Budget-at-a-Glance

Operating Budget Highlights

The Board's requested fiscal year 2015 operating budget totals \$548,348,808. It reflects an increase of \$15,650,922 or 2.9% over the fiscal year 2014 operating budget. This budget focuses on the following main areas:

- Retaining and attracting quality staff
- Ensuring adequate and current instructional resources
- Providing technology upgrade initiatives

The Board's requested budget includes expenditures that the Board believes are needed to continue to provide quality educational services to the children of Frederick County for fiscal year 2015. It reflects the feedback obtained during Town Hall meetings and extensive public engagement. The requested budget includes \$17.5 million in additional local funding above Maintenance of Effort.

The Board is also requesting \$6.0 million outside of this request, as a one-time transfer from the Board of County Commissioners for Phase I of Technology Upgrade Initiatives, as well as a one-time deposit of \$11 million into the Frederick County Public Schools Other Post Employment Benefits (OPEB) trust fund.

Revenue Highlights

The county allocation of \$259.9 million represents \$17.5 million above the Maintenance of Effort level of funding required under state law. It also includes an increase of \$1.0 million for the teacher pension shift, a reduction of \$4 million associated with the sales proceeds from four surplus properties and \$0.5 million for increases of in-kind services.

Estimated state funds are \$262.2 million, an increase of \$2.8 million or 1.1% over last year's funding. This includes \$6.5 million in the estimated Geographic Cost of Education Index funding.

Other sources of funding include \$18.4 million in federal funds plus \$7.8 million of various fees, tuition and interest.

Expenditure Highlights

Reversals and Adjustments: There is \$3.9 million due to reversals and adjustments, mostly associated with the reversal of the recognition of sale proceeds from four surplus properties.

Continuation of Programs and Services: The \$3.9 million increase in this area includes health and dental insurance increases due to inflation; new retirees and temporary employees transitioning to permanent positions; funding for curriculum resources; and increases to county in-kind services. The increase in continuation of programs and services is mitigated by savings due to employee turnover and utility efficiencies. The inflationary increase to insurance is an estimate and subject to negotiations.

Enrollment: Due to a modest projected enrollment increase for fiscal year 2015, formula-based staffing will increase. This recommended budget includes a net increase of \$0.6 million as a result of enrollment.

Mandated: A \$1.3 million increase is mainly due to a net increase in pension expenses and the net growth in allocation to our charter schools. The legislated local cost of state pension sharing is offset partially by an increase in the transfer from the local government associated with this pension cost sharing.

Salary and Staffing Resource Pool: This increase includes a resource pool that is subject to negotiations. This funding could be used for salary increases and/or staffing to meet systemic needs.

Enrollment Trends

Enrollment for fiscal year 2015 is projected to be 40,797, an increase of 82 students over fiscal year 2014's actual enrollment. The projected enrollment includes 1,110 prekindergarten students.

In fiscal year 2014, enrollment was projected and budgeted at 40,668 students, while actual enrollment this year was 40,715, just 47 more than anticipated.

Special Education enrollment declined slightly from fiscal year 2013 to fiscal year 2014 while the complexity and severity of the special education population continues to increase. The state child count for special education is 4,267, a decrease of 20 students over fiscal year 2013.

1,727 students participate in our English Language Learners (ELL) program, an increase of 98 students from fiscal year 2013.

The number of students eligible for free and reduced-price meals increased by 564 students from fiscal year 2013 to fiscal year 2014. The percentage of students eligible for free and reduced-priced meals is 26%.

