

Math-A-Thon

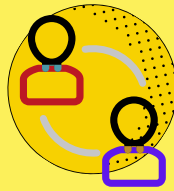

2021

Help raise \$15,000 for Edison!

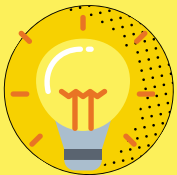

WHAT IS MATH-A-THON?

It is an educational FUNdraiser! Students will receive a set of grade appropriate multiple choice math questions (K&1st grades=20 questions, 2nd & 3rd grades=35 questions. 4th & 5th grades=50 questions) and they will answer them within the given time frame.

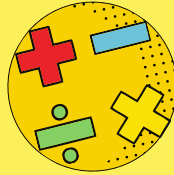

HOW DOES IT WORK?

Sponsors pledge a flat donation or an amount of money for each math questions they answer correctly in the Math-A-Thon. Use the pledge form sent home to collect pledges or collect pledges online.

WHY HAVE A MATH-A-THON?

An educational FUNdraiser encourages our students to learn and to help raise funds. Donations raised are used to pay for field trips, teacher classroom allocations, assemblies, copier expenses, school beautification projects, family nights and enrichment activities, etc. and to name a few.

WHEN IS MATH-A-THON?

Math-A-Thon will take place on **FRIDAY APRIL 30TH**, during their school hour. Each class will have an assigned time to participate in Math-A-Thon.

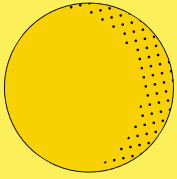

THANK YOU FOR YOUR SUPPORT!
