Why didn't the chemistry student finish their homework?
Because they had a mole-titude of other things to do!
What type of bread do chemists like?
Mole-d bread
Why did the mole get dumped right before prom?
Because he wanted a serious relationship, but she said there was no chemistry!
Why did the mole break up with his high school girlfriend?
Because she said she needed space... and he started calculating the volume!
Remember, everyone, stay positive — unless you're an electron!
HAPPY MOLE DAY!
