If you are using a credit or debit card to pay for school fees or add funds to your student's wallet, you will need to enter the CVV number that's on the back of the card.

FUNDING

Set up your payment method by clicking on **Accounts** and then click on **Add Account**:

- **Electronic check (eCheck)**. The eCheck funding option is always FREE for parents and all school districts working with PushCoin
- **Credit Card (Visa, MasterCard, Discover)**. Parents/guardians will be assessed an additional fee of 1.45% to use credit or debit cards. The district is also charged 1.45% + \$0.25 per credit or debit cards transaction. This fee is charged by a third party card processor (Not PushCoin) and is NOT collected by the School District. The fee will be in addition to the original transaction amount, and you will be able to see the total cost before submitting the transaction.
