

Dear Seniors/Senior Families-

I want to express my sincere apologies for the premature conclusion of your Senior year at DCHS-you have been an incredible group of young people to work with these last four years, and my staff and I are devastated to announce the cancelation and/or postponement of the events we had planned to celebrate that journey. Taking into consideration the announcement from the Governor last Thursday, we have the following to announce-

A. All course work has concluded for the class of 2020, except those students enrolled in dual credit courses with Ivy Tech or preparing for AP exams

B. All Seniors GPA's will be frozen at the end of their 7th semester and will receive credit for all 8th semester courses for which they are enrolled.

C. All events related to Senior celebrations are canceled-we will try to look for creative avenues to explore for both Commencement and Prom later this summer, but all other events, banquets, or gatherings are canceled for the 2020 School Year.

D. We will make arrangements by SLC for Seniors to complete the "check-out" process, including turning in iPads and equipment, settling fees, or retrieving belongings from the building later this month. Please stay tuned for announcements as we navigate the ever-changing conditions across the state

We are going to work very hard in the coming months to provide some on-line and social media-focused events and celebrations for the Seniors-and welcome input from Seniors and their families, as we do our best in these challenging times.

Stay Safe and, as always, we are Decatur Proud!

Respectfully,  
Mr. Scott DeFreese, Principal  
Decatur Central High School
