## TRAVEL

### RESTRICTIONS

Did you travel outside of California over spring break? You must Quarantine. Contact your child's teacher for a work packet. Giving your child's teacher as much notice to pull the work together is needed! Thank you.

LESS THAN 6 feet from  
COVID-positive person

For 15 Minutes OR MORE

### "CLOSE CONTACT"?

With the case rates dropping dramatically in LA County, the Department of Public Health has updated the definition of a close contact. Previously, if a student were to test positive in a classroom, the entire class would shift to virtual learning and quarantine at home. NOW, if a student is to test positive in a classroom, ONLY "close contacts" of that child/ staff member will be notified (not the entire class). Only the identified student(s) will stay home to quarantine. This new definition will reduce the number who need to quarantine to ONLY those identified.

\*\* CLOSE CONTACT is defined as:

Being within 6 feet for >15 consecutive minutes in a 24-hour period with a potentially infected individual or direct contact with bodily fluids/secretions from a potentially infected individual. **Parents: We need your help!** We need to ensure students maintain their distance from other Superstars and do not increase their 15 minute exposure (if

applicable). Please, at pick up time at the end of the school day, please monitor your child to maintain social distancing.

Teachers are able to provide students with study packets to complete during their time of quarantine.
