

COFFEYVILLE COMMUNITY COLLEGE TB SCREENING

Tuberculosis evaluations are required prior to enrolling at CCC if you were born in, lived, or traveled outside the United States within twelve (12) months prior to arriving at CCC.

- Yes I have traveled/lived outside the United States
 No I have **NOT** traveled/lived outside the United States

If you answered **YES** to the above question, provide documentation of the PPD Mantoux Skin Test performed in the US.

The Kansas Department of Health and Environment recommends that all college students be immunized against various vaccine preventable diseases. Below is the list of the recommended vaccinations for students at Coffeyville Community College.

Hepatitis B
Tetanus, Diphtheria (TD)

****Meningococcal**
Measles, Mumps, Rubella (MMR)

Influenza
Varicella (Chicken Pox)

My signature below signifies that I have been informed of the recommended immunizations and have enclosed documentation to Coffeyville Community College or have made the choice (waived) NOT to be immunized, specifically for meningococcal.

*****Required if student is a minor, 17 years or younger. See the CCC Handbook online for Meningococcal details.***
