Improve Baseball Fields at South Terrace	11.27% 8	52.11% 37	18.31% 13	18.31% 13	71	2.56
Reconstruct Tennis Courts	7.14% 5	42.86% 30	28.57% 20	21.43% 15	70	2.36

Carlton April 5 Engagement Meetings - Survey

Q2 What advice do you have for the school board as members make a decision about addressing facilities needs?

Answered: 59 Skipped: 29

#	Responses	Date
1	We want a separate auditorium.	4/15/2017 3:28 PM
2	Put in all the rooms that give opportunity to have a full academic slate and the extra activities that kids so strangely want for their school participation in athletic, drama, etc. things that mingle them with the public which is made up of family, local residents, and all of them to gain some exposure to the general public.	4/15/2017 3:28 PM
3	Disregard consolidation talks with Wrenshall.	4/15/2017 3:26 PM
4	More forward w/ the 2 question approach. Forget about consolidation. Respondent noted by the "Replace Bleacher"- "Not sure they are needed most people just stand, but maybe we need some."	4/15/2017 3:26 PM
5	I can not get it out of my mind why 2 towns this close can not work together for the good of the kids! Both school spending millions is silly - If it must be in Wrenshall - Great - its a town near - it needs the building for the town not dying. Board member number, school name, etc. is like little kids fighting over candy. Do it for the kids.	4/15/2017 3:24 PM
6	1 & 2 seems to be a very poor choice if we plan remaining viable.	4/15/2017 3:24 PM
7	Seek bonding from state. Grants. Consolidate.	4/15/2017 3:23 PM
8	Revisit consolidation - work out differences. The referendum should be to consolidate or not consolidate.	4/15/2017 3:23 PM
9	Go back to the table with Wrenshall School Board and find a way to consolidate!! Their board put forward a formal resolution that they ARE willing to consolidate with two options! The property tax payers should have the option to vote on consolidation. We don't have an extra \$500-\$600 per year to spend on taxes for the next 20 years!	4/15/2017 3:22 PM
10	I think Wrenshall school prefers to keep their own identity. They also have a lot of transfer students. Would like to try to work on consolidation with Wrenshall again with H school in Wrenshall. But a new school would be very beneficial to the students and community. Would like the auditorium as it's a good addition and could be used for community and other events. Option 3 with the auditorium built at same time as construction and labor - costs will be much higher at a later time.	4/15/2017 3:22 PM
11	Work more on Consolidation with Wrenshall.	4/15/2017 3:20 PM
12	An auditorium could generate a little income if rented out. A nice asset for a minimal increase.	4/15/2017 3:20 PM
13	All the taxes coming into play will be daunting for both Carlton & Twin Lakes. -School, Water Treatment Plant & Lines (New H2O), Twin Lakes Town Hall, School, County Transportation Bldg, County School purchase & remodel, Embridge Lawsuit	4/15/2017 3:19 PM
14	Wait until April 18 in Wrenshall and continue to talk referendum.	4/15/2017 3:18 PM
15	We need viable options for consolidation with Wrenshall to take advantage of state funding, etc.	4/15/2017 3:17 PM
16	What would bare bones look like. Respondent noted by Auditorium option "Never had one before" and next to the Tennis Courts "Not seen them used".	4/15/2017 3:16 PM
17	I feel it is unacceptable to move forward with any plan for new facilities or upgrading existing school buildings. The state determined a few years ago the consolidation with Wrenshall was the best option. Either school board members should make that happen or we should vote in new board members!!! To say consolidation can't be accomplished is simply that the boards are unwilling to compromise.	4/15/2017 3:16 PM
18	It is time to go to the resident of Carlton School Dist and ask them to consolidation with Wren and even if Wren doesn't have a vote they will know your (ready for it)	4/15/2017 3:15 PM
19	MERGE WITH WRENSHALL! This is the only way I would support a tax increase. \$951 more per year is way too much.	4/15/2017 3:15 PM
20	* Consolidation -	4/15/2017 3:14 PM
21	Carlton & Wrenshall should get with the program & consolidate!! Then discuss about what could make a better school for both districts.	4/15/2017 3:13 PM

