## MINUTES CHALLENGE TIMELINE

**Tracking Starts: Monday, November 2, 2020**

**Tracking Ends: Friday, December 11, 2020**

**Program Results Due: Friday, December 18, 2020**

## READ TO ACHIEVE - MINUTES CHALLENGE

The LA Clippers challenge students in elementary and middle schools to take time out to read. Each participating student is asked to track the number of minutes they spend reading during the 6-week program.

## READ TO ACHIEVE PARTICIPATION

Coordinators are asked to submit the total number of classes and students from their school participating in the Read to Achieve Program. Once your school is registered you will have a choice for how your students will track the number of minutes they read during the 6-week program.

Complete information for both methods will be sent to the coordinators and teachers after registration.

Your students can track their minutes by:

- Tracking online using an online platform. Parents will be able to register their child under their school and will count towards the school's total number of minutes read at the end of the program.

**OR**

- Paper tracking sheets printed by each teacher or student from a digital copy sent to your school. Teachers will collect the total number of minutes read for their classroom and will report the totals for their school through an online platform.
