

How to Apply for an Inter District Permit to attend Torrance Unified School District

Even if you don't live in TUSD boundaries you can apply for a permit to attend TUSD pending space availability.

Keep in mind that applying for a permit is a two step process and may take some time. So start as early as possible.

- Step 1. Get released from your district of Residence
- Step 2. Apply to TUSD schools (you maybe notified anytime between March- August, depending on which schools you choose to apply, & space availability)

Once you are accepted to a TUSD school then you can enroll!

Things to Remember:

- ✓ Permit applications are accepted beginning in March for the following school year but there is no end date!
 - **Future term requests:** Complete Permit Applications received up to 15 calendar days before the start of the school year are considered future term requests. Notification of acceptance or denial will be provided as soon as possible, but no later than 14 calendar days after the beginning of instruction for TUSD's school year.
 - **Current year requests:** Complete Permit Applications received 15 calendar days before the start of the TUSD school year or anytime there after are considered current year requests. Notification of acceptance or denial will be provided within 30 calendar days from the date the request was received.
- ✓ TUSD cannot accept a permit application until you have a release from your district of residence.
- ✓ Even if your child has never attended the district that you live in you still need a release from the district of residence.
- ✓ If your school district of residence denies your permit release, you can still appeal this decision!
 - Appeals are filed with the LA County Office of Education (LACOE)
 - For more information about the appeal process you can contact LACOE at:

- ✓ Acceptance of permits is not on a first come first serve basis and is based on, but not limited to space availability, grades, attendance, and/or behavior.
