th grade students will take **The ACT® Plus Writing** and the **ACT® WorkKeys® Assessment System** in the Spring.

The ACT Aspire™ Early High School - ACT Aspire assesses student readiness in English, mathematics, reading, science, and writing.

The ACT® Plus Writing - The ACT Plus Writing consists of four multiple-choice tests: English, Mathematics, Reading, and Science; and a 40-minute essay test that measures student writing skills.

ACT® WorkKeys® - ACT WorkKeys is an applied skills assessment system which consists of 3 tests: Applied Mathematics, Locating Information, and Reading for Information.

How are the test results used?

All students in grades 9-11 will be given these assessments except for approximately 1% of students with significant cognitive disabilities who will be tested with an alternate assessment. This system of assessments will allow teachers to measure a student's growth throughout high school.

DPI will also use The ACT® Plus Writing for the high school accountability measure in order to determine the extent to which schools and districts across the state meet proficiency standards.

What type of scores will be provided?

- ACT Aspire™ Early High School scores are reported on a 3 digit scale. These scores will predict future ACT scores and WorkKeys National Career Readiness Certificate attainment.
- ACT scores range from 1 to 36 for each of the subtests and one overall score called a test composite. Students will also receive a writing score ranging from 2 to 12. In most situations scores earned on the ACT can be used by students for college enrollment, scholarships, and NCAA eligibility requirements. Many UW System colleges require ACT scores for college entrance.
- By taking the WorkKeys assessment, students can earn National Career Readiness Certificates (NCRC) that are recognized nationally by businesses and industries. This certificate is used by some employers

to make sure prospective employees have the skills necessary for the job they are applying for. Students will demonstrate their skills in the areas of Applied Mathematics, Locating Information, and Reading for Information.

- Score reports will be available 4-6 weeks after each assessment is given.

Where can I find sample or practice test questions?

Practice tests and sample test questions are available from ACT. Actual test items are not released.

- ACT Aspire™ Early High School sample items available at: <http://www.discoveractaspire.org/assessments/>
- The ACT® Plus Writing practice tests available at: <http://www.actstudent.org/sampletests/>
- The ACT® Plus Writing sample writing prompts available at: <http://www.actstudent.org/writing/sample/>
- The ACT® WorkKeys® practice test available at: <http://www.act.org/workkeys/assess/sample.html>

What learning standards do the ACT High School Assessments measure?

ACT and DPI work together to ensure that the ACT assessments measure what students have learned through the
