

Explorations SLC Strategic Plan

Strategic Objectives

- To ensure the opportunity for all students to regularly investigate their passions during time embedded in our academic day (referred to as iTime)
- To strengthen our community involvement by building our connections with at least 10 contacts to serve as iTime passion-project mentors

Key Performance Measures

- Amount of time regularly allocated during the academic day
- Number of student iTime projects shared during scheduled presentation times
- Feedback provided by students following completion of iTime projects
- Number of passion-project mentors established

Strategic Initiatives

- Establish a Student Voice committee to provide student insight into SLC improvement and iTime development
- Reflect upon introductory year for iTime organization and development
- Refine iTime structure in regard to our own passion-project framework
- Build a means for establishing mentors by promoting our SLC emphasis via social media
