3. Student Reports
None present at meeting

4. Superintendent's Advisory Council Report (Angie Wilson)
No report yet because the next meeting is not until next week.
Topic brought up - letter submitted from another school about supporting families impacted by ICE Raids - suggested that School Site take on the issue. Dr. Stowe said it would be put on the Superintendent's Advisory Council Agenda. Parents suggested - parents creating their own social media presence, thought the school district should be a place to support this. Stowe shared a formal statement that was put out by TUSD including resources from LACOE, etc. remarking on safety protocols, response to immigration enforcement, board policy. TUSD statement may not have been requested to be sent from the school site as well as district. May not have been seen by as many people.
Probably more of a district-wide topic as opposed to the School Site Council.
