

## West High School Summer Reading 2022

The WHS Summer Reading program seeks to foster a love for and enjoyment of reading; one that promotes an informed and engaged society of life-long readers and critical thinkers. Through the building of a community where students, staff, and community members connect with one another in a shared reading and discussion, we hope to not only make reading more enriching, but an active, intentional activity that brings our diverse viewpoints together. We hope to encourage expression of individual voices and through that, to promote a broadening of perspectives as well as a nurturing of empathy towards others.
