Riviera Elementary School is dedicated to fostering a safe, positive and respectful school culture where every student’s academic, behavioral and social success are equally important.

Riviera staff has worked collaboratively to update and improve our Positive Behavioral Intervention and Support (PBIS) system on campus. Creating school wide behavioral expectations, modeling and teaching students what is expected on campus and in the

classroom, reinforcing and supporting student behavior with interventions and supports will support each student's academic and behavioral success.

A special thank you to Mrs. Rojas, Mrs. Matsubara and Mrs. Campbell (PBIS Committee) for attending three years of PBIS training at LA County Office Of Education and for leading and training the Riviera staff.
