Principal's Message

West High School currently has a population of 1,779 students. West High is located in the city of Torrance, welcoming students from the West Torrance area and surrounding communities. Over the past four years, West High has seen significant and continuous student achievement. West High received the 2022 California Pivotal Practice Award, 1984 National Blue Ribbon School, a 2015 California Gold Ribbon School, a 1984, 1994, 1999, 2005, 2013, and 2019 California Distinguished School, and a 2019 California Exemplary Program in Arts Education School. West High's Professional Learning Community leads the way for a strong Multi-Tiered System of Supports framework and model which includes a bell schedule to accommodate two "Warrior Workshop" tutorial periods per week to support student intervention, curricular extension and enrichment. West High believes all students can learn to their highest potential. This belief takes the emphasis beyond grade level proficiency to encompass mastery, advancement of rigorous curriculum, and college and career readiness for all students.

West High is an integral part of our Torrance community and is committed to setting and achieving high expectations and goals. The West High team recognizes the importance of a strong and enriching high school experience, not taking lightly the responsibility in ensuring our students experience a highly-engaging, rich educational experience in a safe and nurturing environment. The West High School educators prepare our students for the future, to be college and career ready. As educators we have an obligation to prepare our students today for the jobs and careers of their tomorrow, and to be competitive in a globally active society. Signature practices are in place to ensure student success in California's Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and the History/Social Studies Framework, while using technology as the platform to enhance student learning. Teachers implement unit design practices of product, purpose, perspectives, and process which incorporate the five processes of critical reading, modeling, talk, inquiry and syntheses. Together with the full implementation of Common Core State Standards and setting cross-curricular goals, West High has effectively increased the curricular rigor and supported students in researched best-practices to reach academic success. West High is committed to developing life-long learners across the school community through the continued fostering of collaborative and innovative teaching practices with scheduled weekly Professional Learning Community collaboration, release days for staff development and vertical and interdisciplinary planning and articulation.

Go Warriors!

Vision

A school where every student is empowered to be a Warrior -- Creativity Character Resilience

Our vision emphasizes the responsibility of every staff member to empower every student to demonstrate these Warrior values. In order to fulfill this vision, we are committed to the following mission.

Mission

"Warriors create a collaborative community where all students engage in a caring and rigorous learning environment to acquire essential skills and maximize their potential to become effective contributors to society." This statement charges the West High School community to ensure learning is meaningful and enriching so that students develop a dynamic curiosity about the world around them. We accomplish this mission by fostering students' best efforts at self-expression and using their unique talents. Concurrently we develop critical thinking and creative problem solving to help students become enthusiastic members of a diverse and collaborative society.

Physical Fitness

In the spring of each year, West High School is required by the state to administer a physical fitness test to all students in grade nine. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf.

Physical Fitness Test % of Students Participating in each of the Five Fitness Components 2023-24					
Grade	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
9	94.7%	94.9%	94.4%	94.7%	94.9%

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative

Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

CAASPP Test Results in ELA and Mathematics - All Students						
	Percent of Students Meeting or Exceeding State Standards					
	School		District		State	
	22-23	23-24	22-23	23-24	22-23	23-24
English-Language Arts/Literacy (grades 3-8 and 11)	78.0	74.0	67.0	66.0	46.0	47.0

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or fewer, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who receive scores.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning (Basic Services) – State Priority 1: Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair. Covered in *Teacher Preparation and Placement*, including the Teacher Credentials & Misassignments chart; *Instructional Materials*, including the Textbooks chart; and *School Facilities & Maintenance*, including the Campus Description and School Facility Good Repair Status charts.

Conditions of Learning (Implementation of State Standards) – State Priority 2: Implementation of academic content and performance standards adopted by the state board for all pupils. Not covered in the School Accountability Report Card.

Parental Involvement – State Priority 3: Efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. Covered in *Parent Involvement*.

Pupil Achievement – State Priority 4: Performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with a 3 or higher, and share of pupils determined prepared for college by the Early Assessment Program. Covered in *California Assessment of Student Performance and Progress*, including the CAASPP charts.

Engagement (Pupil Engagement) – State Priority 5: School attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, and high school graduation rates. Covered in *Dropout & Graduation Rates*, including the Dropout chart; and *Graduation Requirements*, including the Graduation Rate chart for high schools only.

School Climate – State Priority 6: Pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, and parents and teachers on the sense of safety and school connectedness. Covered in *Discipline & Climate for Learning*, including Suspension & Expulsion chart; and *School Site Safety Plan*.