Budget-at-a-Glance (continued)

Factors Influencing the Budget

- Student enrollment
- Staffing ratios for elementary, middle and high schools
- Formula-based allocations for schools, including materials of instruction
- Prekindergarten enrollment with no state or county funding
- Federal and state mandates including Bridge to Excellence and Common Core Curriculum
- New charter school allocations
- Costs of salary adjustments that result from contract negotiations
- Cost of employee benefits that result from contract negotiations
- Increased number of homeless students and their related transportation costs
- Increase in complexity and severity of special education services
- Post-employment benefits funding
- Continued demand for building maintenance projects
- Changing technology and desire to equitably distribute technology
- Shift of pension costs from the state to local governments
- Sale of surplus properties
- Uncertain state revenue allocations
- Uncertain county revenues due to depressed economic climate
- Decline in federal Impact Aid funding

Mission and Goals

The Frederick County Public Schools system (FCPS) is among the nation's highest performing school districts. With Maryland ranked #1 in education according to *Education Week's* 2009-2013 *Quality Counts* reports, FCPS is a leader in the state that leads the nation. FCPS has the state's second lowest dropout rate and ranks first in statewide 2012 School Progress Index accountability data, which includes overall student performance, closing achievement gaps, student growth and college and career preparation. FCPS students' SAT and Advanced Placement results continue to outperform Maryland and national averages.

The FCPS instructional program has served students well. It promotes developing the whole child, inspiring creative thinking, innovation, perseverance and lifelong learning. FCPS graduates go on to top colleges and universities and are known for their achievements in many fields. A number of graduates choose to return and teach in the schools they had attended. The reform efforts underway are designed to ensure that all students receive a rigorous education that prepares them for success in a globally competitive society.

To ensure that FCPS retains its high level of achievement during this period of change and into the future, the following mission and goals are instrumental.

Mission: The FCPS mission is to reach our students with exceptional teaching and caring support, challenge them to achieve their potential, and prepare them for success in a global society.

Goal 1: Every student will learn in an intellectually challenging environment, prepared as a lifelong learner to excel in college, further study and the workplace.

Goal 2: Every student will learn in a safe, caring and engaging environment, and be prepared to participate as a productive citizen and contributing member of our global society.

