2023-24 School Accountability Report Card

Published January 2025

Principal's Message

I'd like to welcome you to Lincoln Elementary School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Lincoln Elementary School provides a warm, stimulating environment where students are actively involved in learning academics as well as positive values. Students received a standards-based, challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency.

We have made a commitment to provide the best educational program possible for Lincoln Elementary School's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

Mission

Lincoln Elementary is committed to providing its students a rigorous and relevant education within a safe, positive and productive school environment. We believe that all students can reach their highest potential through active learning, meaningful relationships and where equal importance is placed upon their academic and social-emotional success.

Physical Fitness

In the spring of each year, Lincoln Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf.

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Lincoln Elementary School's original facilities were built in 1958; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

2023-24 Campus Improvements:
• Repaint exterior of campus
• Restripe parking lot
• Emergency notification system
• Remove sand in TK/Kinder playground and replace with wood chips
• Installation of shade structure with artificial turf
• Installation of HVAC thermostats in classrooms

2024-25 Planned Campus Improvements:
• Field rehabilitation and new irrigation

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Lincoln Elementary School. The day custodian is responsible for:

• Cafeteria setup/cleanup
• General maintenance
• Restroom cleaning
• Trash removal
• Event setup/cleanup

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

• Classroom cleaning
• Office area cleaning
• Restroom cleaning
• Event setup/cleanup

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Lincoln Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2023-24 school year, Lincoln Elementary School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects Lincoln Elementary School on an annual basis in accordance with Education Code §17592.72(c)(1). Lincoln Elementary School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Tuesday, November 12, 2024. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2024-25, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, teachers and the student supervision assistant are strategically assigned to designated entrance areas and the playground. During recess, teachers and student supervision assistants monitor playground activity. Student supervision assistants monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, teachers monitor student behavior to ensure a safe and orderly departure.

Lincoln Elementary School is a closed campus. During school hours, all visitors must be buzzed in at the front school entry gate where office staff can monitor who is at the gate. They must also present state issued ID to be scanned through the Raptor security system and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Lincoln Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in February 2024.

Classroom Environment

Discipline & Climate for Learning

Lincoln Elementary School's discipline policies are based upon Positive Behavior Intervention and Supports (PBIS), a multi-tiered approach to social, emotional and behavior support. This schoolwide positive behavior management plan is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Chronic Absenteeism

The following chart identifies the chronic absenteeism rates by student group for Lincoln Elementary School for the 2023-24 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Lincoln Elementary School revolve around the California State Content Standards and Frameworks. During the 2023-24 school year, Lincoln Elementary School held staff development training devoted to:

- Guided Reading
- English Language Learners (ELL)
- Integration of Technology into Daily Instruction
- Positive Behavioral Interventions & Supports (PBIS)
- Improving Best First Instruction
- Diversity, Equity, Inclusion & Access
- Trauma Informed Skills for Educators (TISE)
- Quality Teaching for English Learners (QTEL)
- GATE Training
- Stop the Bleed & First Aid Training
- Digital Citizenship
- i-Ready Training
- Schoology
- CAASPP & CAST Exam Training

Decisions concerning selection of staff development activities are performed by all staff using tools such as state assessment results and districtwide teacher input to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Instructional Materials

All textbooks used in the core curriculum at Lincoln Elementary School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Monday, September 16, 2024, the Torrance Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted a resolution which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2024-25 school year, Torrance Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.
