

# iPad: Camera - Video

Open the camera app

Swipe to choose video

Tap the shutter button  
to begin recording  
Tap again to end recording

Thumbnail of most recent video  
in bottom right corner  
Tap thumbnail to bring up  
camera roll

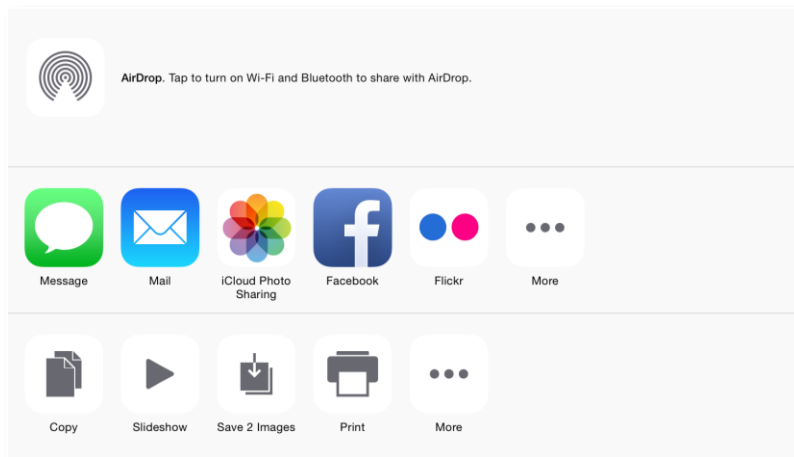

You can also view your videos in the photo app.

Once you have your video on the screen:

You can delete your video by using the trash can  in the bottom right corner.

You can also share your video by tapping the share  button in the bottom left corner. When you do this, you will get several options:

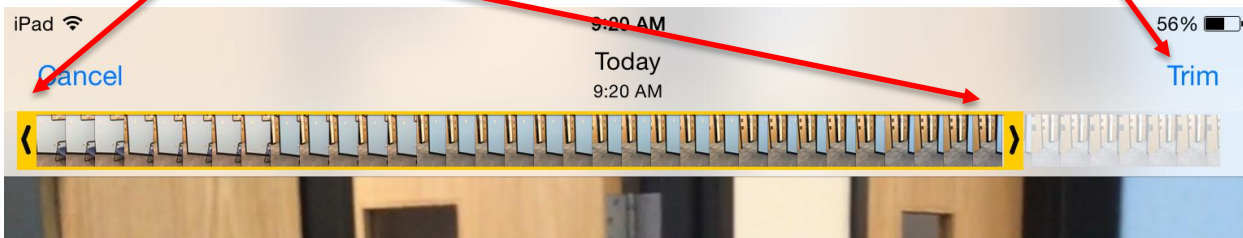

## **EDITING VIDEOS**

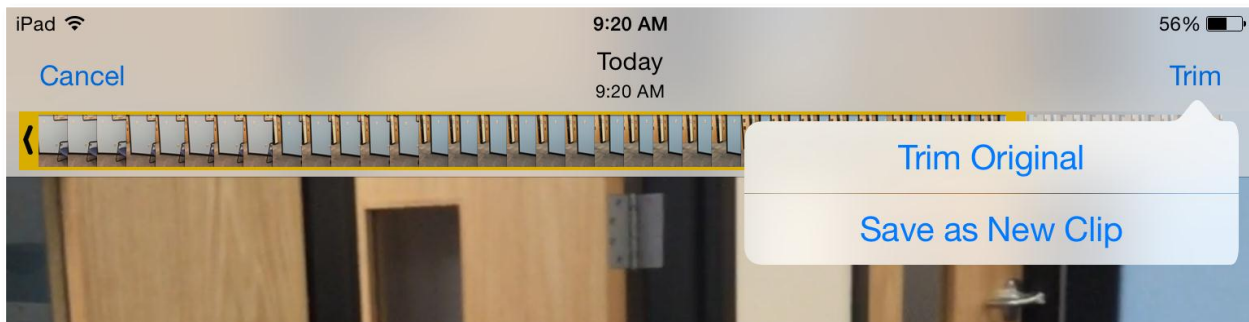

You can do basic editing of videos directly from your camera roll.

Drag beginning and ending markers

Press Trim

- Choose trim original if you want to save changes to the original clip
- Choose Save as New Clip if you want to keep both copies of the clip

## **VIDEO RECORDING TIPS**

Hold in a horizontal orientation – NEVER in PORTRAIT orientation

- Hold your iPad with the home button on the right
- Keep your hands down low
- Don't obstruct the camera button or the microphone
- Have fun!
