Coffeyville Community College was founded in 1923 and is accredited by The Higher Learning Commission and a member of the North Central Association, www.hlcommission.org, 312.263.0456.

CCC is an equal opportunity institution. In compliance with the Americans with Disabilities Act, all reasonable efforts to accommodate persons with disabilities will be made.

This schedule is for information only and does not constitute a contract. The College reserves the right to change, modify or alter without notice all fees, charges, tuition expenses or costs of any kind. Furthermore, the College reserves the right to add or delete without notice any course offerings or information in this publication.

REGISTRATION / FINALIZATION PROCESS

Registration consists of students selecting appropriate courses, program planning with an academic advisor and payment of tuition and fees to the College in full or by arranging an acceptable payment plan through the Business Office prior to the first day of classes. Payments can be made on Raven ACCESS, by mail, or in the Business Office.

Students should plan their academic programs carefully in order to keep subsequent changes to a minimum. **FAILURE TO ATTEND CLASS, ONCE REGISTERED, DOES NOT CANCEL REGISTRATION IN ANY CLASS OR CLASSES**, nor does it release a student's financial obligation.

ONLINE DEGREE SEEKING STUDENTS

Students who are seeking to earn a degree online should contact the Director of Distance Learning at 620-252-7076 for academic advising.

NOTE

Registration for six (6) credit hours or less may be taken by telephone through the last business day of the week prior to the start of classes. Enrollment information must be completed in the Advising Office. A student must finalize telephone registration by the last business day of the week prior to the first class meeting or be dropped from courses.

CHANGES IN REGISTRATION

If a student wishes to change class time, drop a class or add a class, he/she must contact the Registrar's Office and complete a Schedule Change Form. The procedure is not finalized until the student receives authorized signatures on the form including a signature from the Registrar's Office and the student's academic advisor.

Failure to change registration, except according to the above procedure, will result in a grade of "F" recorded on the permanent record of the student. A notation of "W" (withdrawal) will be made on the student's permanent record if he/she officially withdraws prior to the published withdrawal date on the master calendar.

ADDING A COURSE

Students who wish to add a course after their initial enrollment must complete a Schedule Change Form in the Registrar's Office.

A student will be allowed to add a course (with Instructor approval) up to and including the Final Add Date as indicated on the master calendar. The Final Add Date is determined by calculating 25% of the allotted class time. Courses not meeting the entire semester will be calculated in the same manner. Any class added after the semester begins requires the signature (approval) of the class instructor and assigned advisor. If a student adds a class after making their initial payment or payment plan arrangements, they assume full financial obligations for any tuition and fees associated with the course(s) added.

DROPPING A COURSE

Students who wish to drop a course after their initial enrollment must complete a Schedule Change Form in the Registrar's Office.

A student who withdraws from a course after the 20th day of classes will receive a "W" (no grade or penalty) for the course.

Any class dropped after the semester begins requires the signature of the class instructor and assigned advisor.

A student will be allowed to drop a course up to and including the Final Drop Day as indicated on the master calendar. The Final Drop Day is determined by calculating 80% of the allotted class time. Courses not meeting the entire semester will be calculated in the same manner.

A student remains responsible for payment of tuition and fees if the drop occurs after the tuition refund date as indicated on the master calendar.

If a student is dropped from an online course by the Registrar's Office for non-completion of 25%, the student remains responsible for the charges incurred by the online class.

WITHDRAWAL FROM COLLEGE

A student who wishes to withdraw from the College before the end of the semester must complete an official Schedule Change Form and confer with the Director of Financial Aid, Registrar, and Business Office Clerk. A student remains responsible for payment of tuition and fees after the tuition refund date. Additionally, a student who attends less than 60% of the allotted class time and receives federal financial aid will be responsible for returning a portion of that aid. A student who officially withdraws from College before the withdrawal deadline will receive a "W" (no credit or penalty) for each course.
