

Edison Cares Project - Spread Kindness and Joy

We wanted to thank our Front Line Workers such as doctors, nurses, and hospital staff who are working with Covid patients at Torrance Memorial Hospital. We want to lift their spirits and let them know we value their work.

We are asking for thank you notes with a colored picture. This is a physical card that you can make and turn into the office by Feb. 10, 2021.

Recommendations:

- 1) You can use the full sheet or fold it in half. 8.5 x 11" full size paper or fold it in half 8.5" x 5.5".
- 2) This can be copy paper or if you have something heavier like an index card or construction paper is fine.
- 3) This can be on colored paper or white paper
- 4) Please write a simple message (below is a word bank for ideas)
- 5) Please USE COLORS and draw a picture. It's Valentine's Day coming up so a heart theme would be cool.

WORD BANK (ideas):

Appreciate
Thank you
Hard work
Tireless effort
Helping people
Taking care of
Patients
Making a difference
Our community
For being brave and courageous
True hero
Deeply grateful
