

CTE Pathways at Torrance High School

CTE Pathway Programs

Students in a Career Technical Education (CTE) pathway program take a specialized sequence of courses, a pathway, which provides rigorous academic and technical knowledge and skills aligned with a specific career focus. CTE pathways range from 2 to 4 years in length and culminate in a capstone level course. Courses within the same CTE pathway are designed to be taken in sequential order to ensure the development of knowledge and skills over time. (<https://careertech.org>)

CTE Pathways at THS

Torrance High School (THS) offers 5 CTE pathway programs across 5 industry sectors.
