December 6, 2017

Thank you all for your time last week. Below are the notes from our December 6th meeting as well as the discussion items planned for our January meeting. If you have additional discussion items you would like to discuss at our January meeting please just let me know.

### December 6th Discussion Items Notes

- Graduation Credit Requirements
  - The new graduation requirements were discussed as students have more available credits during their four years in high school and thus the credit requirements for graduation have changed to reflect the increase in opportunity.
  - JROTC Program
- JROTC Program
  - The possibility of adding a JROTC program was discussed. It was shared that it can take up to two years to be offered a program after a district submits an application. The parents agreed it was a good idea to submit an application and continue the discussion at a later date. To learn more about the program please visit their website: [AFJROTC Website](#)
- Parent Contact Log
  - It was shared that teachers have made over 850 parent contacts this school year and that our goal was to reach 1000 parent contacts by the end of the semester.
  - Parents shared they would appreciate it if teachers got directly to their point when they call home. It was pointed out that many parents are a little on edge when they hear from a teacher.
- Student Semester Survey
  - Teachers will be giving students the ability to share their voice at the end of each semester. Parents liked the idea of students

giving teachers feedback but wanted to make sure it was anonymous. Draft Attached.