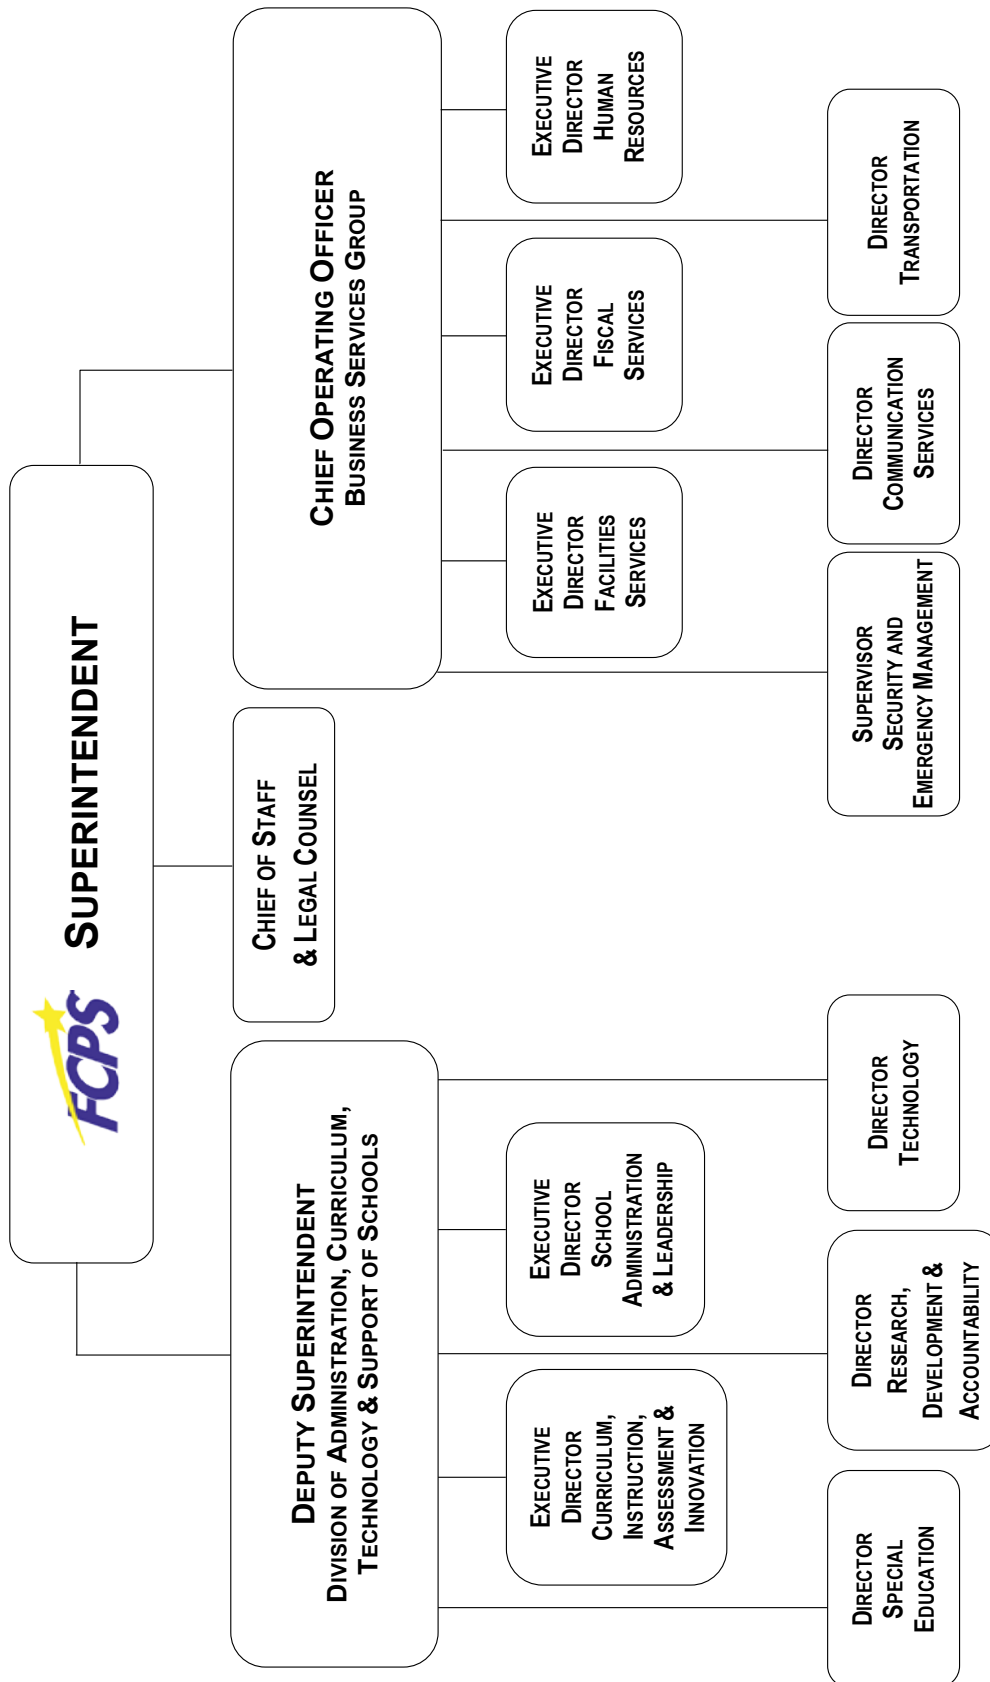

Goal 3: All employees will be highly qualified for their jobs, motivated and effective at work, and valued and respected by students and the community.

Goal 4: Every family will have access to the programs and services needed for their children to enter school ready to learn.

Goal 5: All sectors of the community will be engaged in the education of our children.

Goal 6: Every division and school will have sufficient resources and manage those resources in a publicly accountable and cost-effective manner.

The Board has prepared the requested fiscal 2015 operating budget with the focus on these goals.

Financial Information

Fiscal Year 2015 Estimated Operating Revenues

In this recommended budget 95.2% of the school system's revenues are from our state and county governments.

