TB REQUIREMENTS FOR NEW TK-12 STUDENTS

Visit your healthcare provider

The TB risk assessment can be completed up to one year prior to school entry

Your provider will do a Pediatric TB Risk assessment and, if needed, order a TB skin or blood test and/or chest X-ray.

Your provider will sign and complete a TB Clearance Form or other signed medical record confirming you do not have infectious TB disease.

Give the signed, completed TB Clearance Form or medical record to TUSD Enrollment Center or your assigned school's health office prior to the start of school.

More TB Information can be found at