Conditions of Learning (Course Access) – State Priority 7: Pupil enrollment in a broad course of study that includes all of the subject areas. Not covered in the School Accountability Report Card.

Other Pupil Outcomes – State Priority 8: Pupil outcomes in the subject areas. Covered in *Physical Fitness*, including the Physical Fitness Test chart.

Parent Involvement

Parents are encouraged to be involved in their student's education and learning environment at West High either by volunteering, participating in a decision-making group and /or attending school events and functions.

Parents stay informed on upcoming events and school activities through the school website, weekly principal videos and emails, weekly student newsletter, the TUSD Newsletter, Naviance email system, School Messenger, and social media school accounts.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. West High School's original facilities were built in 1961; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. In the last 12 months, the following improvements have been completed:

2023-24 Campus Improvements:

- Upgrades to emergency notification system

- IT network replacement
- Replace stadium Musco fixture with LED
- Asphalt repairs
- New lighting
- Improvements to buildings 4 & 5 serving kitchen

2023-24 Planned Campus Improvements:

- Varsity field renovation containers and bleachers
- Building 3 reflective window tint
- Solar shade structures and battery storage
- Woodshop dust collector replacement
- Installation of large flat panel TV's in each cafeteria, the lobby, and the counseling office to scroll announcement information

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and eight evening custodians are assigned to West High School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Event setup/cleanup
- General maintenance
- Restroom cleaning
- Trash removal

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classroom cleaning
- Event setup/cleanup
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

West High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2023-24 school year, West High School did not qualify to receive deferred maintenance funds for campus repairs and/or improvements.

Facilities Inspection

The district's maintenance department inspects West High School on an annual basis in accordance with Education Code §17592.72(c)(1). West High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Monday, November 18, 2024. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2024-25, all restrooms were fully functional and available for student use at the time of the inspection.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, all administrators and campus security patrol the campus, entrance areas, and designated common areas. All administrators and campus security monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, all administrators and campus security monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner. The School Resource Officer assists to monitor student activities when available on campus throughout the day.

West High School is a closed campus. During school hours, all visitors must be buzzed in at the front school entry gate where office staff can monitor who is at the gate. They must also show their state issued identification at the school's office to be scanned through the Raptor system and wear the printed identification sticker while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for West High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in Fall 2024.

Classroom Environment

Discipline & Climate for Learning

West High School's discipline policies are based upon proactive and progressive discipline utilizing restorative justice practices to ensure a multi-tiered approach to social, emotional and behavior support and learning. This schoolwide approach to behavior management is used as a guide to develop school rules and expectations, develop social-emotional programs, and promote responsibility and respect, while minimizing disruptions to build social responsibility, connectedness, school community and pride. Behavior intervention is guided and maintained by school administrators in a fair and consistent manner based upon the nature of each situation.

Pupil Engagement

Dropout & Graduation Rates

West High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include Response to Intervention (RtI), credit recovery (online and summer), Multi-Tiered Systems of Supports (MTSS), essential core classes, school connectedness activities, restorative justice practices, independent study, and summer school. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Chronic Absenteeism

The following chart identifies the chronic absenteeism rates by student group for West High School for the 2023-24 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Curriculum & Instruction

Staff Development

All training and curriculum development activities at West High School revolve around the California State Content Standards and Frameworks. During the 2023-24 school year, West High School held staff development training devoted to:

- Professional Learning Communities (PLCs)
- Strategy Implementation Guide (Amplify Your Impact)
- Trauma Informed Skills for Educators (TISE)

Decisions concerning selection of staff development activities are performed by all staff using tools such as state assessment results, districtwide teacher input, and site PLC data to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. West High School supports ongoing professional growth throughout the year at weekly site PLC meetings on late start days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

During the 2022-23, 2023-24, and 2024-25 school years, West High School's teachers had the opportunity to attend the following events hosted by the Torrance Unified School District:

2022-23 Trainings:

- PLC Institute
- The Summit on RtI at Work
- Best First Instruction
- CGI Math - Building Thinking Classrooms
- Math - Unpacking Essentials and Alignment
- Writing - Unpacking Essentials and Writing

2023-24 Trainings:

- Best First Instruction
- CGI Math
- Math essential Standards
- Writing - Unpacking Essentials and Writing
- Writer's Workshop
- i-Ready Implementation
- Quality Teaching for English Learners (QTEL) Strategies
- Trauma Informed Skills for Educators (TISE) Training
- Literacy Strategies

2024-25 Trainings:

- Departmental Training (Math, English, Science, Social Studies, SPED, ELD, Fine Arts)
- Building Thinking Classrooms
- ELA/Equity Training

West High School's teachers also had the opportunity to attend supplemental professional development offered by the Torrance Unified School District relating to the following:

- Math Practices
- D3 Training (English & Social Studies - Reading/Writing Strategies)
- Departmental Training (Math, English, Science, Social Studies, SPED, ELD, Fine Arts, Ethnic Studies)

West High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at West High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Education. The district follows the State Board of Education's eight-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Monday, September 16, 2024, the Torrance Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted a resolution which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2024-25 school year, Torrance Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The adjacent table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes).