Carlton April 5 Engagement Meetings - Survey

22	Our taxes will increase from \$800-per year to \$1,000 \$12,000 - We retired and are on a fixed income. Those people who are against consolidation could pay our share of the taxes. Everything is changing in many ways and to hang onto the 'old days' is not very smart. Our 5 kids graduated from Carlton a lot of years ago- let's move on - consolidate - it seems that the athletics are what's the big deal - more on education.	4/15/2017 3:12 PM
23	Nothing should be entertained until the litigation with Enbridge is resolved. 5.2 million passed on to all tax payers costs how much to each homeowner/property owner. Also, cost of sewage plant needs to be planned out. 40.42% increase to homeowners is RIDICULOUS!. This costs me \$12.00/day to stay in my own home! I am goin to be taxed out of my own home. Let's get real! Think about fixed income people!	4/15/2017 3:11 PM
24	or, Carlton & Wrenshal should get together and act like Adults.	4/15/2017 3:11 PM
25	I believe it is time for the school board to put on their big boy pants and deal with consolidation.	4/15/2017 3:10 PM
26	Close the Carlton High School focus on K-6 or K-8 and Let the 100-150 High School students go to another school in the area. Respondent did not fill out the survey section but noted that the following did not need to be done: Repair H.S., High School addition to South Terrace Site, Build Auditorium as Part of a High School Addition, Upgrade track, Replace football field lights, replace football field bleachers. Improve baseball field at South Terrace and reconstruct tennis courts were label as "maybe"	4/15/2017 3:09 PM
27	Consolidate or dissolve. We have 7 public schools districts, one tribal school and 1 parochial school in a rural county with 36,000 residents. If you cannot negotiate with Wrenshall then hire a professional mediator.	4/12/2017 7:16 PM
28	Look at all options. Carlton class sizes are too small. Speaking as a parent of two successful Carlton graduates currently in college. A new building will not change that. You will gain students unless you can solve the jobs and economics of northeastern MN. the whole area population is aging but declining in numbers. Schools will not solve that problem. Respondent wrote in a 4th option to "Dissolve - yes pay taxes to another district but not anywhere near the increase of building."	4/10/2017 10:51 PM
29	Try to keep talking to Wrenshall and find an agreement. Make repairs overtime to existing Buildings to keep on improving them as money comes in for repairs.	4/10/2017 10:47 PM
30	-Continue to consider other options as the numbers do not constitute the dollars	4/10/2017 10:46 PM
31	Kids...	4/10/2017 10:42 PM
32	Stay transparent about all costs and tax impacts. What would happen if we closed the H.S. and kept the Elem. open? -Due to smaller class sizes as the kids get older. -After a certain grade you transfer to a diff. school -Why would the vote itself cost so much.	4/10/2017 10:42 PM
33	There are good fields @ Chub Lake. The South Terrace field is always flooded.	4/10/2017 10:40 PM
34	Listen to the Recommendation of the Facility Committee.	4/10/2017 10:38 PM
35	Let's focus more on student needs than taxpayer fears if it come down to that.	4/10/2017 10:38 PM
36	It is time - Great Building design examples - I wonder if spaces are too generic for student use or if drawings were prepared for this meeting. Example: Early childhood - kindergarten spaces no restrooms. special education spaces - no de-escalation spaces - personal care - motor spaces. Related services office space? Intervention spaces for specialists	4/10/2017 10:37 PM
37	It is time to move forward!	4/10/2017 10:34 PM
38	It is our time to move forward for our kids for the Carlton Community.	4/10/2017 10:33 PM
39	Consolidation should & can still be an option. We should be able to vote on this option. Keeping consolidation off the ballot is a misuse of public funds.	4/10/2017 10:32 PM
40	Questions needs to be put to Carlton district taxpayers about maintaining the district!! Respondent noted at top of sheet: "My vote here is only if voters decide district should remain as a district and not dissolve."	4/10/2017 10:30 PM
41	-Make it clearer how programming & teachers will also be a district commitment. -Has anyone asked the students directly what a school should include? Give them a voice.	4/10/2017 10:28 PM
42	Continue moving forward - do not consider any consolidation conversation.	4/10/2017 10:26 PM
43	If you build it, they will come.	4/10/2017 10:26 PM
44	Do nothing is not an option, and to keep fix & repair has to end sometime. Your only putting off the inevitable! Pay now or pay a lot more later!	4/10/2017 10:24 PM
45	Think about the future of the students, young families & showing we are invested in our community.	4/10/2017 10:23 PM

Carlton April 5 Engagement Meetings - Survey

46	Look at what other communities are charging for tax base per household. don't want to be too expensive and keep Carlton from growing and expanding.	4/10/2017 10:21 PM
47	Close the Carlton High School 9-12 for sure maybe 6-12. Redraw the district to splitup the H.S. students to other districts. Carlton cannot support a H.S. with <40 students graduating every year. Respondent circled numerous items to not implement but did not mark any boxes.	4/10/2017 10:20 PM
48	I feel we need to do this with someone else close open inrolement.	4/10/2017 10:16 PM
49	Try to get the most bang for your (our) buck!! Spend wisely.	4/10/2017 10:15 PM
50	Remember to consult the staff who will occupy the space. We know our needs but some staff asked if they were being heard when we have talked. (Staff info suggestions were seft at S.T (from post it notes) when presentations were made on the inservice day. Some felt they were not being heard.)	4/10/2017 10:14 PM
51	Difference in taxes from the \$24.5 million to the \$29.3 million?	4/10/2017 10:11 PM
52	Keep having mtgs keep public informed.	4/10/2017 10:10 PM
53	Make it big enough. There's no point in building a new school that is too small for what we need.	4/10/2017 10:09 PM
54	Referendum Ask Public	4/10/2017 10:08 PM
55	Consider most athletic facilities be designed to accommodate community recreational and -??????spaces. Community Recreation Center.	4/10/2017 10:08 PM
56	Listen to your community advisory committee.	4/10/2017 10:05 PM
57	Close, send kids to Cloquet, Esko, Wrenshall & Barnum	4/10/2017 10:05 PM
58	Please consider all input from the community members young/old alike-	4/10/2017 10:04 PM
59	Let the tax payers vote on consolidation.	4/10/2017 10:03 PM
