¹There were 69 graduating seniors in 2017 who only took the old SAT and are not counted on this report.

²May include data from schools with fewer than 10 test takers.

³As reported by the Maryland State Department of Education with private school data removed from Maryland and national data.

⁴The increase in the percentage of seniors taking the SAT was due to the addition of the SAT School Day administration in the 11th grade beginning in SY2018.