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the [University of California Website](http://www.universityofcalifornia.edu/admissions/general.html) at <http://www.universityofcalifornia.edu/admissions/general.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular

majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University Website at <http://www.calstate.edu/admission/>.

Advanced Placement

In 2023-24, West High School offered advanced placement courses for those students seeking to qualify for college credit. Sophomores, juniors, and seniors achieving a score of three, four, or five on the final AP exams qualify for college credit at most of the nation's colleges.

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. During their freshman year, students meet with the counselor to discuss their four-year academic plan and are introduced to West High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. West High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Regional Occupational Programs
- CTE Courses

Individual student assessment of work readiness skills takes place through:

- End of course exams
- Completion of course-required projects
- Classroom observation

Work experience students are partnered with local employers that provide on-the-job training and mentoring for students 16 years of age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Regional Occupational Programs (ROP) are offered in partnership with the Southern California Regional Occupational Center (SCROC). A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education.

During the 2023-24 school year, West High School offered the following career technical education programs as elective courses:

- Introduction to Business
- Accounting 1 & 2
- Anatomy and Physiology Honors
- Emergency Medical Response
- Foods and Nutrition 1 & 2
- Personal Family Management
- AP Computer Science Principles
- PLTW Computer Science Principles
- PLTW Computer Science
- PLTW Intro to Engineering & Design
- PLTW Principles of Engineering
- PLTW Engineering Design & Development
- Theatre - Beginning, Intermediate & Advanced
- Video Production
- Wood 1 & 2
- Vocational Cabinetry & Millwork
- Design & Architecture
- Advanced Design & Architecture

Workforce Preparation Courses (SoCal ROC)

- CAD (Basic)
- 3D Character Design and Animation
- Adobe Photoshop/Graphic Design, Photo & Image Manipulation
- Adobe Illustrator/Vector Graphic Art/Illustrations/Print Graphics
- Emergency Medical First Responder
- Intro to Animal Careers
- Principles of Clinical Medical Assisting

West High School receives funds from the Carl D. Perkins Vocational and Technical Education Act (Perkins). This grant enables West High School to provide its students with the academic and technical skills needed to succeed in a knowledge- and skills-based economy and helps provide programs that prepare students for both postsecondary education and the careers of their choice. CTE table in this report shows the total number of students participating in the district's CTE courses and regional occupational programs and program completion rates. For more information on career technical programs, ROP, workability, partnership academies, and work experience, contact the counselor or visit the state's career technical website at <http://www.cde.ca.gov/ci/ct/>.

Professional Staff

Counseling & Support Staff

West High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to West High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Teacher Preparation and Placement

The charts below identify the number of teachers at West High School, Torrance Unified School District and the State who are 1) fully credentialed; 2) intern credential holders who are properly assigned; 3) teachers without credentials and misassignments; and 4) credentialed teachers who are assigned out-of-field under ESSA.

The charts also report West High School information related to 1) the number of teachers on permits and waivers; 2) the number misassigned; 3) the number of vacant positions; 4) the number of credentialed teachers authorized on a permit or waiver; 5) the number of local assignment options; 6) the percent of misassignments for English Learners; and 7) the percent with no credential, permit or authorization to teach.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2022-23 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2022-23 school year, Torrance Unified School District spent an average of \$14,649 of total general funds to educate each student (based on 2022-23 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Torrance Unified School District receives state and federal categorical funding for special programs. For the 2022-23 school year, the district received categorical, special education, and support programs funds for:

- American Rescue Plan - Homeless Children and Youth
- Arts, Music, and Instructional Materials Discretionary Block Grant
- CA Community Schools Partnership Act
- Career and Technical Education Programs
- Career Technical Education Incentive Grant Program
- Child Development

SARC Data

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about West High School and comparisons of the school to the district and the county. DataQuest is a dynamic system that provides reports for school accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.
