

# Inclusive Pre-K Program Information

Frederick County Public Schools is offering a unique pre-kindergarten educational program. The Inclusive Pre-K program is in addition to, and different from our regular pre-kindergarten class. Inclusive special education Pre-K classes educate all students using academic standards while implementing Individual Education Programs (IEP) for eligible children who have been identified with a disability and placed via the Child Find process. Participation in this program provides opportunities for all students to strengthen their social and academic skills through an inclusive preschool setting.

Inclusive Pre-K Classrooms are available for 3 and 4-year old students. Students must be 3 or 4 by September 1<sup>st</sup>. Applying for a student to participate as a peer in this program does not guarantee enrollment. Parents must provide their own transportation to and from school.
