

Individual support for healthy babies and moms

Get personalized help through pregnancy and delivery with the Healthy Pregnancy Program.

Special services to help you during a special time in your life.

We want to help ensure you have a smooth pregnancy, delivery and a healthy baby. That's why we created the Healthy Pregnancy Program. By seeing your doctor regularly, and by enrolling in our Healthy Pregnancy Program, which is provided at no additional cost, for UnitedHealthcare® plan members, you'll have built-in support through every stage of your pregnancy.

Personal attention

When you enroll in our Healthy Pregnancy Program, a care coordinator will consult with you, via the telephone, to help you determine what, if any, risks or complications could arise during your pregnancy. We can help you learn and practice healthy pregnancy habits and protect the well being of your baby. If you have individual needs, a Healthy Pregnancy Program nurse will provide one-on-one support throughout your pregnancy.

At www.healthy-pregnancy.com, you can access a full range of articles covering nutrition, exercise, childbirth preparation, tips for Dads and more. Our website also offers you a Healthy Pregnancy Owners' Manual that will walk you through what to expect before, during and after your pregnancy.