The county allocation of \$259.9 million represents \$17.5 million above Maintenance of Effort level funding as required by state law. It also represents the shift of teachers' pension costs, a reversal of \$4 million transfer associated with the sale of four surplus school properties, and a \$0.5 million increase in in-kind services. In-kind services include school resource officers, school health room staff, developmental center services, school crossing guards and other services that the county government provides.

The Maryland State Aid of \$262.2 million includes \$6.5 million in Geographic Cost of Education Index (GCEI) funding, which is vulnerable to reduction or elimination.

Other sources of revenue include sports-participation fees, interest, building-use fees, out-of-county student tuition, energy and procurement rebates, and any fund balance. The \$2.9 million reduction in other revenue sources consists mainly of a net reduction of use of non-recurring fund balance of \$2.7 million and a reduction of 0.2 million associated with reduction of federal impact aid funding.

Revenues – How the budget is funded

Changes in Funding

	Fiscal 2014 Approved	Board Requested Fiscal 2015 Budget	Dollar Change	Percent Change
County	244.2	259.9	15.7	6.4%
State	259.4	262.2	2.8	1.1%
Other	29.1	26.2	(2.9)	-1.0%
Total	532.7	548.3	15.6	2.9%

Dollars in millions (rounded)

Financial Information

Fiscal Year 2015 Operating Expenditures

The fiscal year 2015 Budget totals \$548.3 million, an increase of \$15.6 million or 2.9% compared to fiscal year 2014 budget. This increase in expenditures is attributable to employee health and dental benefits, retirement contributions, increase in lease payment, increase in positions due to enrollment growth, increase to funding to establish a curriculum resource refresh cycle and a proposed salary and staffing resource pool. These increases are offset by a reversal of expenses related to lease payments made by sales proceeds from surplus properties, utility savings and salary savings due to staff turnover.

How the Budget Is Spent

The majority of the operating budget, 86.6%, goes to pay salaries and benefits to school system employees. Total compensation and benefit expenditures account for over \$474.8 million. Included in the benefits for employees

is \$3.1 million budgeted for contributions to the Other Post-Employment Benefits (OPEB) trust fund, which sets aside funds for future payments of retirement benefits.

The remaining 13.4%, or \$73.5 million, of the operating budget is spent on non-compensation and benefit costs. The major expenditures in these areas are:

- Utilities
- Transportation services, including bus purchases, repairs and fuel
- Instructional supplies and materials for schools
- Maintenance costs for buildings, contracted supplies and equipment
- Technology services and computers
- Tuition for special education students attending other schools

Operating Fund Expenditures FY2013 through FY2015

	FY 2013 Approved	FY 2014 Approved	FY 2015 Board Requested
Non-Personnel Expenditures	70.0	76.5	73.5

Salaries	306.1	317.6	328.0
Total	523.1	532.7	548.3

Dollars in millions (rounded)

Financial Information

The Maryland State Department of Education has standardized the various categories of expenditures for the 24 school systems in Maryland. The 15 expenditure categories found in the FCPS operating budget are:

Administration – activities associated with the general regulation, direction and control of the school system. Administrative divisions affect the school system as a whole and are not confined to a single school building.

Mid-Level Management – administration and supervision of district-wide and school-level instructional programs and activities.

Instructional Salaries – regular and supplemental pay for staff whose responsibilities include interaction with students in the delivery of instructional programs and related student instructional support services.

Instructional Supplies – supplies and materials used in support of instruction.

Instructional Other – all other non-salary expenditures for instruction not classified as supplies and materials.

Special Education – activities designed for students who, through appropriate assessment, have been determined to have temporary or long-term special education needs. Only direct special education-related expenditures are charged to this category.

Pupil Personnel – activities designed to improve student attendance at school and prevent or solve student problems in the home, school, and community. Salaries for pupil personnel workers, social workers, and others are included in this category.

Health Services – activities associated with student physical and mental health that are not instructional in nature.

Transportation – activities directed at providing transportation for students between home, school, and school activities. This category includes regular route, homeless, athletic and special education transportation.

Operations – activities related to the upkeep of the physical plant to ensure that buildings are open for use, comfortable, and safe for students, staff, and the community.

Maintenance – activities concerned with keeping the grounds, buildings and fixed equipment in their original condition of completeness or efficiency through repair, scheduled and preventive maintenance, or replacement of property.

Fixed Charges – general recurrent expenditures that are not readily allocable to other expenditure categories. This category includes the fringe benefits related to employees, liability insurance and debt-related expenses.

Food Service – activities concerned with providing food to students and staff. FCPS reports most of the Food and Nutrition Services activities as a separate special revenue fund, but the activity in the operating budget is related to a restricted grant.

Community Services – activities provided by FCPS for the community other than for public school activities. This category is offset by revenues from the community organizations using the facilities.

Capital Outlay – activities concerned with the cost of directing and managing the acquisition, construction, and renovations of land, buildings, and fixed equipment.

The next chart illustrates the percent of each expenditure category in the Superintendent's Recommended Budget:

The Budget Process and How You Can Participate

There are many ways that Frederick County residents can participate in reviewing and providing feedback regarding the school system's requested budget.

Overview of the Budget Process

Preparing the FCPS operating budget is virtually a year-round process. Each fall, school system staff members begin discussing priorities, and managers begin to compile budget requests for the next fiscal year. Supervisors review and adjust the preliminary requests. Requests are submitted to the school system's Budget Office and are reviewed by the Superintendent and other officials. After careful consideration and extensive public engagement opportunities, the Superintendent submits a recommended budget to the Board of Education (BOE) in January.

The BOE holds a public hearing and work sessions, then submits a budget request to the Board of County Commissioners (BOCC) in March. The BOE may amend its budget request, and the BOCC may consider the amendments before the final budget is approved.

The BOCC holds a public hearing on its operating budget in May. Additional BOE meetings may be held during the latter part of the BOCC's budget review process to respond to last-minute budget issues.

The BOCC approves its county budget in early June, and the BOE adopts the detailed school system budget by July 1.

Public Meetings and Budget Timeline

FCPS encourages the public to attend hearings and to provide written and/or oral testimony. The FY15 process has included or will include:

- BOE Public Engagement Opportunities—October 10 and 24
- BOE Budget discussion with Invited Business and Community Leaders—November 12
- Twitter Chat—December 4
- Superintendent's Community Night Town Hall meetings to hear the community's budget priorities—December 3 and 11
- Superintendent's Teleconference—December 17
- Governor releases recommended state budget—January 15
- Superintendent holds Building Frederick's Future event to present recommended budget and continue to learn community priorities—January 9
- Superintendent presents recommended budget to BOE—January 22

- BOE holds public hearing on FY15 Operating Budget—February 5, 7 PM, Oakdale High
- BOE discusses operating budget—February 12 regular meeting
- BOE adopts budget request—February 26
- BOE submits budget request to BOCC—March 1
- BOCC holds public hearing on FCPS Operating Budget appropriation—May 6, 6 PM, Oakdale High
- BOE adopts final budget—June 11
- BOE forwards adopted budget to BOCC—June 13
- FY15 Operating Budget effective—July 1

Submitting Comments and Testimony

The Superintendent and BOE welcome public feedback. The names are listed on the inside cover of this document.

Speak at the BOCC Public Hearing:

Board of County Commissioners
Tuesday, May 6, 6 PM
 Oakdale High
 5850 Eaglehead Dr., Ijamsville

Other Ways to Participate

The Board has made a concerted effort to engage the public in this year's budget process. This has included presence at numerous school and community events as well as Community Night Town Hall meetings. Building Frederick's Future public engagement has also has included:

Facebook: FCPSMaryland

Twitter chats @FCPSMaryland #FCPSpromise

YouTube PSAs at youtube.com/user/FCPSMaryland

A dedicated email address for public feedback
ThePromise@fcps.org

A special Web section at www.fcps.org

An FCPS smart phone app, available from www.fcps.org

FindOutFirst factoids and news releases

Postcards and feedback cards

All public engagement factored into the Superintendent's final budget recommendation to the Board of Education and the Board's requested operating budget.
